Deification in Eastern Orthodox Theology Emil Bartos,2007-01-01 In recent years Eastern Orthodox thought has had an increasing influence on key aspects of contemporary Western Christian thought particularly as regards the doctrine of the Trinity and mystical spirituality However the foundations and fundamental presuppositions of Eastern Christianity s theological system have remained largely unstudied and thus unknown in the West In this important study Emil Bartos examines the doctrine of deification which provides the conceptual basis for the way Staniloae and other Orthodox theologians understand the major doctrines of the Christian faith The idea that God became man that man might become God sounds almost heretical to many Western ears yet this affirmation is repeated countless times in the writings of the Eastern Fathers Beginning with the apophaticism that lies at the heart of Eastern theology Bartos examines each of the key doctrines of anthropology christology soteriology and ecclesiology as they relate to deification in Staniloae s thought Bartos study represents not merely a contribution to contemporary dialogue between Eastern and Western theologians but also a much needed introduction to an aspect of Christian thought down the centuries that is largely neglected in the Christian West

diminishing of certain facts or generalization of others the total or partial grammaticalization of phenomena competition between structures and cases of syntactic variation The book takes a typological and comparative perspective focusing on those phenomena that are considered specific to Romanian either on the Romance or in the Balkan area and adopts a modern framework while still remaining accessible to readers from any background Neoplatonism și creștinism: negație și transcendență Daniel Jugrin, 2023-05-11 Nu este nici cuvânt al ei nici nume nici cunoștință Nu este nici ntineric nici lumin nici eroare nici adevăr Nu este defel nici postulare thesis a ei nici ndepărtare aphairesis Cifcând postulările ndepărtările a celor de după ea nici nu o postulăm nici nu o ndepărtăm de vreme ce cauza deplină a tuturor este hyper toată postularea și hyper toată ndepărtarea ca cea care este preeminența a hyperochei liber de toate și dincolo de epekeina toate Dionisie Areopagitul Despre teologia mistică V **Rumanian Studies**, 1970 **Mircea Eliade: Autobiography** Mircea Eliade, 2024-05-31 Here finally are Eliade's memoirs of the first thirty years of his life in Mac Linscott Rickett's crisp and lucid English translation They present a fascinating account of the early development of a Renaissance talent expressed in everything from daily and periodical journalism realistic and fantastic fiction and general nonfiction works to distinguished contributions to the history of religions Autobiography follows an apparently amazingly candid report of this remarkable man's progression from a mischievous street urchin and literary prodigy through his various love affairs a decisive and traumatic Indian sojourn and active brilliant participation in pre World War II Romanian cultural life Seymour Cain Religious Studies Review

Modernity Alexandra Chiriac,2022-09-26 As a direct result of an international conference organized in the year 2021 the volume tries to shed light on the way in which the translation activity contributed to the Romanian culture and language drawing from different traditions and cultures it came in contact with directly or indirectly and thus mingling the own Slavonic church tradition with the new and revolutionary ideas of the Western world and using this mix to modernise the society language and the politics in this region Furthermore this eclectic collection of articles highlights the fact that it was neither the exclusive merit of the Transylvanian scholars nor of the Moldavian or Wallachian ones to have contributed decisively to the formation of the national consciousness and to the standardisation of the language but it was rather the collaboration the circulation of people and ideas that furthered the modernity in all three Romanian Principalities Without disregarding the regional specificity of the Romanian Enlightenment the volume focuses on the interconnections of the agents involved in the cultural transfer on the networks they created for the dissemination of knowledge and political thought and on the common effort to render the new ideas and concepts of the foreign cultures in a national language that could be accessible to the Romanians **An Encyclopedia of Continental Women Writers** Katharina M.
