career over the past 50 years to the evolution of the publishing industry in India Khorana details the author's pioneering work in the field of children's and young adult literature and his contribution to diasporic and postcolonial post-independence literatures. She concludes that it is Bond's versatile original and elegant writing in a variety of genres that continue to endear him to readers around the world. According to the author, despite Bond's British background, he does not write about India from a Eurocentric perspective. Having lived the majority of his life in India, he knows the country as an insider, writing with an authenticity and emotional engagement about the land and the people of the Himalayas and small-town India. Khorana analyzes his novels and short stories and highlights his juxtaposition of his protagonists' individual dramas against larger social, moral, and metaphysical issues. In addition, she reveals how the autobiographical and regional elements in Bond's work provide insight into universal themes such as the tension between past and present, city life versus rural values, the dignity of ordinary folk, preservation of the environment, and living in harmony with nature.

The Road Movie Book Steven Cohan, Ina Rae Hark, 2002-01-04. The Road Movie Book is the first comprehensive study of an enduring but ever-changing Hollywood genre, its place in American culture, and its legacy to world cinema. The road and the cinema both flourished in the twentieth century as technological advances brought motion pictures to a mass audience and the mass-produced automobile opened up the road to the ordinary American. When Jean Baudrillard equated modern American culture with space-speed cinema technology, he could just as easily have added that the road movie is its supreme emblem. The contributors explore how the road movie has confronted and represented issues of nationhood, sexuality, gender, class, and race. They map the generic terrain of the road movie, trace its evolution on American television as well as on the big screen from the 1930s through the 1980s, and finally consider road movies that go off the road, departing from the US landscape or travelling on the margins of contemporary American culture. Movies discussed include Road classics such as *It Happened One Night*, *The Grapes of Wrath*, *The Wizard of Oz*, and the Bob Hope-Bing Crosby Road to films; 1960s reworkings of the road movie in *Easy Rider* and *Bonnie and Clyde*; Russ Meyer's road movies from *Motorpsycho* to *Faster Pussycat Kill Kill*; contemporary hits such as *Paris, Texas*, *Rain Man*, *Natural Born Killers*, and *Thelma & Louise*. The road movie, Australian style, from *Mad Max* to the Adventures of Priscilla, *Queen of the Desert*.

Rusty Miller Joslyn Gray, 1919. *Before His Eyes* S. Marie, 2011-11-22. Rusty, Garnet award-winning actor known for his aggressive sex appeal, had finally met a woman with whom he could be happy spending the rest of his life. With Elsie, who was plain and down-to-earth, hardly the type of woman the tabloids would link to Rusty. As a matter of fact, most men took his self-assuredness as cold. Over time, Rusty learned Elsie was hiding a tender heart. They started as friends that grew into something more. Their love was devastated when Elsie had a serious accident. If she survived, she might never be the same again.

New York City and the Hollywood Musical Martha Shearer, 2016-09-26.
