Secular Grail Paradigms Of Perception:

Romanticism and Postmodernism Edward Larrissy, 1999-08-28 The persistence of Romantic thought and literary practice into the late twentieth century is evident in many contexts from the philosophical and ideological abstractions of literary theory to the thematic and formal preoccupations of contemporary fiction and poetry Though the precise meaning of the Romantic legacy is contested it remains stubbornly difficult to move beyond This collection of essays by prominent critics and literary theorists was first published in 1999 and explores the continuing impact of Romanticism on a variety of authors and genres including John Barth William Gibson and John Ashbery while writers from the Romantic and Victorian period include Wordsworth Byron and Emily Bront Many critics have assumed that the forms and modes of feeling associated with the Romantic period continued to influence the cultural history of the the first half of the twentieth century This was the first book to consider the mutual impact of postmodernism and Romanticism **Locations of Literary Modernism** Alex

Conolly, 2004-11-30 Post Colonial Literatures in English together with English Literature and American Literature form one of the three major groupings of literature in English and as such are widely studied around the world Their significance derives from the richness and variety of experience which they reflect In three volumes this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **The Plastic Turn** Ranjan Ghosh, 2022-11-15

The Plastic Turn offers a novel way of looking at plastic as the defining material of our age and at the plasticity of plastic as an innovative means of understanding the arts and literature Ranjan Ghosh terms this approach the material aesthetic and through this concept traces the emergence and development of plastic polymers along the same historical trajectory as literary modernism Plastic s growth as a product in the culture industry its formation through multiple application and chemical syntheses and its circulation via oceanic movements Ghosh argues correspond with and offers novel insights into developments in modernist literature and critical theory Through innovative readings of canonical modernist texts analyses of art works and accounts of plastic s devastating environmental impact The Plastic Turn proposes plastic s unique properties and destructive ubiquity as a theory machine to explain literature and life in the Anthropocene Introducing several new concepts like plastic literature plastic literary etc into critical humanist discourse Ghosh enmeshes literature and theory materiality and philosophy history and ecology to explore why plastic as a substance and as an idea intrigues disturbs and haunts us **The Concise Oxford Companion to Canadian Literature** William Toye, 2001 The concise version of the critically acclaimed second edition of The Oxford Companion to Canadian Literature offers all the authority of the original in

Reading Without Maps? Den Tandt Christophe (ed.), 2005 Among the intellectual debates of the last forty years the critique of cultural canons has attracted the highest share of public attention stirring academic educational and media controversies on both sides of the Atlantic Postmodernism feminism postcolonialism and multiculturalism have refashioned the attitudes of educators and audiences towards cultural memory opening up curricula to subjects and traditions previously excluded from the humanities Predictably these new critical practices have triggered heated responses from commentators fearing that culture and education might thereby be deprived of their capacity to provide audiences and learners with proper groundings and landmarks The present volume gathers contributions that throw light on multiple aspects of this reconfiguration of cultural memory It brings together essays focusing on the dynamics of canon formation in several fields literature drama film and music Contributors examine how writers and communities find their bearings in a cultural landscape more complex than that previously envisaged by advocates of the Great Tradition Specifically the present essays throw light on the status of modernist writing drama in English or popular genres within the new canonical topography elaborated at the turn of the twenty first century **Recherches Sémiotiques** ,1997 **Canadian Periodical Index**
