

The background image shows the interior of a large, historic church. The upper half features a high, vaulted ceiling with intricate stone tracery and a series of ribbed arches. The lower half shows a modern lounge area with a circular arrangement of low tables and stools, illuminated by a warm, orange glow. A large, circular, illuminated structure hangs from the ceiling in the center of the lounge. People are seated at the tables, and a long white table with chairs is visible in the foreground.

Secularization Rationalism And Sectarianism Essays In Honour Of Bryan R Wilson:

Secularization, Rationalism, and Sectarianism Bryan R. Wilson, 1993 How secular is contemporary society Are pockets of sectarianism embedded in societies of developed countries This timely book examines the interweaving of politics and religion and of tradition and innovation in a variety of cultural settings Eminent scholars from four continents examine here current turmoil in religious beliefs practices and organization not only in the Western world but in South America Africa South Asia New Zealand and Japan They scrutinize evidence of religious change decline and revival investigate challenges posed by new religious movements and locate religious change and conflict in the context of broader shifts in consciousness and culture Contributors include Richard Fenn Phillip E Hammond David Martin Philip Rieff Roland Robertson and Mark Schibley With its focus on the interplay of secularization rationalism and sectarianism this work offers a fitting tribute to Bryan Wilson who has made so many contributions to the sociological understanding of these phenomena

Secularization in the Long 1960s Clive D. Field, 2017 Using empirical research this study provides a clear guide to the current state of the debate surrounding secularization in Britain during the long 1960s

Encountering Buddhism in Twentieth-Century British and American Literature Lawrence Normand, Alison Winch, 2013-10-24 Encountering Buddhism in Twentieth Century British and American Literature explores the ways in which 20th century literature has been influenced by Buddhism and has been in turn a major factor in bringing about Buddhism s increasing spread and influence in the West Focussing on Britain and the United States Buddhism s influence on a range of key literary texts will be examined in the context of those societies evolving modernity Writers discussed include T S Eliot Hermann Hesse Virginia Woolf Jack Kerouac Allen Ginsberg J D Salinger Iris Murdoch Maxine Hong Kingston This book brings together for the first time a series of context rich interpretations that demonstrate the importance of literature in this ongoing cultural change in Britain and the United States

Empowering the People Richard A. Horsley, 2022-03-25 In this innovative study Horsley builds on his earlier works concerning the problematic and misleading categories of magic and miracle to examine in depth the meaning and importance of the narratives of healing and exorcism in the Gospels Incorporating his work on oral performance and turning to important works in medical anthropology a new image emerges of how these narratives help us re evaluate Jesus s place in first century Galilee and Judea In his exorcisms and healings Jesus in interaction was empowering the villagers in their struggles for renewal of personal and communal dignity in resistance to invasive Roman rule

Jesus and Magic Richard A Horsley, 2015-04-30 It has become standard in modern interpretation to say that Jesus performed miracles and even mainline scholarly interpreters classify Jesus s healings and exorcisms as miracles Some highly regarded scholars have argued more provocatively that the healings and exorcisms were magic and that Jesus was a magician As Richard Horsley points out if we make a critical comparison between modern interpretation of Jesus s healing and exorcism on the one hand and the Gospel stories and other ancient texts on the other hand it becomes clear that the miracle and magic are modern

concepts products of Enlightenment thinking Jesus and Magic asserts that Gospel stories do not have the concepts of miracle and magic What scholars constructed as magic turns out to have been ritual practices such as songs incantations medicines potions and appeals to higher powers for protection Horsley offers a critical reading of the healing and exorcism episodes in the Gospel stories This reading reveals a dynamic relationship between Jesus the healer the trust of those coming for healing and their support networks in local communities Horsley s reading of the Gospel stories gives little or no indication of divine intervention Rather the healing and exorcism stories portray healings and exorcisms *Routledge International Handbook of Charisma* José Pedro Zúquete,2020-11-29 The Routledge International Handbook of Charisma provides an unprecedented multidimensional and multidisciplinary comparative analysis of the phenomenon of charisma first defined by Max Weber as the irrational bond between deified leader and submissive follower It includes broad overviews of foundational theories and experiences of charisma and of associated key issues and themes Contributors include 45 influential international scholars who approach the topic from different disciplinary perspectives and utilize examples from an array of historical and cultural settings The Handbook presents up to date concise thought provoking innovative and informative perspectives on charisma as it has been expressed in the past and as it continues to be manifested in the contemporary world by leaders ranging from shamans to presidents It is designed to be essential reading for all students researchers and general readers interested in achieving a comprehensive understanding of the power and potential of charismatic authority in all its varieties subtleties dynamics and current and potential directions The Encyclopedic Sourcebook of New Age Religions James R. Lewis,2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public s curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement s historical roots A unique feature of Dr Lewis s work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon Jesus Research James H. Charlesworth,Brian Rhea,Petr Pokorny,2014-01-23 This volume explores nearly every facet of Jesus research from eyewitness criteria to the reliability of memory from

archaeology to psychobiography from oral traditions to literary sources and from narrative criticism to Gospel criticism Bringing together a wide variety of topics and perspectives in one volume this ambitious collaborative enterprise casts light on important debates and encourages creative links between ideas new and old This distinguished collection of articles by internationally renowned Jewish and Christian scholars originates with the Princeton Prague Symposium on Jesus Research It summarizes the significant advances in understanding Jesus that scholars have made in recent years chiefly through the development of diverse methodologies Even readers who are already knowledgeable in the field will discover unique angles from well known New Testament scholars and all will be brought up to speed on the current state of play within Jesus studies

The Oxford Handbook of the Sociology of Religion Peter Clarke, 2011-02-04 The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and spirituality on the politics culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline

The Social Significance of Religion in the Enlarged Europe Olaf Müller, 2016-02-24 Engaging with some of the central issues in the sociology of religion this volume investigates the role and significance of churches and religion in contemporary Western and Eastern Europe Based on an extensive international research project it offers case studies of various countries including Finland Ireland Portugal Germany Poland Russia Estonia Hungary and Croatia as well as cross country comparisons Researching more precisely the present social relevance of church and religion at different levels The Social Significance of Religion in the Enlarged Europe raises and responds to both descriptive and explanatory questions Can we observe tendencies of religious decline in the various Western and Eastern European countries Are we witnessing trends of religious individualization To what extent has there been a religious upswing in the last few years And what are the factors causing the observed processes of religious change Marked by its broad range of data and a coherent conceptual framework in accordance with which each chapter assesses the extent to which three important theoretical approaches in the sociology of religion secularization theory the market model of religion and the individualization thesis are applicable to the data this book will be of interest to scholars

of sociology politics and religion exploring religious trends and attitudes in contemporary Europe **Truth Claims in a Post-Truth World** Erkan Ali, 2023-08-18 Drawing on debates from a multi disciplinary perspective this book examines what it means to offer a genuine sociological critique of religious faith illiberalism and anti secularism from a macro perspective Arguing that as a discipline concerned with real issues in the social world sociology should be at the forefront of any analysis of religious power and legitimacy the author contends that much religious faith is fundamentally incompatible with any twenty first century society that seeks inclusive utilitarian and humanistic principles as its goals With an emphasis on sociology the effects of organised religion s overall decline in modern Western contexts are explored while the troubling re emergence or persistence of faith based and other non evidentiary perspectives is also discussed via debates around identity politics postmodernism and multiculturalism Through an analysis of the rise of irrational thinking in our politics and our entire social and cultural fabric the book moves to conclude that religious beliefs and other forms of dogmatism are underpinned by powerful influential and potentially dangerous ideological structures at various levels of society and that viable secular alternatives to faith teachings ought to be nurtured in their place A critique of religion that advances modern secular humanistic thought Truth Claims in a Post Truth World will appeal to scholars of sociology social theory and philosophy with interests in religion political thought ethics and civil society Religion in the Contemporary World Alan Aldridge, 2013-04-03 In the new edition of this widely praised text Alan Aldridge examines the complex realities of religious belief practice and institutions Religion is a powerful and controversial force in the contemporary world even in supposedly secular societies Almost all societies seek to cultivate religions and faith communities as sources of social stability and engines of social progress They also try to combat real and imagined abuses and excess regulating cults that brainwash vulnerable people containing fundamentalism that threatens democracy and the progress of science and identifying terrorists who threaten atrocities in the name of religion The third edition has been carefully revised to make sure it is fully up to date with recent developments and debates Major themes in the revised edition include the recently erupted culture war between progressive secularists and conservative believers the diverse manifestations of fundamentalism and their impact on the wider society new individual forms of religious expression in opposition to traditional structures of authority and the backlash against multiculturalism with its controversial implications for the social integration of ethnic and religious minority communities Impressive in its scholarly analysis of a vibrant and challenging aspect of human societies the third edition will appeal strongly to students taking courses in the sociology of religion and religious studies as well as to everyone interested in the place of religion in the contemporary world *The Social Unconscious* Earl Hopper, 2003 The social unconscious and its manifestations in group analysis are the focus of this important new book of Earl Hopper s selected papers Drawing on sociology psychoanalysis and group analysis he argues that groups and their participants are constrained unconsciously by social cultural and political facts and forces **Traumatic Experience in the Unconscious Life of Groups** Earl

Hopper,2003 Working within the traditions of Bion Turquet Foulkes and Pines and drawing on concepts and data from psychoanalysis group analysis and sociology this volume develops Earl Hopper s theory of the fourth basic assumption in the unconscious life of groups and group like social systems within a social cultural and political context **Sects and Sectarianism in Jewish History** Sacha Stern,2011-04-21 Several Jewish groups from Antiquity until today have been traditionally identified as sects or as sectarian most famously the Qumran community and the Qaraites This volume questions the appropriateness of this interpretation of social and religious movements in Jewish history **A Church Drawing Near** Paul D. L. Avis,2004-01-01 By first defining the core tasks or mission of the Church in biblical and theological terms Paul Avis then goes on to ask how these tasks can best be carried out in the conditions of modernity and post modernity **The Subversive Evangelical** Peter J. Schuurman,2019-06-30 Evangelicals have been scandalized by their association with Donald Trump their megachurches summarily dismissed as religious Walmarts In The Subversive Evangelical Peter Schuurman shows how a growing group of reflexive evangelicals use irony to critique their own tradition and distinguish themselves from the stereotype of right wing evangelicalism Entering the Meeting House an Ontario based Anabaptist megachurch as a participant observer Schuurman discovers that the marketing is clever and the venue a rented movie theatre is attractive to the more than five thousand weekly attendees But the heart of the church is its charismatic leader Bruxy Cavey whose anti religious teaching and ironic tattoos offer a fresh image for evangelicals This charisma Schuurman argues is not just the power of one individual it is a dramatic production in which Cavey his staff and attendees cooperate cultivating an identity as an irreligious megachurch and providing followers with a more culturally acceptable way to practise their faith in a secular age Going behind the scenes to small group meetings church dance parties and the homes of attendees to investigate what motivates these reflexive evangelicals Schuurman reveals a playful and provocative counterculture that distances itself from prevailing stereotypes while still embracing a conservative Christian faith **After Empire** Peter Zarrow,2012-03-28 From 1885 1924 China underwent a period of acute political struggle and cultural change brought on by a radical change in thought after over 2 000 years of monarchical rule the Chinese people stopped believing in the emperor These forty years saw the collapse of Confucian political orthodoxy and the struggle among competing definitions of modern citizenship and the state What made it possible to suddenly imagine a world without the emperor After Empire traces the formation of the modern Chinese idea of the state through the radical reform programs of the late Qing 1885 1911 the Revolution of 1911 and the first years of the Republic through the final expulsion of the last emperor of the Qing from the Forbidden City in 1924 It contributes to longstanding debates on modern Chinese nationalism by highlighting the evolving ideas of major political thinkers and the views reflected in the general political culture Zarrow uses a wide range of sources to show how statism became a hegemonic discourse that continues to shape China today Essential to this process were the notions of citizenship and sovereignty which were consciously adopted and modified from Western discourses on

legal theory and international state practices on the basis of Chinese needs and understandings This text provides fresh interpretations and keen insights into China's pivotal transition from dynasty to republic *The Rise of the Global South* Elijah Jong Fil Kim, 2012-04-06 Global Christianity has been experiencing an unprecedented historical transition from the West to the non-Western world The leadership of global Christianity has taken on a new face since the twentieth century Christendom in Europe and America has experienced a great decline while there has been a rise in Majority World Christianity Churches in the Global South have given their voices to global Christianity through their leadership world mission movements and theology The phenomenal church growth has risen from the Pentecostal and Charismatic movement Pentecostalism has become the dominant force in global Christianity today The Rise of the Global South examines the significance this shift has had on global Christianity by going through the history of Christianity in the West and the causes of the shift *Global Pentecostalism* Donald E. Miller, Tetsunao Yamamori, 2007-09-03 This book is an important contribution Written in an engaging style and filled with highly instructive material it provides an impressive picture of what is arguably the most dynamic religious phenomenon of our time the worldwide explosion of Pentecostalism Miller and Yamamori deftly reveal how religion is effecting societies and cultures around the globe Peter L Berger Director of the Institute on Culture Religion and World Affairs at Boston University Miller and Yamamori are explorers bringing word to the First World of a large Third World religious development that until now has barely broken the surface of our awareness This book marks the beginning of what will be a large and significant discussion Jack Miles Pulitzer Prize winner for *God: A Biography* Global Pentecostalism is immensely important informative and readable The scope of the research is also amazingly impressive The simultaneously wide ranging and yet grass rootsy empirical data collection provides a truly unique character for the book Christian Smith author of *Soul Searching: The Religious and Spiritual Lives of American Teenagers* Global Pentecostalism is beautifully written and friendly to an audience of practitioners as well as to academic and professional researchers The empirical research is unprecedented and the volume will stand alone in the marketplace Doug Petersen Margaret S Smith Professor of Intercultural Studies Vanguard University

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **Secularization Rationalism And Sectarianism Essays In Honour Of Bryan R Wilson**

In some sort of inundated with screens and the cacophony of immediate conversation, the profound energy and emotional resonance of verbal beauty frequently diminish into obscurity, eclipsed by the continuous assault of sound and distractions. However, nestled within the lyrical pages of **Secularization Rationalism And Sectarianism Essays In Honour Of Bryan R Wilson**, a interesting function of literary beauty that pulses with organic thoughts, lies an unforgettable journey waiting to be embarked upon. Written by way of a virtuoso wordsmith, this enchanting opus manuals visitors on a mental odyssey, delicately revealing the latent potential and profound influence embedded within the intricate internet of language. Within the heart-wrenching expanse of this evocative evaluation, we will embark upon an introspective exploration of the book is key subjects, dissect its captivating publishing fashion, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
