The Sacred Cord Meditations Dolores Ashcroft-Nowicki,1990

Swearer,2020-07-21 *Becoming the Buddha* is the first book length study of a key ritual of Buddhist practice in Asia the consecration of a Buddha image or new Buddha a ceremony by which the Buddha becomes present or alive Through a richly detailed accessible exploration of this ritual in northern Thailand an exploration that stands apart from standard text based or anthropological approaches Donald Swearer makes a major contribution to our understanding of the Buddha image its role in Buddhist devotional life and its relationship to the veneration of Buddha relics Blending ethnography analysis and Buddhist texts related to this mimetic reenactment of the night of the Buddha s

enlightenment he demonstrates that the image becomes the Buddha's surrogate by being invested with the Buddha's story and charged with the extraordinary power of Buddhahood. The process by which this transformation occurs through chant, sermon, meditation, and the presence of charismatic monks is at the heart of this book. Known as opening the eyes of the Buddha, image consecration traditions throughout Buddhist Asia share much in common. Within the cultural context of northern Thailand, *Becoming the Buddha* illuminates scriptural accounts of the making of the first Buddha image, looks at debates over the ritual's historical origin, at Buddhological insights achieved, and at the hermeneutics of absence and presence, and provides a thematic comparison of several Buddhist traditions.

Metaphysical Meditations Paramhansa Yogananda, 2023-01-05

Metaphysical Meditations is the reprint of the original 1952 edition by Paramhansa Yogananda. Most people want to meditate but do not know how to do so. The purpose of meditation is to connect the little joy of the soul with the vast joy of the Spirit with focused practice. Meditation is not the same as concentration, which consists in freeing the attention from objects of distraction and focusing on one thing at a time. Meditation is that special form of concentration in which the attention has been liberated from restlessness and is focused on the Infinite, to be focused only on God or sacred thoughts and ideas. Meditation consists in certain physical, psychological, and metaphysical processes by which the static of restlessness can be removed from the body, mind, and soul, radios which can then be tuned in with the Infinite. By calm, continuous, one-pointed attention, the ego must be kept connected to the Spirit until they both become merged into everlasting bliss. In *Metaphysical Meditations*, Paramhansa Yogananda, author of the best-selling spiritual classic *Autobiography of a Yogi*, gives some concrete metaphysical methods of meditation for the student who

has already struggled through the mobs of rowdy thoughts and crossed the portals of silence The instructions will be found in the various sections of the book preceding each type of meditation prayers or demands addressed to the Divine affirmations about God and those spoken to the individual consciousness **Faith in the Neighborhood - Praying** Lucinda Allen Mosher,2005-12 Praying is the second in a series of books that offer Christians a new way of understanding what it means to live and worship among America s many faiths and introduces them to the religions that make up the American neighborhood Praying will explore public family and individual worship in Judaism Islam Hinduism Jainism Buddhism Sikhism Baha i Zoroastrianism American indigenous spiritualities Chinese spiritualities Confucianism Taoism Shinto and Afro Caribbean religions Praying answers and discusses questions such as these How does your religion understand measure the passage of time daily weekly annually over the course of a lifetime What is the vocabulary of ritual and practice in your religion e g worship prayer meditation pilgrimage feasting and fasting Is there a distinction between public and private individual worship practice in your religion What are this religion s most distinctive practices What makes them so significant Praying includes a quick guide to each religion a glossary and recommended reading *The Cumulative Book Index* ,1991 A world list of books in the English language *A Dictionary of Buddhist and Hindu Iconography, Illustrated* Fredrick W.
