CONTEMPORARY ACCOUNTS

Edited by Dimitri Von Mohrenschildt

Russian Revolution Of 1917 Contemporary Accounts

Ian Pickup

Russian Revolution Of 1917 Contemporary Accounts:

The Russian Revolution of 1917, 1971 Contains primary source material **The Russian revolution of 1917: contemporary accounts** Dimitri Sergius Von Mohrenschildt, **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **The Russian Revolution of 1917. Contemporary accounts. [Ed. by] D. von Mohrenschildt**, 1971 *Russia in the Age of Modernisation and Revolution 1881 - 1917* H. Rogger, 2014-07-30 Hans Rogger's study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation the relationship between state and society and its effects on politics economics and class in these critical years *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989 Revolutionary Russia, 1917 John M. Thompson, 1996-10-31 The Russian Revolution of 1917 profoundly affected the recent history of the world Its impact has been felt in every corner of the globe People ideas and events have all been touched by it This thought provoking book not only offers a short clear narrative of what happened in 1917 but also analyzes and discusses the whys of the revolution Within bounds of reasonable speculation the author raises interpretive questions about the events of 1917 in an effort to stimulate the interest and thinking of students Russia, the Roots of Confrontation Robert Vincent Daniels, 1985 This book examines the historical contrasts between East and West and elucidates the Russian enigma It springs from the thesis that Russia's national character and its international relations can be understood only in light of the traumas and triumphs privation and privileges that the country weathered under the tsars and the Soviets **Reading Russian Sources** George Gilbert, 2020-01-20 Reading Russian Sources is an accessible and comprehensive guide that introduces students to the wide range of sources that can be used to engage with Russian history from the early medieval to the late Soviet periods Divided into two parts the book begins by considering approaches that can be taken towards the study of Russian history using primary sources It then moves on to assess both textual and visual sources including memoirs autobiographies journals newspapers art maps film and TV enabling the reader to engage with and make sense of the burgeoning number of different sources and the ways they are used Contributors illuminate key issues in the study of different areas of Russia's history through their analysis of source materials exploring some of the major issues in using different source types and reflecting

recent discoveries that are changing the field In so doing the book orientates students within the broader methodological and conceptual debates that are defining the field and shaping the way Russian history is studied Chronologically wide ranging and supported by further reading along with suggestions to help students guide their own enquiries Reading Russian Sources is the ideal resource for any student undertaking research on Russian history

Bourgeois Liberty and the Politics of Fear Marc Mulholland, 2012-10-04 An examination of state building class conflicts revolutions and fear of revolutions from the English Civil War of the 1640s to the invasion of Iraq in 2003 and the Great Recession from 2003 Sheds new light on key topics and events and offers a fully substantiated argument about the interplay of bourgeois liberty and proletarian democracy

The Russian Revolution Daniel R. Brower, 1979 The Course of Russian History, 5th Edition Melvin C. Wren, Taylor Stults, 2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia's turbulent history

AQA A-level History: Tsarist and Communist Russia 1855-1964 Chris Corin, Terry Fiehn, 2015-07-31 Exam Board AQA Level AS A level Subject History First Teaching September 2015 First Exam June 2016 AQA approved Enhance and expand your students knowledge and understanding of their AQA breadth study through expert narrative progressive skills development and bespoke essays from leading historians on key debates Builds students understanding of the events and issues of the period with authoritative well researched narrative that covers the specification content Introduces the key concepts of change continuity cause and consequence encouraging students to make comparisons across time as they advance through the course Improves students skills in tackling interpretation questions and essay writing by providing clear guidance and practice activities Boosts students interpretative skills and interest in history through extended reading opportunities consisting of specially commissioned essays from practising historians on relevant debates Cements understanding of the broad issues underpinning the period with overviews of the key questions end of chapter summaries and diagrams that double up as handy revision aids

Six Weeks in Russia, 1919 Arthur Ransome, 2012-02-02 But for Swallows and Amazons some of Arthur Ransome's earlier writings would be better known The extraordinary success Ransome achieved as a children's writer

from the 1930s until his death in 1967 perhaps inevitably eclipsed his earlier work but in the case of his two books and pamphlet on the Russian revolutions of 1917 and the tumultuous events that followed that is a great loss it can be said unequivocally that these writings are on a par perhaps even exceeding such classics as John Reed's *Ten Days that Shook the World* Arthur Ransome knew Russia He lived there from 1914 to 1918 almost all the time He taught himself Russian and became a foreign correspondent for the liberal *Daily News* and *Manchester Guardian* More than that he came to know many of the Bolshevik leaders like Lenin Trotsky and Checherin almost as personal friends and indeed married Trotsky's secretary Evgenia Petrovna Shelepina Arthur Ransome as a commentator on the Russian scene at the most convulsive moment in its history is unique Unlike famous visitors like H G Wells though his marvellous book *Russia in the Shadows* shouldn't be overlooked and Bertrand Russell his was no brief journalistic inspection and unlike other reporters such as John Reed Victor Serge and Alfred Rosmer there was no tendentiousness in what he wrote they were convinced revolutionaries Ransome although not unsympathetic to the Bolshevik cause was a more objective recorder *Six Weeks in Russia* *The Crisis in Russia* and the pamphlet *The Truth about Russia* constitute the best contemporary writing about Russia at the time of the Bolshevik takeover They were reissued in the early 1990s with an introduction by Paul Foot which has been retained for the Faber Finds reissue of *Six Weeks in Russia* otherwise they have been out of print since first published

Dear Comrades Vladimir N. Brovkin, 2013-09-01 This presentation of previously unpublished documents from the Hoover Institution Library Archives draws a dramatic picture of the Russian Civil War and the establishment of the Communist dictatorship as witnessed by members of the Russian Social Democratic Workers Party or Mensheviks When the opposing Bolsheviks consolidated their power to emerge as the ruling party of the 1917 revolution the political influence of the Mensheviks was swept away and most were driven to exile in Siberia The historic power struggle that raged as the two parties vied for supremacy in postimperial Russia comes to light through these accounts not official party statements but vivid reports letters and eyewitness testimonies by Mensheviks ordinary citizens from diverse walks of life and different parts of the Soviet Union Together these materials create a mosaic of individual portraits and circumstances that illustrate the conflicts struggles and repression during the period of Soviet politics under Lenin The primary source documents skillfully edited and translated by Vladimir N Brovkin show the formation of a new mentality among Communist rulers and a new relationship to the workers one that replaced multiparty competition with unquestioning obedience military discipline and intolerance

Toward a United States of Russia Dimitri Sergius Von Mohrenschildt, 1981 A comprehensive survey of the federal regional trend in nineteenth century Russian political and social thought and action The author shows conclusively that the decentralizing federal democratic trend in the nineteenth century was stronger than is generally realized

The Russian Revolution Robert Vincent Daniels, 1972

Lenin Ronald Clark, 2011-09-28 In this accomplished biography of Vladimir Lenin Ronald Clark fills in the gap left by political economic and social historians Lenin's personality Clark introduces readers to Lenin the

man an enthusiastic mountaineer with a sardonic sense of humor an affectionate husband with a long rumored affair Clark examines and describes the personality of one of the most dedicated and single minded political leaders of the 20th century

Roads to Glory Ronald P. Bobroff, 2006-02-22 Until now it has been accepted that the Turkish Straits the Russian fleet s gateway to the Mediterranean were a key factor in shaping Russian policy in the years leading to World War I Control of the Straits had always been accepted as the major priority of Imperial Russia s foreign policy In this powerfully argued revisionist history Ronald Bobroff exposes the true Russian concern before the outbreak of war the containment of German aggression Based on extensive new research Bobroff provides fascinating new insights into Russia s state development before the revolution examining the policies and personal correspondence of its policy makers And through his detailed examination of the rivalries and alliances of the Triple Entente he sheds new light on European diplomacy at the beginning of the twentieth century

Revolution and Counterrevolution Kevin Murphy, 2005-04 Why did the most unruly proletariat of the Twentieth Century come to tolerate the ascendancy of a political and economic system that by every conceivable measure proved antagonistic to working class interests Revolution and Counterrevolution is at the center of the ongoing discussion about class identities the Russian Revolution and early Soviet industrial relations Based on exhaustive research in four factory specific archives it is unquestionably the most thorough investigation to date on working class life during the revolutionary era Focusing on class conflict and workers frequently changing response to management and state labor policies the study also meticulously reconstructs everyday life from leisure activities to domestic issues the changing role of women and popular religious belief Its unparalleled immersion in an exceptional variety of sources at the factory level and its direct engagement with the major interpretive questions about the formation of the Stalinist system will force scholars to re evaluate long held assumptions about early Soviet society

Eventually, you will unquestionably discover a extra experience and triumph by spending more cash. nevertheless when? realize you recognize that you require to get those all needs with having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to comprehend even more with reference to the globe, experience, some places, as soon as history, amusement, and a lot more?

It is your enormously own grow old to perform reviewing habit. among guides you could enjoy now is **Russian Revolution Of 1917 Contemporary Accounts** below.
