Pearson,2022-11-30 In 1998 the Belitung a ninth century western Indian Ocean style vessel was discovered in Indonesian waters Onboard was a full cargo load likely intended for the Middle Eastern market of over 60 000 Chinese Tang dynasty ceramics gold and other precious objects It is one of the most significant shipwreck discoveries of recent times revealing the global scale of ancient commercial endeavors and the centrality of the ocean within the Silk Road story But this shipwreck also has a modern tale to tell of how nation states appropriate the remnants of the past for their own purposes and of the international debates about who owns and is responsible for shared heritage The commercial salvage of objects from the Belitung and their subsequent sale to Singapore contravened the principles of the 2001 UNESCO Convention on the Protection of the Underwater Cultural Heritage and prompted international condemnation The resulting controversy continues to reverberate in academic and curatorial circles Major museums refused to host international traveling exhibitions of the collection and some archaeologists announced they would rather see the objects thrown back in the sea than ever go on display Shipwrecks are anchored in the public imagination their stories of treasure and tragedy told in museums cinema and song At the same time they are sites of scholarly inquiry a means by which maritime archaeologists interrogate the past through its material remains Every shipwreck is an accidental time capsule replete with the sunken stories of those on board of the personal and commercial objects that went down with the vessel and of an unfinished journey In this moving and thought provoking reflection of underwater cultural heritage management Natali Pearson reveals valuable

new information about the Belitung salvage obtained firsthand from the salvagers and the intricacies in the many conflicts and relationships that developed In tracing the Belitung s lives and afterlives this book shifts our thinking about shipwrecks beyond popular tropes of romance pirates and treasure and toward an understanding of how the relationships between sites objects and people shape the stories we tell of the past in the present *The English Catalogue of Books ...* Sampson
