

Russian Imperialism and Communism

Outcome: Soviet Imperialism and the Fall of Communism

Russian And Soviet Imperialism

Karen Barkey, Mark Von Hagen

Russian And Soviet Imperialism:

Russian Imperialism Ariel Cohen, 1996-08-23 The fall of the Soviet Union was one of the most dramatic events of this century It was also one of the most surprising Evidence of the USSR's impending fall was abundantly available both in theory in the writings on empires and on the ground Yet prior to its downfall the very profession that specialized in the study of the Soviet Union held no consensus that the USSR was an empire to begin with Perhaps because many Sovietologists neglected its status as an empire most Americans were taken completely by surprise when the USSR began its precipitous collapse under Mikhail Gorbachev This book subjects the Soviet Union as an empire to systematic scrutiny using tools and methods at the disposal of modern political science Foreign policy specialists defense experts and Russian area analysts will find this book essential The book is also recommended for undergraduate and graduate courses in Russian and Soviet history and the study of empires *Russian and Soviet Imperialism* James Foote, 1972 *Soviet Imperialism* Waldemar Gurian, 1953

Soviet Russian Imperialism Victor S. Mamatey, 1964 Brief survey of the evolution of Soviet rule over many people of Europe and Asia and prospects for the future by a University of Florida historian *Empire De/Centered* Dr Maxim Waldstein, Dr Sanna Turoma, 2013-10-28 In 1991 the Soviet empire collapsed at a stroke throwing the certainties of the Cold War world into flux Yet despite the dramatic end of this last empire the idea of empire is still alive and well its language and concepts feeding into public debate and academic research Bringing together a multidisciplinary and international group of authors to study Soviet society and culture through the categories empire and space this collection demonstrates the enduring legacy of empire with regard to Russia whose history has been marked by a particularly close and ambiguous relationship between nation and empire building and between national and imperial identities Parallel with this discussion of empire the volume also highlights the centrality of geographical space and spatial imaginings in Russian and Soviet intellectual traditions and social practices underlining how Russia's vast geographical dimensions have profoundly informed Russia's state and nation building both in practice and concept Combining concepts of space and empire the collection offers a reconsideration of Soviet imperial legacy by studying its cultural and societal underpinnings from previously unexplored perspectives In so doing it provides a reconceptualization of the theoretical and methodological foundations of contemporary imperial and spatial studies through the example of the experience provided by Soviet society and culture *Soviet Historians and the Study of Russian Imperialism* George M. Enteen, Tatiana Gorn, Cheryl Kern, C. A. Kern-Simirenko, 1979

After Empire Karen Barkey, Mark Von Hagen, 2018-05-15 This volume brings together a group of some of the most outstanding scholars in political science history and historical sociology to examine the causes of imperial decline and collapse of the Russian Ottoman and Habsburg empires *Russian Imperialism* Dietrich Geyer, 1987-01-01 This book offers a fresh and stimulating analysis of the often elusive relationship between domestic and foreign policy in Russia before the First World War Dietrich Geyer one of Germany's leading historians of Russia discusses a wide variety of economic fiscal

institutional and ideological developments within imperial Russia In so doing he brings into sharp relief the difficulties faced by the ruling elites in maintaining Russia's great power position in Europe the Near East and the Far East Now available in English for the first time this widely acclaimed book will be welcomed as an indispensable resource by all those who were unable to read the original German edition By far the most perceptive knowledgeable and intelligent work on the last half century of imperial Russia in print Theodore H Von Laue Russian History This important tightly packed book analyzes the basic problems of Russian imperialism thoroughly and with enormous erudition Scholars concerned with imperialism and Russian domestic and foreign problems will welcome this thought provoking work David MacKenzie American Historical Review A convincing and important analysis of the mutual dependence of autocratic domestic and foreign politics This book ought to be the occasion for a renewed and wide discussion of Russian imperialism and should give rise to further studies of the question Alan Kimball Slavic Review This is a remarkably good book Good in many respects quality of research and writing breadth of view command of the facts balance and penetration in judgment familiarity with relevant theory The book represents a revived and deepened historicism Paul W Schroeder Journal of Modern History *Comparative Perspectives on Imperialism and Empire in Late Imperial Russia* Moritz Deutschmann, 2011 Essay from the year 2009 in the subject History Europe Other Countries Modern Times Absolutism Industrialization European University Institute Department of History Florenz language English abstract There are few topics that have been as present in post Soviet histories as empire and its aftermath Tales of century long Russia oppression have become core elements of many historical narratives in the former Soviet republics In Western European scholarship concepts from imperial history and post colonial studies have had a big influence on the historiography of Russia and the Soviet Union However these are recent phenomena in most histories of Russia written in Russia or the Soviet Union itself as well as in the West before 1991 empire has been left out to an astonishing degree Only for the Soviet Union the so called nationality question was a larger topic appearing in Soviet praise for the friendship of the peoples or condemnation of anti Soviet nationalism and Great Russian chauvinism This essay picks up on some of these issues and looks at how various scholars interested in the imperial aspects of Russian history have put them into a comparative perspective Although the number of works is still limited especially compared to the huge number of studies on different Western European empires it is possible to draw some general conclusions This will also be helpful in considering to what extent Russian experiences could reflect back on more general theories of empire or post colonial studies

The Strategy of Russian Imperialism Martin Sicker, 1988-05-06 The USSR's different spheres of influence each present their own special problems This is particularly true of areas outside Eastern Europe and areas non contiguous with the borders of the USSR Sicker defines and clarifies the two major Soviet perceptions of policy that radically differ from most western perspectives patience with long term policy and the belief that class struggle law is of primary importance superseding even international law The first part of the book considers the pattern and process of expansion that has created

the USSR's current configuration in Eurasia. The chapters demonstrate that in many respects Soviet policies are similar in objective to their Czarist forerunners. Part II addresses current problems in Soviet geostrategic politics and includes discussions on their evolution and the necessity of their solution in order to preserve the viability of the USSR's spheres of influence.

Investigation of the Ukrainian Famine, 1932-1933 United States. Commission on the Ukraine Famine, 1988

Russia in Asia Jane F. Hacking, Jeffrey S. Hardy, Matthew P. Romaniello, 2020-07-22 This edited volume presents new research on Russian Asian connections by historians, art historians, literary scholars and linguists. Of particular interest are imagined communities, social networks and the legacy of colonialism in this important arena of global exchanges within the imperial Soviet and post Soviet eras. Individual chapters investigate how Russians imagined Asia and its inhabitants, how these different populations interacted across political and cultural divides and how people in Siberia, China and other parts of Asia reacted to Russian imperialism both in its formal and informal manifestations. A key strength of this volume is its interdisciplinary approach to the topic, challenging readers to synthesize multiple analytical lenses to better understand the multivalent connections binding Russia and Asia together.

Putin's Wars Marcel H. Van Herpen, 2015-07-01 This fully updated book offers the first systematic analysis of Putin's three wars, placing the Second Chechen War, the war with Georgia of 2008 and the war with Ukraine of 2014-2015 in their broader historical context. Drawing on extensive original Russian sources, Marcel H. Van Herpen analyzes in detail how Putin's wars were prepared and conducted and why they led to allegations of war crimes and genocide. He shows how the conflicts functioned to consolidate and legitimate Putin's regime and explores how they were connected to a fourth hidden internal war waged by the Kremlin against the opposition. The author convincingly argues that the Kremlin, relying on the secret services, the Orthodox Church, the Kremlin youth, Nashi and the rehabilitated Cossacks, is preparing for an imperial revival, most recently in the form of a Eurasian Union. An essential book for understanding the dynamics of Putin's regime, this study digs deep into the Kremlin's secret long-term strategies. Readable and clearly argued, it makes a compelling case that Putin's regime emulates an established Russian paradigm in which empire building and despotic rule are mutually reinforcing. As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin's contemporary policies, Van Herpen's work will make a valuable contribution to the literature on post-Soviet Russia and his arguments will stimulate a fascinating and vigorous debate.

The Soviet War in Afghanistan Milan Hauner, 1991-08-05 In this volume, historian Milan Hauner brilliantly links the lessons of the Soviet invasion of Afghanistan with the East-West political struggles of today. Masterfully, he demonstrates the geographical and historical predicates of Russian imperialism in Asia. His analysis focuses on the failed military campaign in Afghanistan and Soviet diplomacy in Southwest Asia as a whole. The results are impressive. The reader is given the advantage of a fuller historical spectrum and can better grasp the true shape of the present. More importantly, the reader can look into the future. From this vantage point, the constraints, possibilities and obligations of U.S. diplomacy become more clear. Co

published with the Foreign Policy Research Institute History and Politics Adam Jarosz, Ralph Schattkowsky, 2018-04-18 History and politics are interlinked with unbreakable bonds as is manifested primarily in the use of historical arguments in political disputes Regardless of the ideological views represented time period and geographical location politicians consistently and frequently use such arguments with a high degree of effectiveness Driven by a variety of motives they use the category of the past re interpret it and decide what should be remembered and what should be removed from the so called collective memory In practice this means that a properly prepared and delivered narrative of the past can become a powerful instrument in the hands of the ruling class influencing the social and political reality of the country concerned Control of the past and its correct reconstruction can thus effectively contribute to gaining boosting and consolidating power by a political entity An appropriately shaped awareness of the past thus serves an only ancillary role to politics satisfying social expectations and ideological visions Thus the past or rather the memory of it when becoming a topic of interest in the domain of politics forces the creators of the politics of history to improve the tools and mechanisms they wield to ensure its more efficient use Russian Imperialism Revisited Domitilla Sagramoso, 2020-03-05 This book examines the nature of Russia's relations with the former Soviet states FSS in particular with countries which formed the Commonwealth of Independent States in order to assess whether there has been a resurgence of Russian imperialism since the collapse of the USSR The book sets out to determine whether Russian leaders have attempted to restore a sphere of influence over the former Soviet republics or whether Russia's policies reflect a genuine desire to establish normal state to state relations with the new states It adopts a comprehensive approach analysing Russia's policies towards the FSS across a broad range of areas energy trade and investment military assistance security provision and peacekeeping conflict management political support and alliance formation While not denying the Kremlin's assertive role in the FSS this book challenges the assumption that Russia has always intended to restore a sphere of influence over its Near Abroad Rather it argues that Russia's policies are much more complex multi faceted and often more incoherent than is often assumed In essence Russia's actions generally reflect a combination of legitimate state interests enduring Soviet legacies and genuine concerns over events unfolding along Russia's borders This book also shows that at times Great Power nostalgia and a real difficulty with discarding Russia's imperial legacy shapes Russia's behaviour towards the FSS This book will be of great interest to students of Russian politics and foreign policy east European politics and International Relations in general The Nationality Problem of the Soviet Union and Russian Communist Imperialism Roman Smal-Stocki, 1953 The Sovietization of Eastern Europe Balzs Apor, Péter Apor, Rees E. A., 2008-04-21 This essay anthology offers enlightening perspectives on how East Central Europe was transformed into the other Europe during the Cold War era When the Second World War ended a new conflict arose between world powers jockeying for supremacy The Soviet Union pursued a policy of exporting its system of government in a process known as sovietization But there were also governments that sought to adopt a Soviet way of life on their own accord

Dictated by ideological imperatives both styles of sovietization employed socialist strategies of state and nation building This volume not only examines the imposition of new forms of government but also the socialist response to modernity as reflected in approaches to new technology and management consumption and leisure patterns religious and educational policy political rituals and attitudes to the past The essays explore the diversity and the tensions within the sovietization process in the countries of the region This collection is a bold and timely attempt at shedding light on a rather insufficiently researched topic the diverse approaches ranging from socio cultural and economic history to psycho history Dr Dragos Petrescu University of Bucharest *Parallel Realities in Russian and Ukrainian Contemporary Cinema* Tetyana

Shlikhar,2025-09-30 This book examines Russian and Ukrainian feature films to trace the roots and consequences of the Russian invasion of Ukraine It argues that the cultural war stems from a colonial past where Russia viewed Ukraine as an inferior little brother By examining cinematic representations of the countries shared history this book reveals how Russia has used cinema to promote a strong unified state and patriotic narratives while Ukrainian cinema seeks to overcome colonial trauma and build a distinct national identity It also investigates how cultural memories of Kyivan Rus the Cossacks World War II the Soviet past and the Russian war in Ukraine are depicted differently in Russian and Ukrainian cinema

Empires, Systems and States Michael Cox,Timothy Dunne,Ken Booth,2001 This volume brings together a collection of leading scholars to consider various dimensions of the turn to history in International Relations The scope of this volume is broad It includes conventional accounts of the development of the European states system but is not limited by it Other essays consider the non European experience a number of path breaking essays on how other cultures and continents have ordered their political communities in particular the question how and why a states system triumphed over other forms of political organisation The theme of the subtitle great transformations is pursued by each author The essays consider one of the biggest questions of our time namely how did we arrive at this historical and institutional expression of political community And what alternative future world orders exist The volume will be of interest to scholars of International Relations and History interested in great transformations in world politics

The Enigmatic Realm of **Russian And Soviet Imperialism**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Russian And Soviet Imperialism** a literary masterpiece penned by way of a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.

Russian And Soviet Imperialism Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Russian And Soviet Imperialism free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Russian And Soviet Imperialism free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that

offer free PDF downloads on a specific topic. While downloading Russian And Soviet Imperialism free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Russian And Soviet Imperialism. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Russian And Soviet Imperialism any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Russian And Soviet Imperialism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Russian And Soviet Imperialism is one of the best book in our library for free trial. We provide copy of Russian And Soviet Imperialism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Russian And Soviet Imperialism. Where to download Russian And Soviet Imperialism online for free? Are you looking for Russian And Soviet Imperialism PDF? This is definitely going to save you time and cash in something you should think about.
