Scottish Football Heroes:

Billy Bremner's Scottish Football Heroes Billy Bremner, Bernard Bale, 1997 International Sport Richard William Cox, 2004 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new **Encyclopedia of British Football** Richard Cox, Dave Russell, Wray Vamplew, 2020-07-24 This reference work aims to provide sports enthusiasts journalists librarians students and scholars with an authoritative source of information on a comprehensive range of subjects covering the history and organization of football in Britain Over 250 entries focus on key organisations or individuals famous clubs major competitions events venues and incidents institutions and organisations as well as key issues such as gender racism commercialization professionalism and drugs alcohol and football Football Francis Marshall, 1892 **GPA NEWS February 2013** ,
Sport and the Working Class in Modern Britain Richard Holt, 1990 Discrimination in Football Christos Kassimeris, 2021-05-17 While football does not generate discriminatory behaviour it often replicates the very same social issues that concern any given society Evidently football has witnessed an alarming increase in the number of disturbing incidents on the grounds of racism ethnocentrism sectarianism homophobia and sexism Given the variety of forms that discrimination can take it is imperative that football addresses with effect all such anti social phenomena in order to continue to promote notions pertaining to social inclusion equality and cultural diversity all central to the game s philosophy and overall popularity Assessing the nature and causes of discrimination in football is key to identifying the much needed remedies but also because discrimination poses a serious challenge to long established practices deeply rooted in democracy Discrimination in Football provides a comprehensive and in depth investigation into these key issues affecting football today This new book will appeal to academics and students with an interest in social science law sport and humanities as well as football fans and professionals in the football industry **The Visual in Sport** Mike Huggins, Mike O'Mahony, 2013-10-18 This comprehensive novel and exciting interdisciplinary collection brings together leading international authorities from the history of sport social history art history film history design history cultural studies and related fields to explore the ways in which visual culture has shaped and continues to impact upon our understanding of sport as an integral element within popular culture Visual representations of sport have previously been little examined and under exploited by historians with little focused and rigorous scrutiny of these vital historical documents This study seeks to redress this balance by engaging

with a wide variety of cultural products ranging from sports stadia and monuments in the public arena to paintings prints photographs posters stamps design artefacts films and political cartoons By examining the contexts of both the production and reception of this historical evidence and highlighting the multiple meanings and social significance of this body of work the collection provides original powerful and stimulating insights into the ways in which visual material assists our knowledge and understanding of sport This collection will facilitate researchers publishers and others with an interest in sport to move beyond traditional text based scholarship and appreciate the powerful imagery of sport in new ways This book was previously published as a special issue of the International Journal of the History of Sport **Library of Congress**

Brice, 2023-07-28 This book offers a critical examination of the 2023 Fédération Internationale de Football Association FIFA Women's World Cup being held in Australia and Aotearoa New Zealand Drawing on perspectives from sociology history political science and management it sheds new light on the development of women's soccer and on women's sport more broadly This book examines the politics of the build up to the tournament including the bidding process as well as how the tournament has been represented in the media the governance structures of the tournament itself and policy proposals designed to leave an enduring legacy for women and girls in sport The 2023 FIFA Women's World Cup is the first Women's World Cup to be held in the Southern Hemisphere and the first to be held with an expanded 32 team format This book shows why the 2023 FIFA Women's World Cup represents a unique opportunity to enhance our understanding of women's football gender oriented sport development initiatives and strategies national sport policy and programming and the management of international sporting events This book is fascinating reading for any student researcher or practitioner with an interest in sport development sport management sport policy sport sociology event management gender studies political science or the relationship between sport and wider society Little Ireland Patricia Delaney Dishon, 2025-01-16 Little Ireland tells the story of one family from County Monaghan in Ireland who emigrated to Edinburgh in the early nineteenth century and settled in the Old Town in the Irish ghetto of Little Ireland It is also the story of the Irish diaspora who settled there both before and after the Great Famine whose lives revolved around the church of St Patrick in the Cowgate and its charismatic priest Canon Edward Hannan who founded Hibernian Football Club It tells of the exiled Irish community's involvement in the politics of their homeland and their fight for Independence for Ireland through their achievement in having the Freedom of Edinburgh awarded to Charles Stewart Parnell It also tells of the part played by Little Ireland born James Connolly one of the executed leaders of the Easter Rising in Dublin which led in time to the formation of the Irish Free State But most of all it tells of the joys and sorrows of one family who emigrated to Edinburgh seeking a new life of their achievements the tragedies that befell them and how some of them were forced into onward emigration to Canada and America Railways of Ayrshire Gordon Thomson, 2016-07-15 In the early 1800s Ayrshire was already established as a prosperous mainly rural agricultural county The realization that there was abundant coal and to a lesser extent iron ore deposits to be exploited together with the coming of the Industrial Revolution rendered the area wide open to the railway mania that swept Britain in the mid to late 1800s The proximity of the county north to Glasgow and south to Carlisle and thence south made it an attractive proposition for early railway developers Gordon Thomson explores the history and development of the railway routes in Ayrshire how the coming of the railways changed the face of the area and supported the growth of industry It looks at how services evolved through the eras of LMS nationalization and privatization and the preservation and heritage scene in Ayrshire Superbly illustrated with 273 colour and black white photographs
