Sacred Word And Sacred Text Scripture In World Religions:

Sacred Word and Sacred Text Harold G. Coward, 1988 This fascinating study of the world's sacred texts explain how the value of written scripture over the oral aural experience is characteristic on recent Western history Even today it is atypical of how most believers experience scripture *Sacred Word and Sacred Text* demonstrates how scripture historically has partaken of both the oral and the written traditions and argues that of the two it is the oral world which has the greater power to transform lives from the back cover **Sacred Word and Sacred Text** Harold Coward, 1992-06 [Experiencing Scripture in World Religions](#) Harold Coward, 2013-04-05 An inside view of how the scriptures of world religions illuminate the lives and experience of their devotees **Sacred Texts of World Religions** Edited by: Kisak, 2015-09-01 Religious texts also known as scripture scriptures holy writ or holy books are the texts which various religious traditions consider to be sacred or central to their religious tradition Many religions and spiritual movements believe that their sacred texts are divinely or supernaturally revealed or inspired Attitudes towards sacred texts differ widely between religions Some religions make written texts widely and freely available while others hold that sacred secrets must remain hidden from all but the loyal and the initiate Most religions promulgate policies defining the limits of the sacred texts and controlling or forbidding changes and additions Some religions view their sacred texts as the Word of God often contending that the texts are inspired by God and as such should never be altered Translations of texts may receive official sanction but an original sacred language often has defacto absolute or exclusive authority This book serves as a reference guide that lists the works that the corresponding religions are based upon **The Twenty-first Century Confronts Its Gods** David J. Hawkin, 2012-02-01 This book penetrates the assumptions of Western technological society and exposes the powers that govern it The contributors argue that it is a mistake to think that religion and belief have been relegated to the private sphere and are no longer important in the public and political domains They assert that the twenty first century has a set of new gods the powers of globalization technology the market and military might that reign alongside those of traditional religions These are the forces to which the modern era has granted ultimacy This book looks at how major religions such as Christianity Islam Judaism Hinduism and Buddhism play an important role in politics and society on both the global and local levels The new gods of technology globalization and war are shown to exacerbate the existing cultural divisions and religious strife that mark our time By understanding the importance of that which is held sacred whether traditional belief or modern practice not acknowledged as belief the contributors help us to comprehend our present situation and challenges *Sacred Texts Interpreted* Carl Olson, 2017-10-05 Covering the major monotheistic religions Christianity Judaism and Islam as well as selected Eastern religions and Bah Zoroastrianism and Mormonism this cross cultural book offers excerpts of sacred texts and interprets passages to enable a deeper understanding of these religious writings *Sacred Texts Interpreted Religious Documents Explained* gives readers the opportunity to examine directly the primary sources of different religions and to

better understand these texts through expert commentary on selected passages The interpretative material investigates the nature of sacred texts along with the relationship between sacred scripture and canon and it explains why these sacred texts have enduring significance and influence The author provides suggestions on how to read a sacred text before turning to the textual selections from 13 religious traditions arranged alphabetically beginning with the Bah religion and ending with Zoroastrianism Each chapter is devoted to the primary textual sources of a particular religious tradition and is prefaced by an introduction to the literature that places it within its historical and cultural heritage The emphasis for each religion is on its foundational scriptures that are often considered sacred by its adherents Readers will gain a much greater appreciation of how powerful religious texts have always been across human culture and throughout millennia and of how religious thought and ideology have shaped daily life built civilizations inspired art and literature and incited wars and violence

Musicology of Religion Guy L. Beck, 2023-05-01 For generations religion and music have been regarded as universals yet despite the fact that they have been frequently linked throughout history and topography and despite the importance of music in the early stages of religious studies their combined presence has not until now been considered a separate area of study and research While there are well developed fields of anthropology of religion psychology of religion and philosophy of religion the widely recognized connections between religion and sound chant and music warrant comparable study Drawing upon theories and methods in the study of both religion and music referencing examples from world religious traditions and addressing challenges posed by critics this book envisions a unified field for religion and music musicology of religion Grounded in the scope and methods of phenomenology and comparative analysis musicology of religion represents an innovative direction in interdisciplinary study enriched by the social sciences ethnomusicology philosophy theology liturgical studies and cognitive studies As conceived musicology of religion will spearhead new and creative paths in the study of religion

Biblical Religion and Family Values Jay Newman, 2001-08-30 In this broad philosophical examination of the relationship between religion and the family Jay Newman delves into issues concerning Biblical religion culture sociology and family values He maintains that recent media debates about the Bible and family values have obscured the complex relationship between the family and religion Focusing on how the family values that the Biblical literature imparts might be relevant or irrelevant to family problems and other cultural problems in a modern Western democracy this study contributes to the understanding of basic cultural relations between religion and the family After reflecting on the effects of much Biblical teaching on the family the book proceeds to explore the cultural and existential significance of competition and cooperation between Biblical religion and the family

Fifty Years of Religious Studies in Canada Harold Coward, 2014-11-07 In Canadian universities in the early 1960s no courses were offered on Hinduism Buddhism or Islam Only the study of Christianity was available usually in a theology program in a church college or seminary Today almost every university in North America has a religious studies department that offers courses on Western and Eastern religions as well as religion in general Harold Coward addresses this change in this memoir of his forty five year career in the development of religious studies as a new academic field in Canada He also addresses the shift from theology classes in seminaries to non sectarian religious studies faculties of arts and

humanities the birth and growth of departments across Canada from the 1960s to the present the contribution of McMaster University to religious studies in Canada and Coward s Ph D experience there the Centre for Studies in Religion and Society at the University of Victoria and the future of religious studies as a truly interdisciplinary enterprise Coward s retrospective while not a history as such documents information from his varied experience and wide network of colleagues that is essential for a future formal history of the discipline His story is both personally engaging and richly informative about the development of the field *Canonical Texts: Bearers of Absolute Authority - Bible, Koran, Veda, Tipiaka* Rein

Fernhout,2023-12-28 This book introduces a new approach to the comparative study of sacred texts here the Christian Bible the Islamic Koran the Hindu Veda and the Buddhist Tipiaka The author demonstrates that in spite of their great differences these works show a fundamental analogy Considered as canonical within their own religious context each text possesses absolute authority in comparison with other authoritative texts from their respective religious traditions This fundamental analogy allows one to describe the growth and history of these canons step by step as a process that takes place in analogous phases that are clearly distinguishable The author follows a strictly phenomenological method he tries to understand the development of these canons in terms of a potential that lies within the phenomena themselves i e the texts while refraining in any way from assessing their claim to absolute authority In part I the author describes the development from the revelation of the texts to a climax with respect to reflection on the canons This climax has been reached in all four cases Part II investigates the crisis that these canons are currently undergoing as a consequence of the modern intellectual climate Can we expect that this crisis will be overcome by the canons And if so will they be in a position of mutual exclusion or will they form a sort of unity such as for example the Old and New Testament in the Christian Bible Finally the author traces what the religions themselves have postulated about the future of their respective canons The result is surprising the current crisis is only faint reflection of what according to age old predictions awaits the canons in the future Re-imagining South Asian Religions ,2012-12-03

Re-imagining South Asian Religions is a collection of essays offering new ways of understanding aspects of Hindu Tibetan Buddhist Sikh Jain Theosophical and Indian Christian experiences Moving away from canonical texts established authorities and received historiography the essays in this volume draw from a range of methodological perspectives including philosophy history hermeneutics migration and diaspora studies ethnography performance studies lived religion approaches and aesthetics Reflecting a balance of theory and substantive content the papers in this volume call into question key critical terms challenge established frames of reference and offer innovative and alternative interpretations of South Asian ways of knowing and being **Religious Therapeutics** Gregory P. Fields,2002-01-01 Religious therapeutics explores the relationship between psychophysical health and spiritual and health presents a model for interpreting connections between religion and medicine in world traditions This model emerges from the work s investigation of health and religiousness in classical yoga Ayurveda and Tantra Three Hindu traditions noteworthy for the central role they accord

the body Author Gregory P Fields compares Anglo European and Indian philosophies of body and health and uses fifteen determinants of health excavated from texts of ancient Hindu medicine to show that health concerns the person not the body or body mind alone **Hindu Ethics** Harold Coward, Julius Lipner, Katherine K. Young, 1989-01-01 Modern Western approaches to India often have focused on metaphysics at the expense of ethics leading many to see Hinduism as only concerned with the esoteric and the otherworldly The chapters of this book offer case study explorations that are selected and presented to invite comparisons with the modern West Such comparisons will help to remove the apparent otherworldly nature of Hindu thought from the minds of Western readers as well as give depth and new significance to Indian ideas in the areas of medical ethics social ethics and human rights The case studies demonstrate that Indian thought has not ignored deep reflection on ethical problems that are presenting serious challenges to the modern world They demonstrate that Hinduism has a firm grounding in ethics even when the most difficult questions are raised **Yoga and the Luminous** Christopher Key Chapple, 2008-10-30 A fresh look at Yoga philosophy **Aztec Religion and Art of Writing** Isabel Laack, 2019-03-27 Winner of the 2020 Award for Excellence in the Study of Religion Historical Studies In her groundbreaking investigation from the perspective of the aesthetics of religion Isabel Laack explores the religion and art of writing of the pre Hispanic Aztecs of Mexico Inspired by postcolonial approaches she reveals Eurocentric biases in academic representations of Aztec cosmovision ontology epistemology ritual aesthetics and the writing system to provide a powerful interpretation of the Nahuatl sense of reality Laack transcends the concept of sacred scripture traditionally employed in religions studies in order to reconstruct the Indigenous semiotic theory and to reveal how Aztec pictography can express complex aspects of embodied meaning Her study offers an innovative approach to nonphonographic semiotic systems as created in many world cultures and expands our understanding of human recorded visual communication This book will be essential reading for scholars and readers interested in the history of religions Mesoamerican studies and the ancient civilizations of the Americas This excellent book written with intellectual courage and critical self awareness is a brilliant multilayered thought experiment into the images and stories that made up the Nahuatl sense of reality as woven into their sensational ritual performances and colorful symbolic writing system David Carrasco Harvard University **Indian Asceticism** Carl Olson, 2015 Throughout the history of Indian religions the ascetic figure is most closely identified with power A by product of the ascetic path power is displayed in the ability to fly walk on water or through dense objects read minds discern the former lives of others see into the future harm others or simply levitate one's body These tales give rise to questions about how power and violence are related to the phenomenon of play Indian Asceticism focuses on the powers exhibited by ascetics of India from ancient to modern time Carl Olson discusses the erotic the demonic the comic and the miraculous forms of play and their connections to power and violence He focuses on Hinduism but evidence is also presented from Buddhism and Jainism suggesting that the subject matter of this book pervades India's major indigenous religious traditions The book includes a look at the extent to

which findings in cognitive science can add to our understanding of these various powers Olson argues that violence is built into the practice of the ascetic Indian Asceticism culminates with an attempt to rethink the nature of power in a way that does justice to the literary evidence from Hindu Buddhist and Jain sources Communicating Christ Through Story and Song Paul H. De Neui, 2008-06-01 Orality in Buddhist Contexts Missionaries coming from the so called literate world have much to learn from the application of principles behind oral communication However many will not hear these principles until they appear in print It is for this reason that the Southeast Asian Network SEANET proudly presents the fifth volume Communicating Christ Through Story and Song Each of the forum presenters is both practitioner and missological reflector serving in the Buddhist world and is experienced in the areas in which they write Communicating Christ Through Story and Song the fifth volume in the Buddhist World series presents models and case studies of communication of the Gospel through orality in Southeast Asia With contributions from seasoned practitioners working in Cambodia Thailand Sri Lanka Bhutan and the Philippines this insightful book explores the Biblical foundations and the cultural imperative of employing oral tradition to effectively communicate in Buddhist contexts May this volume enable the global Christian community to listen and learn from those to whom orality is the main form of communication of the gospel as God s song and story goes on
