Serial Film Stars Buck Rainey, 2024-10-18

Pearl White, William Duncan, William Desmond, Ben Wilson, Walter Miller, Francis Ford, Charles Hutchinson, Jack Dougherty, and Eddie Polo are just a few of the stars to start up a whirlwind of enthusiasm among serial devotees. They offered a thrill, a minute world of ridiculous plots, weird disguises, hair-raising escapes, hidden treasures, diabolic scientific devices, wild animals, depraved men, runaway trains, and an endless procession of knock-down drag-out fights. Who could resist? This reference work highlights 446 serial performers who thrilled generations. Each entry includes the performer's birth and death dates, serial credits, major films, and details of life before and after the movies.

The ... Film Daily Year Book of Motion Pictures, 1929 **The Red Years of Cahiers du cinéma (1968-1973)**

Daniel Fairfax, 2025-10-01

The uprising which shook France in May 1968 also had a revolutionary effect on the country's most prominent film journal. Under editors Jean Louis Comolli and Jean Narboni, *Cahiers du cinéma* embarked on a militant turn that would govern the journal's work over the next five years. Inspired by Marxist and psychoanalytic theory, the red years of *Cahiers du cinéma* produced a theoretical outpouring that was seminal for the formation of film studies and is still of vital relevance for the contemporary audiovisual landscape. *The Red Years of Cahiers du Cinéma 1968-1973* gives an overview of this period in the journal's history and its aftermath, combining biographical accounts of the critics who wrote for *Cahiers* in the post-1968 period with theoretical explorations of their key texts.

Video and DVD Industries Paul McDonald, 2019-07-25

When the videocassette recorder was launched on the consumer market in the mid-1970s, it transformed home entertainment. Bringing together complementary but also competing interests from the consumer electronics industry and the film, television, and other copyright industries, video created a new sector of media business. Two decades later, DVD reinvented video media for the digital age. DVD provided consumers with an innovative form of entertainment technology and almost instantaneously became the catalyst for a huge boom in the video market. Although the VCR and DVD created major markets for video hardware and software, the video business has been continually shaped by industry conflicts and tensions. Repeatedly the

video market has become divided when faced with the introduction of competing formats Easy reproduction of films and other works on cassette or disc made video software a lucrative market for the copyright industries but also intensified struggles to combat the effects of commercial piracy Video and DVD Industries examines the business of video entertainment and provides the first study looking at DVD from an industrial perspective Detailing divisions in the video business the book outlines industry battles over incompatible formats from the Betamax VHS war to competing laserdisc systems alternatives such as video compact disc or Digital Video Express and the introduction of HDDVD and Blu ray high definition systems Chapters also look at the formation of international markets in the globalization of video media the contradictory responses of the Hollywood studios to video and DVD and the legal and technological measures taken to control industrialized video piracy

Ouellette, 2021-09-28 The Elder Scrolls V Skyrim is one of the bestselling and most influential video games of the past decade From the return of world threatening dragons to an ongoing civil war the province of Skyrim is rich with adventure lore magic history and stunning vistas Beyond its visual spectacle alone Skyrim is an exemplary gameworld that reproduces out of game realities controversies and histories for its players Being Dragonborn then comes to signify a host of ethical and ideological choices for the player both inside and outside the gameworld These essays show how playing Skyrim in many ways is akin to playing 21st century America with its various crises conflicts divisions and inequalities Topics covered include racial inequality and white supremacy gender construction and misogyny the politics of modding rhetorics of gameplay and narrative features *Japan on Display* Morris Low, 2006-09-27 Sixty years on from the end of the Pacific War

Japan on Display examines representations of the Meiji emperor Mutsuhito 1852 1912 and his grandson the Showa emperor Hirohito who was regarded as a symbol of the nation in both war and peacetime Much of this representation was aided by the phenomenon of photography The introduction and development of photography in the nineteenth century coincided with the need to make Hirohito's grandfather the young Meiji Emperor more visible Photo books and albums became a popular format for presenting seemingly objective images of the monarch reminding the Japanese of their proximity to the Emperor and the imperial family In the twentieth century these national albums provided a visual record of wars fought in the name of

the Emperor while also documenting the reconstruction of Tokyo scientific expeditions and imperial tours Drawing on archival documents photographs and sources in both Japanese and English this book throws new light on the history of twentieth century Japan and the central role of Hirohito With Japan s defeat in the Pacific War the Emperor was transformed from wartime leader to peace loving scientist Japan on Display seeks to understand this reinvention of a more human Emperor and the role that photography played in the process

Queering Buñuel Julian Daniel Gutierrez-Albill,2008-05-30 As the father of cinematic Surrealism extensive critical attention has been devoted to Luis Bunuel s cinema Much has been written about his first Surrealist films of the 1920s and 1930s and the French art movies of the 1960s and 1970s However here for the first time is a queer re reading of Bunuel s Spanish language films allowing us to view Bunuel s cinema through a lens of queer spectatorship Focusing on the films Bunuel produced in Mexico and Spain during the 1950s and 1960s Julian Daniel Gutierrez Albilla argues not that Bunuel s films have a homosexual subplot but that there are multiple forms of identity subjectivity and sexuality present in these films Queering Bunuel brings together the fields of film studies feminist and queer theory Hispanic studies psychoanalysis and art theory Gutierrez Albilla succeeds in reconceptualizing Bunuel s Mexican and Spanish films beyond geographical historical and disciplinary boundaries questioning not just how we see Bunuel but also how we see cinema
