The Ethical Seduction of the Analytic Situation Viviane Chetrit-Vatine, 2018-05-11 According to Jacques Andre the patient's encounter with the analyst is a scene of seduction the seductive statement being that of the fundamental rule or the invitation to address that which is most intimate or personal to a complete stranger But the practice of psychoanalysis can only unfold if there is a strict respect for ethics The words seduction and ethics which at first sight seem mutually exclusive are thus as the author shows at the heart of the analytic perspective The author takes as her starting point an encounter which is not necessarily consensual between Emmanuel Levinas thought and his conception of philosophy as ethics ethics understood as responsibility for the other and that of the psychoanalyst Jean Laplanche who posits the first adult other as a seducer of the young psyche from the outset due to the transmission of enigmatic messages compromised by his or her unconscious The analyst's ethical position is re-examined and with it the feminine maternal origins of the human capacity for responsibility for the other

Tom Murphy's Theatre of Everyday Space Moonyoung Hong, 2025-05-08 By the time of his death in 2018 Tom Murphy was widely recognised as one of Ireland's most important modern playwrights Ireland's experience of rapid modernisation emigration and globalisation is vividly captured in his plays challenging generic notions of space place and the nation In particular his drama reconfigures Irish theatre's uneasy relationship with globalisation with the peasant kitchen the pub and the bog having traditionally been exported as the quintessential Irish spaces Focusing on one of Murphy's central innovations his experimentation with theatre and everyday space the book considers the significance of Murphy's work in modern drama more broadly The idea of home has preoccupied modern playwrights since the naturalist dramas of Henrik Ibsen and Anton Chekhov leading theatre scholars to focus on the everyday space of the home to the exclusion of other everyday spaces Murphy's works by contrast offer a new politics of the interior engaging with a diverse range of other spaces such as dancehalls grocery shops pubs hotels offices churches gasworks and airports His drama presents a global sense of the local an emotional map of the shifting geographies of everyday life By applying new theoretical perspectives and showcasing new archival materials inaccessible to previous scholars the book revisits Murphy as an international playwright a cartographer of our modern day global village

Discourses of Seduction Hosea Hirata, 2020-03-17 If the postmodernist ethical onslaught has led to the demise of literature by exposing its political agenda if all literature is compromised by its entanglement with power why does literature's subterranean voice still seduce us into reading Why do the madness and the scandal of transgressive literature its power to force us to begin anew its evil escape the gaze of contemporary literary criticism Why do we dare not reject ethics and the ethical approach to literature If the primary task of literary criticism is to correct others ethical missteps should we not begin by confronting the seductiveness of ethics our desire for ethics the pleasure we take in being ethical And what is the relationship between ethics and history in the study of literature What would be the ethical consequences of an erasure of history from literary criticism In a series of essays on the writings of Kawabata Yasunari Murakami Haruki Karatani Kjin Furui Yoshikichi Mishima Yukio Oe Kenzaburo Natsume Soseki and Kobayashi Hideo Hosea Hirata visits the primal force of the scandalous in an effort to repeat in the Kierkegaardian sense the originary scene that initiates the obscure yet insistent poetry that is literature and to confront the questions raised

to understanding moral thought **Nietzsche's Psychology of Ressentiment** Guy Elgat, 2017-03-31 Ressentiment the hateful desire for revenge plays a pivotal role in Nietzsche's *On the Genealogy of Morals*. Ressentiment explains the formation of bad conscience, guilt, asceticism, and most importantly, it motivates the slave revolt that gives rise to Western morality's values. This book brings it sharply into focus and provides the first detailed examination of Nietzsche's psychology of ressentiment. It shows how ressentiment, despite its blindness to justice, gives rise to moral justice, the central target of Nietzsche's critique. The result provides a novel view of Nietzsche's moral psychology in the *Genealogy*, his critique of morality, and his views on justice.

Gender and Morality in Anglo-American Culture, 1650-1800 Ruth Heidi Bloch, 2003-02-10 Ruth Bloch's stellar essays on the origins of Anglo-American conceptions of gender and morality are brought together in this valuable book, which collects six of her most influential pieces in one place for the first time and includes two new essays. The volume illuminates the overarching theme of her work by addressing a basic historical question: Why did the attitudes toward gender and family relations that we now consider traditional values emerge when they did? Bloch looks deeply into eighteenth-century culture to answer this question, highlighting long-term developments in religion, intellectual history, law, and literature, showing that the eighteenth century was a time of profound transformation for women's roles as wives and mothers, for ideas about sexuality, and for notions of female moral authority. She engages topics from British moral philosophy to colonial laws regarding courtship and from the popularity of the sentimental novel to the psychology of religious revivalism. Lucid, provocative, and wide-ranging, these eight essays bring a revisionist challenge to both women's studies and cultural studies as they ask us to reconsider the origins of the system of gender relations that has dominated American culture for two hundred years.

Decennial Edition of the American Digest, 1910 **Seduction of Ethics** Will C. van den Hoonaard, 2011-06-13 Formal research ethics committees in Canada now function as an industry costing over thirty-five million dollars annually. *The Seduction of Ethics* argues that while ethics codes are alluring to the public, they fuel moral panic and increase demands for institutional accountability. Will C. van den Hoonaard explores the research ethics review process itself by analysing the moral cosmology and practices of ethics committees regarding research and researchers. *The Seduction of Ethics* also investigates how researchers have tailored their approaches in response to technical demands, leading social science disciplines to resemble each other more closely and lose the richness of their research. Van den Hoonaard reveals an idiosyncratic and inconsistent world in which researchers employ particular strategies of avoidance or partial or full compliance as they seek approval from ethics committees.

Ethics in an Age of Savage Inequalities James Winchester, 2015-12-08 Within the United States alone, almost fifteen percent of the population lives in poverty. *Ethics in an Age of Savage Inequalities* investigates what moral obligations the middle class might have to the poor. While there are no simple ethical prescriptions, the fact remains that many of us afford small luxuries while others in the world struggle to live on less than a dollar a day. James J. Winchester suggests that we can and should give not only charity

but restitution to the poor Looking at extraction of minerals and the plight of service workers in the United States among many other things this book demonstrates how the middle class benefits from the exploitation of the poor and harms the environment in ways that threaten people in poverty Winchester argues that now is the time to take political action to reduce the savage inequalities in this world Of interest to anyone involved in ethics social justice sociology and even political science Ethics in an Age of Savage Inequalities explores the idea that money is only a small part of what we owe to the poor
