Sacred Biography Saints And Their Biographers In The Middle Ages:

Sacred Biography Thomas J. Heffernan, 1988 Though medieval saints lives are among the oldest literary texts of Western vernacular culture they are routinely patronized as pious fiction by modern historiography This book demonstrates that to characterize the genre as fiction is to misunderstand the intentions of medieval authors who were neither credulous fools nor men blinded by piety Concentrating on English texts Heffernan reconstructs the medieval perspective and considers sacred biography in relation to the community for which it was written identifies the genre's rhetorical practices and purposes and demonstrates the syncretistic way in which the life of the medieval saint was transformed from oral tales to sacred text In the process Heffernan not only achieves a more contextually accurate understanding of the medieval saints lives but details a new critical method that has important implications for the practice of textual criticism Sacred Biography Thomas J. Heffernan, 1992

The Saint's Life and the Senses of Scripture Ann W. Astell, 2024-07-15 Through close examination of ancient medieval and modern Lives of the saints Ann W Astell demonstrates how the historical transformation of hagiography as a genre correlates with similar changes in biblical studies Christian hagiography flourished from the fourth to the fifteenth centuries illuminating the gospel through the overlapping forms of exempla and vita Originally the Lives of the saints were understood as hermeneutical extensions of the Bible God authors the saint just as God authors the divinely inspired scriptures During the medieval period a sense of dual authorship between God and the cooperating saint developed paralleling the Scholastic impulse to assign greater agency to the human writers of scripture Then in the sixteenth century powerful new anxieties about historical truth pushed hagiography aside for biography its successor Drawing on her expertise in the history of Christianity and biblical exegesis Astell convincingly shows how this radical shift in hagiography's status the loss of the literal allegorical tropological and anagogical senses of the Lives serves as a bellwether for modern biblical reception

Saint Perpetua across the Middle Ages Margaret Cotter-Lynch, 2016-09-23 This study traces the genealogy of Saint Perpetua's story with a straightforward yet previously overlooked question at its center How was Perpetua remembered and to what uses was that memory put One of the most popular and venerated saints from 200 CE to the thirteenth century the story of Saint Perpetua was retold in dramatically different forms across the European Middle Ages Her story begins in the arena at Carthage a 22 year old nursing mother named Vibia Perpetua was executed for being a Christian leaving behind a self authored account of her time in prison leading up to her martyrdom By turns loving mother militant gladiator empathic young woman or unattainable ideal Saint Perpetua's story ultimately helps to trace the circulation of texts and the transformations of ideals of Christian womanhood between the third and thirteenth centuries

Humour in Anglo-Saxon Literature Jonathan Wilcox, 2000 Essays lay the groundwork for a theory of humour in Old English literature Humour is rarely seen to raise its indecorous head in the surviving corpus of Old English literature yet the value of reading that literature with an eye to humour proves considerable when the right questions are asked Humour in
