Studies in the Psychology of Sex: Sex in relation to society Havelock Ellis, 1910 **Studies in the psychology of sex. v.6, 1911** Havelock Ellis, 1910 *Dreams of Love and Fateful Encounters* Ethel S. Person, 2007-04-02 This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis romantic passionate love Ethel Person views romantic love as a powerful agent of change arguing that it is as central to human culture as it is to human existence This new edition of *Dreams of Love and Fateful Encounters* emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love related issues from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts Employing a philosophical perspective in order to understand the existential dilemmas posed by love and a cultural perspective in order to understand its cultural variability Dr Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love She acknowledges love s vital importance and power proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love Among the issues she discusses are romantic love s sources in our early lives its relationship to imagination and creativity and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love love across generations and love triangles focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature film and real life Person focuses on the lover s internal soliloquy and external dialogue with the beloved that can develop over an individual s life An uplifting resource for people experiencing failing or unorthodox romances *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers to professionals who encounter patients for whom key conflicts revolve around romantic love and to anyone who has struggled to understand the importance of romantic love in his or her own life *Honoré de Balzac: Repertory of La comédie humaine* Honoré de Balzac, 1900 **Selected Fiction and Drama of Eliza Haywood** Eliza Haywood, 1999-01-28 This exciting edition gathers together for the first time a sampling of Haywood s writings generous enough to represent the full range of her fiction and drama and includes material from each decade of her long writing life All texts come back into

print here and here alone The collection features six fictions including both racy early work and later experimental prose fiction two plays and some powerful political writing *Honoré de Balzac* Honoré de Balzac,1900 **The Édition**

Equal Adulthood Corinne T. Field,2014-09-02 In the fight for equality early feminists often cited the infantilization of women and men of color as a method used to keep them out of power Corinne T Field argues that attaining adulthood and the associated political rights economic opportunities and sexual power that come with it became a common goal for both white and African American feminists between the American Revolution and the Civil War The idea that black men and all women were more like children than adult white men proved difficult to overcome however and continued to serve as a foundation for racial and sexual inequality for generations In detailing the connections between the struggle for equality and concepts of adulthood Field provides an essential historical context for understanding the dilemmas black and white women still face in America today from glass ceilings and debates over welfare dependency to a culture obsessed with youth and beauty Drawn from a fascinating past this book tells the history of how maturity gender and race collided and how those affected came together to fight against injustice **Drama** ,1984 **The English Reports: Exchequer (1220-1865)**

,1915 **Unfortunate Objects** T. Evans,2005-10-11 This book analyzes how poor eighteenth century London women coped when they found themselves pregnant their survival networks and the consequences of bearing an illegitimate child It does so by exploring the encounters between poor women and the parish as well as London s lying in hospitals and the Foundling Hospital It suggests that unmarried mothers did not constitute a deviant minority within London s plebeian community In fact many could expect to find compassion rather than ostracism a response to their plight All poor mothers left without the support of their child s father shared similar strategies of survival and economies of makeshift **The English Reports:**
