Bar Codes Jean McKenzie Leiper,2011-11-01 Bar Codes examines women lawyers attempts to reconcile their professional obligations with other aspects of their lives It charts the life courses of women who constitute a first wave an avant garde in a profession designed by men for men where formal codes of conduct and subtle cultural norms promote masculine values A thorough analysis of women's encounters with this culture provides some answers and raises more questions about the kinds of stresses that have become extreme in the lives of many Canadian

women This book adds to mounting evidence of marked gender differences in opportunities for advancement demonstrating that many men still enjoy freedom from domestic responsibilities while women continue to face multiple barriers in their quest for career success As this study shows change is under way in the legal profession and women can succeed in reaching high levels within it but the law remains in many ways a masculine institution ARUN DEEP'S 10 YEARS SOLVED PAPERS FOR ICSE CLASS 10 EXAM 2024 - COMPREHENSIVE HANDBOOK OF 16 SUBJECTS - YEAR-WISE BOARD SOLUTIONS, REVISED SYLLABUS (TWO COLOURED EDITION) (2013 TO 2023) Panel of Authors, Easy Quick and Concise Revision with Arun Deep s 10 Years Solved Papers for ICSE Class 10 Board Examinations 2024 Our Handbook consists of Solved Papers for total 15 Subjects including English I English II Physics Chemistry Biology History Civics Geography Mathematics Hindi Computer Application Economics Economic Applications Commercial Studies Commercial Applications Physical Education and Home Science Secret Keeping John Howard Prin,2010-10-05 What do author James Frey and former president Bill Clinton have in common They were both secret keepers and their secrets had disastrous effects on their careers Millions of people hide addictions from their closest friends and family often destroying their lives and the lives of others This book explores how to break the secret keeping habit and get the help and support needed to overcome addiction rebuild self esteem and live honestly The first half of the book explores the human tendency to keep secrets and profiles a variety of secret keepers from all walks of life and with a wide range of addictions The second half helps readers examine and understand their own addictions and secret keeping and offers a clear step by step approach to healing and recovery Based on the twelve step program this book offers a way to change your life for the better one day at a time Practical solutions for countering secretive and destructive behaviors ranging from smoking to gambling to alcoholism Addictions to drugs alcohol smoking gambling eating pornography and sex are considered to be at epidemic levels in the United States Shakespeare Stories II Leon Garfield,1995 Together Leon Garfield and Michael Foreman have produced a literary and illustrative tour de force that pays homage to the world s most celebrated playwright **The Merchant of Venice** William Baker,Brian Vickers,2025-05-15 This volume documents the full tradition of criticism of The Merchant of Venice ranging from 1775 to 1939 The Merchant of Venice has always been regarded as one of Shakespeare s most interesting plays though it poses many challenges due to what is seen as its inherent anti Semitism Before the 19th century critical reaction is relatively fragmentary but between then and the late 20th century the critical tradition reveals the power of the play to evoke emotion in the theatre Since the middle of the 20th century reactions to the drama have been influenced by the Nazi destruction of European Jewry An extensive introduction charts the reactions to the play up to the beginning of the 21st century and reflects changing reactions to prejudice in this period Material by a variety of critics appears here for the first time since initial publication including from Malone Hazlitt Jameson Heine Knight Lewes Halliwell Phillips Furnivall Irving Ruskin Swinburne Masefield Gollancz and Quiller Couch This revised edition features a new supplementary introduction by Gary

Watt surveying and analyzing trends in criticism since the volume was first published in 2005 including a focus on Jewishness and anti-Semitism and the character of Shylock mercantile financial risk insurance usury and credit trial law rhetoric equity and justice gender queer themes cross dressing and the Antonio Bassanio relationship race and colonialism **Portia** Edith B. Gelles, 1995 Annotation Here at last is the biography that Abigail Adams has long deserved one that puts her rather than her husband at its center and which interprets her life in light of both its eighteenth century context and recent feminist scholarship Gelles brings new insights to familiar topics like the Adams marriage and Abigail's wartime role explains more fully than previous scholars such incidents as the failed courtship of Royall Tyler and Abigail Junior and examines with sensitivity hitherto little known episodes like that of Abigail's epistolary flirtation with James Lovell during the Revolution or Abigail Junior's mastectomy in 1811 In short this is a remarkable achievement far surpassing all earlier attempts to capture the essence of the woman who was one of early America's greatest letter writers Mary Beth Norton Edith Gelles has written a deeply interesting book about Abigail Adams she is careful to reconstruct the eighteenth century environment of Abigail Adams De Gelles is a careful historian of eighteenth century America and a thoughtful biographer She has given us a fresh examination of Abigail Adams which will stimulate in helpful ways additional research and discussion Robert Middlekauff In this important and fascinating biography Edith Gelles not only restores Abigail Adams to her rightful place at the center of her own story she challenges the creaky conventions of traditional male defined biography Portia breaks ranks with the biographers twice by refusing to treat Abigail Adams as a reflection of her husband and by refusing to force her life's story into an artificially linear narrative In this masterful work Edith Gelles reconceptualizes and revolutionizes the very notion of biography by capturing experience as it truly unfolds in so many women's lives as a collage of overlapping and circular impressions and feelings rather than a relentless climb up a ladder of public ambition Susan Faludi The best biography of Abigail Adams in print By keeping the spotlight on Mrs Adams and sensitively evaluating her in eighteenth century terms Edith Gelles provides the most rounded portrait yet of this important woman Patricia U Bonomi Edith B Gelles uses the revolutionary years as the backdrop of this sensitive study And The political events as the drama in which the players act out well defined roles Gelles's story of relationships networks and power in the context of Abigail's eighteenth century world is truly a superb accomplishment American Historical Review Adams's strength courage and wit emerge more fully than they have in any previous work Gelles has succeeded in providing a well rounded portrait of a remarkable figure Choice Portia Is a refreshing change of pace Edith Gelles is affectionate yet scholarly determined to present Adams as a strong character who was very much a woman of her time not merely a liberated precursor to feminism or the little wife behind the great man San Francisco Chronicle Portia The first woman centered biography of Abigail Adams details the issues events and relationships that informed Adams's life The portrait that emerges also describes women like her during the Revolutionary era Much of Abigail Adams's independent reputation derives from the letters that she wrote for over a half century Personal and eloquent

they provide unusual access to her private life and capture the social conventions politics and people of her age The letters describe her domestic sphererelationships with her sisters her daughter and sons and friends such as Thomas Jefferson Her marriage to John Adams is considered in the context of the patria **Leon Garfield's Shakespeare Stories** Leon

Garfield,2015-11-03 How to introduce children to Shakespeare not just to the stories behind the plays but to the richness of Shakespeare s language and the depth of his characters That s the challenge that Leon Garfield no slouch as a wordsmith himself sets out to meet in his monumental and utterly absorbing Shakespeare Stories Here twenty one of the Bard s plays are refashioned into stories that are true to the wit the humor the wisdom the sublime heights the terrifying depths and above all the poetry of their great originals Throughout Garfield skillfully weaves in Shakespeare s own words accustoming young readers to language and lines that might at first seem forbiddingly unfamiliar Leon Garfield s Shakespeare Stories is an essential distillation a truly Shakespearean tribute to Shakespeare s genius and a delight for children and parents alike
