Scripture And Truth:

HIDDEN TRUTHS OF THE BIBLE LEIGHTON GORDON,2013-11 Do you desire to know the truth There are a lot of misconceptions about the Bible Lies are often passed down from generation to generation manipulating the word of God The only way to really and truly gain a full understanding of the Bible is by intensely studying it with great aspiration Some may be fine with not knowing the complete truth or pretending to be a sold out Christian and not honestly knowing what God s word says about many issues faced on a daily basis Individuals may be fine displaying that tag that reads Jesus is my co pilot on the front of their car In all reality Jesus is the pilot he operates the vehicle that drives us though life Most of us are driving underage and need some parental guidance God is our father and wants to keep us on the right path by nurturing us with his unique and supernatural word The Bible Jesus gives us the freedom to run to him or away from him Hidden Truths challenges you to consider the truth and what it entails Leighton directly approaches the truth in a daring way that reveals Jesus love for you and causes you to re evaluate your relationship with Jesus Leighton urges you to redevelop principles that you have been practicing the wrong way The only right way to do things is by following God s holy word **The Scripture of Truth; Its**

When Holy Scripture is read aloud in the liturgy the church confesses with joy and thanksgiving that it has heard the word of the Lord What does it mean to make that confession And why does it occasion praise The doctrine of Scripture is a theological investigation into those and related questions and this book is an exploration of that doctrine It argues backward from the church s liturgical practice presupposing the truth of the Christian confession namely that the canon does in fact mediate the living word of the risen Christ to and for his people What must be true of the sacred texts of Old and New Testament alike for such confession and the practices of worship in which they are embedded to be warranted By way of an answer the book examines six aspects of the doctrine of Scripture its source nature attributes ends interpretation and authority The result is a catholic and ecumenical presentation of the historic understanding of the Bible common to the people of God across the centuries an understanding rooted in the church s sacred tradition in service to the gospel and redounding to the glory of the triune God **The Truth of Scripture in Connection with Revelation, Inspiration, and**

Seized by Truth Prof. Joel B. Green,2010-09-01 We read the Bible and interpret Scripture in order to live in grace filled relation to God s divine purpose When we approach the Bible as Scripture author Joel Green takes seriously the faith statement that the Bible is our Book these scriptures are our Scripture We are not reading someone else s mail as though reading the Bible had to do foremost with recovering an ancient meaning

intended for someone else and then translating its principles for use in our own lives When we recall that we are the people of God to whom the Bible is addressed as Scripture we realize that the fundamental transformation is not the transformation of an ancient message into a contemporary meaning but rather the transformation of our lives by means of God's Word This means that reading the Bible as Scripture has less to do with what tools we bring to the task however important these may be and more to do with our own dispositions as we come to our engagement with Scripture We come not so much to retrieve facts or to gain information but to be formed and ultimately transformed Scripture does not present us with texts to be mastered but with a Word God's Word intent on mastering us on shaping our lives The Fulfilling of the Scripture
