Secure Relationships Nurturing Infanttoddler Attachment In Early Care Settings:

Secure Relationships Alice S. Honig, 2002 On Being and Well-Being in Infant/Toddler Care and Education Mary Benson McMullen, 2022 With its real life stories and invitations for reflection and conversation this book is an ideal professional development resource for pre and in service birth age 3 professionals The author shares lived experiences of being in four distinctly different baby rooms as a researcher over extended periods of time She frames each life story around elements of well being and asks readers to consider whether and how environmental and relational factors supported or hindered the physical psychological and emotional well being of the children and adults The author encourages readers to see themselves in the stories to consider how they may have acted in the circumstances described and to deliberate on their own practices and beliefs With empathy and respect McMullen fully conveys an intent to elevate celebrate and honor those who spend their days in infant toddler care and education while examining the critical role all adults in society play in the lives of our youngest citizens Book Features Invites personal reflection and discussion with colleagues in the form of prompts and questions after each story Provides a friendly but scholarly look at the spaces conditions and quality of birth to age three settings the area of fastest growing need in early childhood care and education ECCE Focuses on the well being of the adults and children featured in the book providing a holistic perspective on their needs motivations and experiences Emphasizes a here and now perspective in contrast to books that tend to focus primarily on preparing children for future outcomes and accomplishments

Group Care for Infants, Toddlers, and Twos Deborah J. Norris, Diane M. Horm, 2019-10-23 This volume extends the knowledge base supporting research informed child care for infants and toddlers while simultaneously highlighting areas of study ripe for future research The authors demonstrate from a systems perspective that the experiences and outcomes of very young children in child care are influenced by characteristics of and interactions between the children adults and settings Varying methodological approaches as well as the utilization of newer data collection instruments inform the field s understanding of current practices and procedures while offering guidance for future programming and policy In turn the chapters highlight a plethora of open questions and a need for a new generation of research to support the field of infant toddler care Future challenges are evident in the recognition of the inadequate nature of our current measures of child outcomes and classroom processes the field s unmet promise to incorporate interdisciplinary perspectives and the need for newer methodological designs that blend the strengths of quantitative and qualitative approaches These issues are important given the growing demand for infant toddler care and the increasing recognition of the unique role of this age period in serving as the foundation for all later development This book was originally published as a special issue of Early Education and Development

Social and Emotional Prevention and Intervention Programming for Preschoolers Susanne A. Denham, Rosemary Burton, 2012-12-06 Social and Emotional Prevention and Intervention Programming for Preschoolers rests on the idea that young children under optimal circumstances develop substantial abilities in social and emotional domains by

the time they enter school These abilities contribute to their success and well being during these early years but even more importantly to both their successful adaptation to school personal and academic and their long term mental health The chapters of this volume present theoretical foundations for and explanations of what important adults in young children s lives preschool teachers daycare providers parents can do to encourage the development of such social emotional abilities including promoting secure attachment relationships providing positive behavior guidance and assisting children in developing emotion knowledge emotion regulation social problem solving skills and other positive social behaviors In addition the book reviews the current state of early childhood programming in each of these crucial areas with the addition of a chapter on emergent parent programming on emotion coaching Recommendations are made for making such programming work for assessing individual children s development and program efficacy and necessary future directions for this area are detailed
