Embellishing the Liturgy Alejandro Enrique Planchart,2017-07-05 After the imposition of Gregorian chant upon most of Europe by the authority of the Carolingian kings and emperors in the eighth and ninth centuries a large number of repertories arose in connection with the new chant and its liturgy Of these repertories the tropes together with the sequences represent the main creative activity of European musicians in the ninth tenth and eleventh centuries Because they were not an absolutely official part of the liturgy as was Gregorian chant they reflect local traditions particularly in terms of melody and more so than the new pieces that were composed at the time In addition the earlier layers of tropes represent in many cases a survival of the pre local pre Gregorian melodic traditions This volume provides an introduction to the study of tropes in the form of an extensive anthology of major studies and a comprehensive bibliography and constitutes a classic reference resource for the study of one of the most important musico liturgical genres of the central middle ages Zoltan Kodaly Michael Houlahan,Philip Tacka,2019-06-11 First Published in 1998 This book serves as the key to study of Kodaly for an English speaking audience The volume presents a biographical outline a catalog of his compositions according to genre and over 1 400 annotated primary and secondary sources Three indexes cover listings by author and title Kodaly s compositions and proper names Primary sources include Kodaly s own essays articles lectures on folk music and art music letters and other documents and his folk music collections and facsimiles Secondary sources include biographical and historical studies theoretic analytic stylistic and aesthetic studies of his music discussions of folk music influences and art music influences studies of his compositional process and discussions of the Kodaly concept Doctoral dissertations and Masters theses pertaining to Kodaly are included in this guide This annotated topically organized book is the first to draw together the most important primary and secondary bibliographic sources that cover his varied activities as composer ethnomusicologist linguist and educator **Chant and its Origins** Thomas Forrest Kelly,2017-07-05 The Latin liturgical music of the medieval church is the earliest body of Western music to survive in a more or less complete form It is a body of thousands of individual pieces of striking beauty and aesthetic appeal which has the special quality of embodying of giving voice to the words of the liturgy itself Plainchant is the music that underpins essentially all other music of the middle ages and far beyond and is the music that is most abundantly preserved It is a subject that has engaged a great deal of research

and debate in the last fifty years and the nature of the complex issues that have recently arisen in research on chant are explored here in an overview of current issues and problems

Music in Medieval Europe Alma Santosuosso, 2017-07-05 This book presents the most recent findings of twenty of the foremost European and North American researchers into the music of the Middle Ages The chronological scope of their topics is wide from the ninth to the fifteenth century Wide too is the range of the subject matter included are essays on ecclesiastical chant early and late and on the earliest and latest of its supernumerary tropes monophonic and polyphonic on the innovative and seminal polyphony of Notre Dame de Paris and the Latin poetry associated with the great cathedral on the liturgy of Paris Rome and Milan on musical theory on the emotional reception of music near the end of the medieval period and the emergence of modern sensibilities even on methods of encoding the melodies that survive from the Middle Ages encoding that makes it practical to apply computer assisted analysis to their vast number The findings presented in this book will be of interest to those engaged by music and the liturgy active researchers and students All the papers are carefully and extensively documented by references to medieval sources
