Sectional Biases In Congress On Foreign Policy

Patrick Abbazia

Sectional Biases In Congress On Foreign Policy:

Sectional Biases in Congress on Foreign Policy George Grassmuck, 1951 **Congress and Foreign Policy** United States. Congress. House. Committee on International Relations. Special Subcommittee on Investigations, 1976 American Business and Foreign Policy Joan Hoff Wilson, 2021-10-21 With increasing world economic interdependence and a new position as a creditor nation the American business community became more actively and vocally concerned with foreign policy after World War I than ever before This book details the response of American businessmen to such foreign policy issues as the tariff disarmament allied debts loans and the Manchurian crisis Far from presenting a monolithic front the business community fragmented into nationalist and internationalist camps according to this study Division over each issue varied with the size type and geographic region of the various business interests and despite their formidable economic power business internationalists are shown to have played a more limited role on certain issues than has been formerly assumed Unfortunately for the future development of United States diplomacy and world stability no institutional means for tempering business influence on the formulation of foreign policy or for coordinating economic and political foreign policies were developed in the twenties

Senatorial Politics and Foreign Policy Malcolm E. Jewell, 2021-09-15 Bipartisanship has become so associated with the conduct of foreign policy that partisanship has virtually been forgotten In this persuasive study of senatorial politics Malcolm E Jewell reasserts the importance of partisanship arguing that increased party responsibility is the best guarantee for the establishment of sound policy and for the continued support of policy once established The author bases his conclusions on a study of the Senate during the Truman and Eisenhower administrations

Political Process and Foreign Policy Bernard Cecil Cohen, 2015-12-08 Dr Cohen examines the major elements with foreign policy making roles public opinion interest groups the media of communication the Executive branch and the Congress to determine the nature of their interests in the Japanese peace settlement and their actions respecting it Then he analyzes the interrelationships among these factors and the patterns of influence they revealed Originally published in 1957 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Sectional Biases in congress on foreign policy George L. Grassmuck, 1949
The Politics of American Foreign Aid Michael O'Leary, 2017-09-29 Every year the Administration and the Congress battle stubbornly and often bitterly over appropriations for foreign aid Clearly much more is at stake than a difference of opinion over a small fraction of the annual budget the tug of war stems from clashes of basic political philosophies divergent approaches to one of the most important elements of our foreign policy and inherent conflicts among various domestic power

blocs In his book which adds a much needed dimension to the discussion and analysis of United States foreign policy O Leary reveals the many complex factors that go into the making of American foreign aid policy While placing the emphasis on the political system as a whole its components the relative power of actors in the system and the manner in which they interact to create policy the author presents a detailed and enlightening picture of the attitudes of the general public the political parties the pressure groups and Congress itself to the issue of foreign aid Basing his work on poll data press comment Congressional and Executive documents Congressional roll call votes and interviews with congressmen their assistants foreign aid officials and lobbyists O Leary makes clear how the workings of the American political system affect our foreign aid policy and programs Originally published in 1967 it remains useful for all courses dealing with our foreign relations Congress or the specifics of the operation of our government *Politics, Economics, and Welfare* Robert A. Dahl, 2017-09-29 For most of this century the habit of thinking about politics and economics in terms of grand and simple alternatives has exerted a powerful influence over the minds of those concerned with economic organization *Politics Economics and Welfare* is a systematic attack on the idea of all embracing ideological solutions to complex economic problems **American Nations** Colin Woodard, 2012-09-25 A New Republic Best Book of the Year The Globalist Top Books of the Year Winner of the Maine Literary Award for Non fiction Particularly relevant in understanding who voted for who during presidential elections this is an endlessly fascinating look at American regionalism and the eleven nations that continue to shape North America According to award winning journalist and historian Colin Woodard North America is made up of eleven distinct nations each with its own unique historical roots In *American Nations* he takes readers on a journey through the history of our fractured continent offering a revolutionary and revelatory take on American identity and how the conflicts between them have shaped our past and continue to mold our future From the Deep South to the Far West to Yankeedom to El Norte Woodard author of *American Character A History of the Epic Struggle Between Individual Liberty and the Common Good* reveals how each region continues to uphold its distinguishing ideals and identities today with results that can be seen in the composition of the U S Congress or on the county by county election maps of any hotly contested election in our history **Victors Divided** Keith L. Nelson, 2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1975 **The Elusive Quest** Melvyn P. Leffler, 2017-10-10 Leffler argues that American officials did not disregard European developments after World War I but rather they sought to settle the war debt and reparations controversies to stabilize European currencies and to revive European markets Leffler bridges the gap between revisionist and traditionalist studies by integrating the diverse aspects of foreign policy and elucidates many new aspects of the foreign policymaking process in the postwar period Originally published in 1979 A UNC Press Enduring

Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Mr. Roosevelt's Navy Patrick Abbazia, 2016-09-15 The U S Navy was at war in the Atlantic long before 7 December 1941 but little is known about that conflict Mr Roosevelt's Navy is a vivid thoroughly researched account of this undeclared war upon which Mr Roosevelt embarked in order to sway the desperate Battle of the Atlantic in favor of Britain's hard pressed Royal Navy

American Writers and the Approach of World War II, 1930-1941 Ichiro Takayoshi, 2015 Ichiro Takayoshi's book argues that World War II transformed American literary culture From the mid 1930s to the American entry into World War II in 1941 pre eminent figures from Ernest Hemingway to Reinhold Neibuhr responded to the turn of the public's interest from the economic depression at home to the menace of totalitarian systems abroad by producing novels short stories plays poems and cultural criticism in which they prophesied the coming of a second world war and explored how America could prepare for it The variety of competing answers offered a rich legacy of idioms symbols and standard arguments that were destined to license America's promotion of its values and interests around the world for the rest of the twentieth century Ambitious in scope and addressing an enormous range of writers thinkers and artists this book is the first to establish the outlines of American culture during this pivotal period Provided by publisher

The Politics of Arms Control Treaty Ratification M. Krepon, D. Caldwell, 2016-04-30 In the treaty of Versailles and the SALT II Treaty years of painstaking diplomatic effort were lost when the United States Senate refused to provide its consent to ratification This book provides the first comparative assessment ever written of executive congressional relations and the arms control treaty ratification process A renowned team of historians political scientists and policy analysts look at seven case studies ranging from Versailles to the INF Treaty to explore the myriad ways to win and lose treaty ratification battles This book constitutes a strong marriage of scholarship and public policy

American Foreign Relations Reconsidered Gordon Martel, 2002-11-01 This major new textbook brings together twelve of the leading scholars of U S foreign relations Each contributor provides a clear concise summary of an important period or theme in US diplomatic and strategic affairs since the Spanish American War Michael Hunt and Joan Hoff provide an overview of the traditions behind US policy and a preview of things to come Together the contributors offer a succinct explanation of the controversies and questions that historians have grappled with throughout the twentieth century Students will find these essays a reliable and useful guide to the various schools of thought which have emerged Although each of the scholars is well known for their detailed and original work these essays are new and have been specially commissioned for this book The articles follow the chronological development of the emergence of the United States as a world power but special themes such as the American policy process economic interests relations with the Third World and the dynamics of the nuclear arms race have been singled out for separate treatment American Foreign Relations

Reconsidered 1890 1993 represents essential reading for upper level undergraduates studying modern American history The book has been designed and written exclusively to meet the needs of students either as a major course text or as a set of supplementary readings to support other texts **Catalog of Copyright Entries** Library of Congress. Copyright Office,1952 **Congressional Voting and Foreign Policy** Xiaochuan Xie,1993 **The Development of Political Attitudes in Children** Judith V. Torney-Purta,2017-09-08 Based on a study of 12 000 elementary school children in eight large and medium sized American cities this book presents the first large scale study of political attitude formation in children The authors view political development from the perspective of a general theory of socialization and compare the influences of social class intelligence teacher attitude and religious membership on the growth of political attitudes The book outlines the way in which the child s political awareness evolves from identification with authority figures such as father policeman the president to a grasp of more abstract political concepts and the rudiments of political participation Illuminating a topic of great theoretical concern and practical educational importance the book is a significant contribution to the fields of political sociology child development and educational psychology and an important reference work for all concerned with the processes of socialization and of attitude formation in general The Development of Political Attitudes in Children was based on a major survey the first of its kind begun at the University of Chicago in 1960 to ascertain information about the induction of children into the political life of the United States to describe the nature of socialization into citizenship roles and to examine pre adult political learning and behavior in terms of other implications for the stability of the political system **Politics, Economics, and Welfare** Robert Alan Dahl, Cover Half Title Title Page Copyright Page Table of Contents Introduction to the Transaction Edition Preface 1976 Preface 1953 Acknowledgments Part I INDIVIDUAL GOALS AND SOCIAL ACTION 1 Social Techniques and Rational Social Action 2 Ends and Means Part II TWO BASIC KINDS OF SOCIAL PROCESSES 3 Some Social Processes for Rational Calculation 4 Some Social Processes for Control Part III SOCIAL PROCESSES FOR ECONOMIZING 5 Social Processes for Economizing Part IV FOUR CENTRAL SOCIOPOLITICAL PROCESSES 6 The Price System Control of and by Leaders 7 The Price System Control of and by Leaders Continued 8 Hierarchy Control by Leaders 9 Hierarchy Control by Leaders Continued 10 Polyarchy Control of Leaders 11 Polyarchy Control of Leaders Continued 12 Bargaining Control Among Leaders 13 Bargaining Control Among Leaders Continued Part V POLITICO ECONOMIC TECHNIQUES 14 Price System Hierarchy and Polyarchy for Choice and Allocation 15 Price System Hierarchy and Polyarchy for Choice and Allocation Continued 16 Price System Hierarchy and Polyarchy for Other Economizing Processes 17 Bargaining as a Politico Economic Technique POSTSCRIPT 18 Postscript Index **Search for the American Right Wing** William B. Hixson Jr.,2015-03-08 This book is a creative synthesis of the published scholarly research on the contemporary American right wing from the rise of Senator Joseph McCarthy to the election of Ronald Reagan as President Unlike most other syntheses it directly engages that research by critically analyzing the major

explanations emerging from it Emphasizing neither the lives and backgrounds of the scholars that he discusses nor paradigms within the social sciences as a whole William Hixson focuses on the way the concepts of individual researchers have interacted with accumulating evidence on the American right and how this evidence has led to new and more comprehensive theories Hixson first summarizes and evaluates the research on the major developments analyzed by scholars the social sources of McCarthyism the radical right of the early 1960s George Wallace s constituency in his Presidential campaigns and the emerging new right of the late 1970s He then compares the interpretations of the two most influential students of the right wing Seymour Martin Lipset and Michael Paul Rogin Finally he offers his own explanations suggesting that the right wing is both a mass and elite phenomenon that its durability comes from its appeal to the upwardly mobile especially in economically expanding regions and that far from being either traditionalist or reactive it represents a proactive defense of values associated with late nineteenth century modernization Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Sectional Biases In Congress On Foreign Policy Book Review: Unveiling the Power of Words
