Scottish Industrial History A Miscellany

Alexander Fenton, Margaret A. Mackay

Scottish Industrial History A Miscellany:

Scottish Industrial History, 1964 *Scottish Industrial History*, 1990 *Scottish Industrial History* Scottish History Society, 1978 The Industrial Revolution in Scotland Christopher A. Whatley, 1997-01-28 A succinct and accessible account of the nature and impact of industrialisation in Scotland **History of the Native Woodlands of Scotland 1500-1920** T. C. Smout, 2007-09-15 The first modern history of Scottish woodlands this highly illustrated volume explores the changing relationship between trees and people from the time of Scotland's first settlement focusing on the period 1500 to 1920 Drawing on work in natural science geography and history as well as on the authors own research it presents an accessible and readable account that balances social economic and environmental factors Two opening chapters describe the early history of the woodlands The book is then divided into chapters that consider traditional uses and management the impact of outsiders on the pine woods and the oakwoods in the first phase of exploitation and the effect of industrialization Separate chapters are devoted to case studies of management at Strathcarron Glenorchy Rothiemurchus and on Skye *An Introduction To Scottish Ethnology* Alexander Fenton, Margaret A. Mackay, 2013-08-06 The publication of *An Introduction to Scottish Ethnology* sees the completion of the fourteen volume Scottish Life and Society series originally conceived by the eminent ethnologist Professor Alexander Fenton The series explores the many elements in Scottish history language and culture which have shaped the identity of Scotland and Scots at local regional and national level placing these in an international context Each of the thirteen volumes already published focuses on a particular theme or institution within Scottish society This introduction provides an overview of the discipline of ethnology as it has developed in Scotland and more widely the sources and methods for its study and practical guidance on the means by which it can be examined within its constituent genres based on the experience of those currently working with ethnological materials Theory and practice are presented in an accessible fashion making it an ideal companion for the student the scholar and the interested amateur alike **Scottish Society, 1707-1830** Christopher A. Whatley, 2000 This book challenges conventional wisdom and provides new insights into Scottish social and economic history Christopher A Whatley argues that the Union of 1707 was vital for Scottish success but in ways which have hitherto been overlooked He proposes that the central place of Jacobitism in the historiography of the period should be revised Comprehensive in its coverage the book is based not only on an exhaustive reading of secondary material but also incorporates a wealth of new evidence from previously little used or unused primary sources **A Bibliography of British History, 1914-1989** Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **A History of the Highland Clearances** Eric Richards, 2020-08-05 First published in 1985 *A History of the Highland Clearances* Volume 2 explores the various types of

communal and intellectual responses contemporary and retrospective to the experience of the clearances The first section considers the legacy of the two hundred years debate about the Highland problem and the place of the clearances therein The second section assesses the scale range and timing of the emigrations of the Highlanders as well as some of the motivations The third section contemplates the direct popular response to the clearances the collective memory and the tradition of physical resistance The fourth section is about the career trial and reputation of Patrick Sellar which together embodied much of the social history ruling ideas and the necessary mythology of the clearances The final section considers the fundamental economic problem of the Highlands in the age of the clearances and the moral and economic alternatives that faced the community the landlords and the nation

The Historical Geography of Scotland Since 1707 David Turnock, 2005-08-04 This is the first book to take a comprehensive view of the historical geography of Scotland since the Union The period is divided into sections separated by the Napoleonic Wars and the First World War and each section offers a general view followed by detailed studies giving a balanced coverage of regional and urban rural criteria and the economic infrastructure The book contains a number of original researches and Dr Turnock attempts to set the Scottish experience in a framework of general ideas on modernisation

The Scots Abroad R. A. Cage, 2021-10-12 Originally published in 1985 this book examines the extent of Scottish migration and Scottish involvement in the process of development Although there are many books written on the Scots abroad this volume is unique in that it has a unifying theme each contributor has concentrated on the role played by the Scots in the economic development of their relevant country or area which include England Canada the USA Australia New Zealand India Latin America and Japan This will be of interest to both social and economic historians

George Lockhart of Carnwath, 1681-1731 Daniel Szechi, 2002-06-30 This comprehensive analysis of the Jacobite mind challenges prevailing stereotypes about Jacobites and provides a detailed history of the Jacobite movement whose influence on the development of Scotland and the British Isles in the eighteenth century was immense The author provides an in depth analysis of the attitudes beliefs and assumptions of one of the most active Jacobites of the early 18th century George Lockhart of Carnwath Lockhart was almost a stereotypical eighteenth century Scottish coming man a Commissioner for Midlothian in the Scottish Parliament a member of the Commission charged with negotiating the treaty of Union MP for Midlothian at Westminster an improving landlord an accomplished writer and pamphleteer But most of all he was a committed passionate Jacobite and nationalist who rose to become one of the senior leaders of the Jacobite underground in Scotland in the period between the rising of 1715 and the more famous 45 By bringing out the distinctive features of Lockhart's perception of the world and his times Daniel Szechi sheds light on the inner workings of the Jacobite mind and hence the Jacobite underground in Scotland during the traumatic years leading up to and following the Union of 1707

The Scottish Glass Industry 1610-1750 Jill Turnbull, 2001 Glassmaking was one of the earliest manufacturing industries to be set up in Scotland but one about which little information has been published This monograph aims to rectify

that situation by documenting the early days of Scottish glass production from the granting of the first patent in 1610 up to the mid 18th century

The Life of Adam Smith Ian Simpson Ross, 2010-09-23 In this the first full scale biography of Adam Smith for a hundred years Ian Simpson Ross brings his subject into historical light as a thinker and author by examining his family circumstance education career and social and intellectual circle including David Hume and Francois Quesnay Smith's life is revealed through his correspondence archival documents the reports of contemporaries and the record of his publications This is the life of a Scottish moral philosopher whose legacy of thought concerns and affects us all Its lively and informed account will appeal to those interested in the social and intellectual milieu of the eighteenth century and in Scottish history Economists and philosophers will find much to read about the history of their disciplines supported by full documentation

Scottish History Society, 1984

Strangers Within the Realm Bernard Bailyn, Philip D. Morgan, 2012-12-01 Shedding new light on British expansion in the seventeenth and eighteenth centuries this collection of essays examines how the first British Empire was received and shaped by its subject peoples in Scotland Ireland North America and the Caribbean An introduction surveys British imperial historiography and provides a context for the volume as a whole The essays focus on specific ethnic groups Native Americans African Americans Scotch Irish and Dutch and Germans and their relations with the British as well as on the effects of British expansion in particular regions Ireland Scotland Canada and the West Indies A conclusion assesses the impact of the North American colonies on British society and politics Taken together these essays represent a new kind of imperial history one that portrays imperial expansion as a dynamic process in which the outlying areas not only the English center played an important role in the development and character of the Empire The collection interprets imperial history broadly examining it from the perspective of common folk as well as elites and discussing the clash of cultures in addition to political disputes Finally by examining shifting and multiple frontiers and by drawing parallels between outlying provinces these essays move us closer to a truly integrated story that links the diverse ethnic experiences of the first British Empire The contributors are Bernard Bailyn Philip D Morgan Nicholas Canny Eric Richards James H Merrell A G Roeber Maldwyn A Jones Michael Craton J M Bumsted and Jacob M Price

The Rise and Fall of Scottish Industry, 1707-1939 Roy Hucheson Campbell, 1980

People and Power in Scotland Roger A. Mason, Norman Macdougall, 2001-01-01 Few Scottish historians are better known than T C Smout and fewer still more deserving of the high esteem in which they are held He has made an outstanding contribution to Scottish historical studies both as an academic discipline and as a subject of wide popular appeal His retirement in 1991 after twelve years as Professor of Scottish History at the University of St Andrews diminished neither his interest nor his output It did however provide a fitting opportunity to honour his accomplishments This collection of ten essays by his friends and colleagues at St Andrews is a measure of his enormous success in promoting Scottish history there and of their respect for his achievements Ranging widely over the Scottish past from the fifteenth to the nineteenth centuries from high politics to popular protest from

shipwrecks to railway mania from local social studies to the problem of national identity the essays pay tribute to the depth of Smout's historical understanding by reflecting the breadth of research that he has done so much to encourage Network North Steve Murdoch, 2006 Discussing a series of economic confessional political and espionage networks this volume provides an illuminating study of network history in Northern Europe in the early modern period The empirically researched chapters advance existing social network theory into accessible historical discussion **Salt** Christopher A. Whatley, Joanna Hambly, 2023-09-14 Salt is a vital commodity For many centuries it sustained life for Scots as seasoning for a diet dominated by grains mainly oats and for preservation of fish and cheese Sea salt manufacturing is one of Scotland's oldest industries dating to the eleventh century if not earlier Smoke and steam emitting panhouses were once a common sight along the country's coastline and are reflected in many of Scotland's placenames The industry was a high status activity with the monarch initially owning salt pans Salt manufacture was later organised by Scotland's abbeys and then by landowners who had access to the sea and a nearby supply of coal As salt was an important source of tax revenue for the government it was often a cause of conflict and military action between Scotland and England The future of the industry and the price of salt for consumers was a major issue during negotiations around the Union of 1707 This book celebrates both the history and the rebirth of the salt industry in Scotland Although salt manufacturing declined in the nineteenth century and was wound up in the 1950s in the second decade of the twenty first century the trade was revived Scotland's salt is now a high prestige green product that is winning awards and attracting interest across the UK

As recognized, adventure as well as experience virtually lesson, amusement, as competently as bargain can be gotten by just checking out a ebook **Scottish Industrial History A Miscellany** next it is not directly done, you could take even more roughly this life, re the world.

We come up with the money for you this proper as skillfully as easy artifice to get those all. We have the funds for Scottish Industrial History A Miscellany and numerous books collections from fictions to scientific research in any way. in the midst of them is this Scottish Industrial History A Miscellany that can be your partner.
