Scott, 1993 Eleven years before Uncle Tom's Cabin fanned the fires of abolition in North America an aristocratic Cuban woman told an impassioned story of the fatal love of a mulatto slave for his white owner's daughter So controversial was *Sab*'s theme of miscegenation and its parallel between the powerlessness and enslavement of blacks and the economic and matrimonial subservience of women that the book was not published in Cuba until 1914 seventy three years after its original 1841 publication in Spain Also included in the volume is Avellaneda's Autobiography 1839 whose portrait of an intelligent flamboyant woman struggling against the restrictions of her era amplifies the novel's exploration of the patriarchal oppression of minorities and women Sab Gertrudis Gómez de Avellaneda, 1963 *Sab* Gertrudis Gomez de Avellaneda, 2016-12-26 einte a os hace poco m s o menos que al declinar una tarde del mes de junio un joven de hermosa presencia atravesaba a caballo los campos pintorescos que riega el T nima y dirig a a paso corto su brioso alaz n por la senda conocida en el pa s con el nombre de camino de Cubitas por conducir a las aldeas de este nombre llamadas tambi n tierras rojas Hall base el joven de quien hablamos a distancia de cuatro leguas de Cubitas de donde al parecer ven a y a tres de la ciudad de Puerto Pr ncipe capital de la provincia central de la isla de Cuba en aquella poca como al presente pero que hac a entonces muy pocos a os hab a dejado su humilde dictado de villa Fuese efecto de poco conocimiento del camino que segu a fuese por complacencia de contemplar detenidamente los paisajes que se ofrec an a su vista el viajero acertaba cada vez m s el paso de su caballo y le paraba a trechos como para examinar los sitios por donde pasaba A la verdad era hart o probable

SPECIAL OFFER 30% discount for a complete set order 5 vols The *Romanticism* series in the *Comparative History of Literatures in European Languages* is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents *Romantic Irony* sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams *Romantic Drama* traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd *Romantic Poetry* demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie

the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

The Poetics of Plants in Spanish American Literature Lesley Wylie, 2020-12-08 The Poetics of Plants in Spanish American Literature examines the defining role of plants in cultural expression across Latin America particularly in literature From the colonial georgic to Pablo Neruda's Canto general Lesley Wylie's close study of botanical imagery demonstrates the fundamental role of the natural world and the relationship between people and plants in the region Plants are also central to literary forms originating in the Americas such as the New World Baroque described by Alejo Carpentier as nacido de rboles The book establishes how vegetal imaginaries are key to Spanish American attempts to renovate European forms and traditions as well as to the reconfiguration of the relationship between humans and nonhumans Such a reconfiguration which persistently draws on indigenous animist ontologies to blur the boundaries between people and plants anticipates much contemporary ecological thinking about our responsibility towards nonhuman nature and shows how environmental thinking by way of plants has a long history in Latin American literature

Why Slavery Endures David W. Bulla, 2020-11-09 This book examines slavery an antiquated ugly inhumane practice seemingly abolished in the nineteenth century yet never eradicated The legacies of historical slavery have become increasingly subject to public debate manifested in calls for reparations the UNESCO Slave Route Project and in the dismantling of Confederate monuments in the United States NGOs have researched and publicized the extent of contemporary slavery which some of the essays in this collection discuss This area of inquiry intersects with wider debates about the legacies of colonialism and structural racism which could be seen in the Rhodes Must Fall campaigns in South Africa and Oxford NGOs estimate that there are between 21 and 46 million slaves worldwide today The essays gathered here critically examine the historical roots of slavery the issue of reparations and deconstruct contemporary human trafficking

A Comparative Literary History of Modern Slavery Madeleine Dobie, Mads Anders Baggesgaard, Karen-Margrethe Simonsen, 2024-12-15 The first volume of A Comparative Literary History of Modern Slavery explores literary representations of enslavement with a focus on the emotions The contributors consider how the diverse

emotions generated by slavery have been represented over a historical period stretching from the 16th century to the present and across regions languages media and genres The seventeen chapters explore different framings of emotional life in terms of sentiments and affects and consider how emotions intersect with literary registers and movements such as melodrama and realism They also examine how writers including some formerly enslaved people sought to activate the feelings of readers notably in the context of abolitionism In addition to obvious psychological responses to slavery such as fear sorrow and anger they explore minor key affects such as shame disgust and nostalgia and address the complexity of depicting love and intimacy in situations of domination Two forthcoming volumes explore the literary history of slavery in relation to memory and to practices of authorship

Latinx Revolutionary Horizons Renee Hudson, 2024-05-07 A necessary reconceptualization of Latinx identity literature and politics In *Latinx Revolutionary Horizons* Renee Hudson theorizes a liberatory latinidad that is not yet here and conceptualizes a hemispheric project in which contemporary Latinx authors return to earlier moments of revolution Rather than viewing Latinx as solely a category of identification she argues for an expansive historicized sense of the term that illuminates its political potential Claiming the x in Latinx as marking the suspension and tension between how Latin American descended people identify and the future politics the x points us toward Hudson contends that latinidad can signal a politics grounded in shared struggles and histories rather than merely a mode of identification In this way *Latinx Revolutionary Horizons* reads against current calls for cancelling latinidad based on its presumed anti Black and anti Indigenous framework Instead she examines the not yet here of latinidad to investigate the connection between the revolutionary history of the Americas and the creation of new genres in the hemisphere from conversion narratives and dictator novels to neoslave narratives and testimonios By comparing colonialisms she charts a revolutionary genealogy across a range of movements such as the Mexican Revolution the Filipino People Power Revolution resistance to Trujillo in the Dominican Republic and the Cuban Revolution In pairing nineteenth century authors alongside contemporary Latinx ones Hudson examines a longer genealogy of Latinx resistance while expanding its literary canon from the works of Jos Rizal and Martin Delany to those of Julia Alvarez Jessica Hagedorn and Leslie Marmon Silko In imagining a truly transnational latinidad *Latinx Revolutionary Horizons* thus rewrites our understanding of the nationalist formations that continue to characterize Latinx Studies
