The New Practical Reference Library Charles Herbert Sylvester, Ellsworth D. Foster,1919 *The Posen Library of Jewish Culture and Civilization, Volume 5* Posen Library of Jewish culture and civilization (Lucerne, Switzerland),2023-03-21

The fifth volume of the Posen Library demonstrates through a rich array of texts and images the extraordinary diversity of Jewish life during the early modern period. A rich and varied gateway into the primary source material of early modern Jewish history that is very strong on geographical diversity. A magnificent achievement. Adam Sutcliffe, King's College London. The Posen Library of Jewish Culture and Civilization, Volume 5, covering the early modern period 1500-1750, presents a variety of Jewish texts to demonstrate the diversity of Jewish culture and life. These texts originate from Eastern and Western Europe, the Americas, the Ottoman Empire, North Africa, Kurdistan, Persia, Yemen, India, in short, a worldwide diaspora. They embrace historical writing and religious scholarship, liturgical expression and economic records, ethics and personal devotion, correspondence and communal regulations, art and music, architecture and poetry. The simultaneous centrifugal and centripetal character of Jewish communities during this era illustrates the distinctiveness of the early modern period in Jewish history and informs developments in world history at large. Including texts written by women, a robust collection of images and extensive material not previously accessible to English language readers, this volume is rich, deep, and enlightening.
