Security In British Politics 1945 99:

Security in British Politics 1945-99 D. Keohane, 2000-08-21 Keohane examines the main British political parties attitude to Britain's policy on three key security issues namely the use of force nuclear weapons and security in Northern Ireland He analyses how each of the parties viewed conflicts at Suez the Falklands and the Gulf elucidates their perspective on nuclear weapons and concludes with a review of their attitude towards security in Northern Ireland The book finds the parties policies reflect their distinctive views on security while international conditions often severely affect the policy pursued

The Royal Navy in the Falklands Conflict and the Gulf War Alastair Finlan, 2004 This book provides an insight into the relationship between the Royal Navy's institutional culture and modern warfare with specific reference to the Falklands Conflict and the Gulf War

Blair's Britain, 1997-2007 Anthony Seldon, 2007-09-20 Tony Blair has dominated British political life for more than a decade Like Margaret Thatcher before him he has changed the terms of political debate and provoked as much condemnation as admiration At the end of his era in power this book presents a wide ranging overview of the achievements and failures of the Blair governments Bringing together Britain's most eminent academics and commentators on British politics and society it examines the effect of the Prime Minister and his administration on the machinery of government economic and social policy and foreign relations Combining serious scholarship with clarity and accessibility this book represents the authoritative verdict on the impact of the Blair years on British politics and society

The Labour Party and the world, volume 1 Rhiannon Vickers, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This is the first comprehensive study of the political ideology and history of the Labour Party's world view and foreign policy It argues that the development of Labour's foreign policy perspective should be seen not as the development of a socialist foreign policy but as an application of the ideas of liberal internationalism The first volume outlines and assesses the early development and evolution of Labour's world view It then follows the course of the Labour party's foreign policy during a tumultuous period on the international stage including the First World War the Russian Revolution the Spanish Civil War the build up to and violent reality of the Second World War and the start of the Cold War This highly readable book provides an excellent analysis of Labour's foreign policy during the period in which Labour experienced power for the first time

International Crisis Management Marc Houben, 2004-11-23 Over the past fifty years crisis management has become essential to achieving and maintaining national security This book offers a comparative analysis of the preconditions and constraints nine European states place on their participation in international crisis management operations and the important consequences of such decisions and provides a theoretical framework to help the reader understand this complex decision making process

Stories from small museums Fiona Candlin, Toby Butler, Jake Watts, 2022-11-29 During the late twentieth century the number of museums in the UK dramatically increased Typically small and independent the new museums concentrated on local history war and transport

This book asks who founded them how and why In order to find out more Fiona Candlin a professor in museology and Toby Butler an expert oral historian travelled around the UK to meet the individuals families community groups and special interest societies who established the museums The rich oral histories they collected provide a new account of recent museum history one that weaves together personal experience and social change while putting ordinary people at the heart of cultural production Combining academic rigour with a lively writing style *Stories from small museums* is essential reading for students and museum enthusiasts alike

Allies of Convenience Evan N. Resnick,2019-08-06 Since its founding the United States has allied with unsavory dictatorships to thwart even more urgent security threats How well has the United States managed such alliances and what have been their consequences for its national security In this book Evan N Resnick examines the negotiating tables between the United States and its allies of convenience since World War II and sets forth a novel theory of alliance bargaining Resnick's neoclassical realist theory explains why U S leaders negotiate less effectively with unfriendly autocratic states than with friendly liberal ones Since policy makers struggle to mobilize domestic support for controversial alliances they seek to cast those allies in the most benign possible light Yet this strategy has the perverse result of weakening leverage in intra alliance disputes Resnick tests his theory on America's Cold War era alliances with China Pakistan and Iraq In all three cases otherwise hardline presidents bargained anemically on such pivotal issues as China's sales of ballistic missiles Pakistan's development of nuclear weapons and Iraq's sponsorship of international terrorism In contrast U S leaders are more inclined to bargain aggressively with democratic allies who do not provoke domestic opposition as occurred with the United Kingdom during the Korean War An innovative work on a crucial and timely international relations topic *Allies of Convenience* explains why the United States has mismanaged these deals with the devil with deadly consequences

British Exploitation of German Science and Technology, 1943-1949 Charlie Hall,2019-01-16 At the end of the Second World War Germany lay at the mercy of its occupiers all of whom launched programmes of scientific and technological exploitation Each occupying nation sought to bolster their own armatures and industries with the spoils of war and Britain was no exception Shrouded in secrecy yet directed at the top levels of government and driven by ingenuity from across the civil service and armed forces Britain made exploitation a key priority By examining factories and laboratories confiscating prototypes and blueprints and interrogating and even recruiting German experts Britain sought to utilise the innovations of the last war to prepare for the next This ground breaking book tells the full story of British exploitation for the first time sheds new light on the legacies of the Second World War and contributes to histories of intelligence science warfare and power in the midst of the twentieth century

International Affairs ,2001 **The British National Bibliography** Arthur James Wells,2000 The Writers Directory ,2013 **Air Power History** ,2004 **The End of Empires and a World Remade** Martin Thomas,2024-03-19 A capacious history of decolonization from the decline of empires to the era of globalization Empires until recently were everywhere They shaped borders stirred conflicts and set the terms of international politics With the collapse of empire came a fundamental reorganization of our world Decolonization unfolded across territories as well as within them Its struggles became internationalized and transnational as much global campaigns of moral disarmament against colonial injustice as local contests of arms In this expansive history Martin Thomas tells the story of decolonization and its intrinsic link to globalization He traces the connections between these two transformative processes the end of formal empire and the acceleration of global integration market reorganization cultural exchange and migration The End of Empires and a World Remade shows how profoundly decolonization shaped the process of globalization in the wake of empire collapse In the second half of the twentieth century decolonization catalyzed new international coalitions it triggered partitions and wars and it reshaped North South dynamics Globalization promised the decolonized greater access to essential resources to wider networks of influence and to worldwide audiences but its neoliberal variant has reinforced economic inequalities and

imperial forms of political and cultural influences In surveying these two codependent histories across the world from Latin America to Asia Thomas explains why the deck was so heavily stacked against newly independent nations Decolonization stands alongside the great world wars as the most transformative event of twentieth century history In *The End of Empires and a World Remade* Thomas offers a masterful analysis of the greatest process of state making and empire unmaking in modern history International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,2001 **Foreign Relations of the United States** United States. Department of State,1969
