Lexical Issues in L2 Writing Katalin Doró, Päivi Pietilä, Renata Pípalová, 2015-09-04

Research into lexical issues has been one of the most rapidly growing areas of second language acquisition studies in recent years and understandably so the importance of vocabulary can hardly be denied Words are the key to every instance of communication both spoken and written This volume concentrates on vocabulary in written language mostly in academic settings The writers of the chapters come from different countries and universities and naturally represent their own academic backgrounds though they all share a common interest in investigating the characteristics of L2 lexis as it manifests itself in the written production of students at various stages of their language learning careers The target language L2 in the studies reported in the volume is English except in one study on the lexical competence of multilingual learners of French The subjects' native languages include Czech Danish Finnish Hungarian and Swedish thus representing several different language families Each chapter constitutes an independent unit but together the studies reported in them give the reader a

varied and extensive picture of lexical issues in L2 writing The authors approach their topics from different perspectives and use diverse research methods adding to the multifaceted nature of the volume The book will be of interest to researchers educators and students of second language acquisition and applied linguistics The Girl from Kandahar James Ward,2019-08-26 In Afghanistan British secret servicewoman Marcie Brown posing as the third wife of one of ISAF s most trusted operatives is killed in a drone strike Or at least that s what the official report states Deep inside enemy territory what remains of her body is deemed irrecoverable Seven thousand miles away in Britain her grieving husband MI7 Officer Nicholas Fleming joins a police investigation which stumbles onto an Islamist plot to bomb central London Handed responsibility for the counter terrorism initiative he uncovers evidence that one of the bombers is his wife By degrees the utterly unbelievable becomes plausible and at last undeniable Questions such as what really happened to her become academic as love and duty are rendered incompatible To save the lives of hundreds of innocent people Fleming must order the destruction of the only woman he has ever loved To make matters worse there is evidence that she is slowly recovering her memory The Girl From Kandahar is a love story played out on both sides of the War on Terror Its detailed understanding of Pashtun culture and Islam is matched by a corresponding recognition of Western motives and concerns Above all it deals with the human side of the conflict families split loved ones lost communities broken distrust hostility grief Yet its prognosis is far from bleak In the end it may be that no ideology is as powerful as the simple truth that our best hope lies in each other
