

The Earth, she cries
She weeps for her children
They tear her apart
They tear each other apart
Forgotten ancient truths
We are not solitary
We are not separate
We are all connected
by the web of love
that binds us all
binds us to each other
binds us to Mother Earth
What we do to the Earth
is also done to ourselves
We are connected
We are one

Poems at the Edge of Differences Renate Papke, 2008 This study consists of two parts The first part offers an overview of feminism s theory of differences The second part deals with the textual analysis of poems about mothering by women from India the Caribbean and Africa Literary criticism has dealt with the representation of mothering in prose texts The exploration of lyrical texts has not yet come Since the late 1970s the acknowledgement of and the commitment to difference has been foundational for feminist theory and activism This investigation promotes a differentiated locational feminism Friedman The comprehensive theoretical discussion of feminism s different concepts of gender race ethnicity and mothering builds the foundation for the main part the presentation and analysis of the poems The issue of mothering foregrounds the communicative aspect of women s experience and wants to bridge the gap between theory and practice This study however does not intend to specify mothering as a universal and unique feminine characteristic It underlines a metaphorical use and discusses the concepts of nurturing maternal practice and social parenthood Regarding the extensive material this study understands itself as an explorative not concluding investigation placed at the intersections of gender studies postcolonial and classical literary studies Most of all it aims at initiating a dialogue and interchange between scholars and students in the Western and the Third World

Woman in Sacred Song Eva Munson Smith, 1888 Hölderlin's Dionysiac Poetry Lucas Murrey, 2014-12-08 This book casts new light on the work of the German poet Friedrich H lderlin 1770 1843 and his translations of Greek tragedy It shows H lderlin s poetry is unique within Western literature and art as it retrieves the socio politics of a Dionysiac space time and language to challenge the estrangement of humans from nature and one other In this book author Lucas Murrey presents a new picture of ancient Greece noting that money emerged and rapidly developed there in the sixth century B C This act of

monetization brought with it a concept of tragedy money tyrants struggling against the forces of earth and community who succumb to individual isolation blindness and death As Murrey points out Hlderlin unconsciously retrieves the battle between money nature and community and creatively applies its lessons to our time But Hlderlin s poetry not only adapts tragedy to question the unlimited machine process of a clever race of money tyrants It also draws attention to Greece s warnings about the mortal danger of the eyes in myth cult and theatre This monograph thus introduces an urgently needed vision not only of Hlderlin hymns but also the relevance of disciplines as diverse as Literary Studies Philosophy Psychology Psychoanalysis as well as Religious and Visual Media Studies to our present predicament where a dangerous visual culture through its support of the unlimitedness of money is harming our relation to nature and one another Here triumphs a temperament guided by ancient religion and that excavates in Hlderlin s translations the central god Dionysus of Greek tragedy Lucas Murrey shares with his subject Hlderlin a vision of the Greeks as bringing something vitally important into our poor world a vision of which few classical scholars are now capable Richard Seaford author of Money and the Early Greek Mind and Dionysus Here triumphs a temperament guided by ancient religion and that excavates in Hlderlin s translations the central god Dionysus of Greek tragedy Bernhard B schenstien author of Frucht des Gewitters Zu Hlderlins Dionysos als Gott der Revolution and Paul Celan Der Meridian Lucas Murrey takes the god of tragedy Dionysus finally serious as a manifestation of the ecstatic scream of liberation and visual strategies of dissolution he pleasantly portrays Hlderlin s idiosyncratic poetic sympathy Anton Bierl author of Der Chor in der Alten Kom die Ritual and Performativit t Hlderlin most surely deserved such a book Jean Fran ois Kerv gan author of Que faire de Carl Schmitt fascinating material Noam Chomsky author of Media Control and Nuclear War and Environmental Catastrophe **From Here to Diversity** Clara Sarmiento,2010-08-11 From Here to Diversity Globalization and Intercultural Dialogues sees interculturalism as movement transit travel and the dynamics between cultures Contemporary intercultural travel is a global journey a circumnavigation at the speed of light that underwrites all the comings and goings the departures and arrivals the transmissions and receptions that are implicit in this title Hence From Here to Diversity examines the motivations characteristics and implications of cultural interactions in their perpetual movement devoid of spatial or temporal borders in a dangerous but stimulating indefiniton of limits In the contemporary intercultural dialogue new voices are making themselves heard as valuable sources of study the voices of women non occidentals the non powerful forgotten narratives of a past that was as intercultural as the present after all what is colonialism other than a perverse form of interculturality global entertainment tourism oral literature diaries mythical narratives the cinema ethnography and new teachings among so many others Because this project is also intercultural at its source and subject From Here to Diversity Globalization and Intercultural Dialogues adds to the coherence of the project by including contributions from the most wide ranging backgrounds and nationalities without fear of the alterity that after all we propose to study **Wildly different** Sarah

He Could Not Contain Her: Kathleen McCartan,2014-09-23 First and foremost this book gives you a glimpse into one creative some say genius bipolar mind which I have had for a little over twelve years Beyond that using a Sacred Feminine Holy Spirit Breath and Wind of God perspective as well as an educational creative perspective and a Course in Miracles perspective I attempt to create a total world reversal of thought on all issues related to the world humans why were here and whats to come of us This book reverses so called normal human thinking about almost everything including what is life and what is death what the real story of Lucifer and Mary Magdalene John the Baptist and Jesus really is and what the actual laws of the universe really are whats actually normal and abnormal the answer will surprise you what humans are actually like as a species what the current state of our world actually is and what humans mean to Christ John the Baptist

Christ Alter Ego Christ in reality and in the great scheme of things It will be no surprise that I determine that to save the world and yes it can be done love is the only question and love is the only answer The only problem is that most people on Earth arent really listening despite the fact that we live in an almost dead world mentally emotionally and spiritually The spiritual light of the world is very dim if its even shining at all anymore Humans must wake up now today This book is about starting a creative spiritual educational revolution in America and letting it spread throughout the whole world This book takes a forward looking approach to the future and gives readers a glimpse into upcoming events
