The Seduction and Other Stories Joyce Carol Oates, 1974 Short Story Index , 1999 **Conversations with Joyce**

Carol Oates Joyce Carol Oates, 1989 These twenty five interviews with Joyce Carol Oates from early in her career to the present are the first such collection to be published In these conversations from sources as diverse as major news magazines and small scholarly journals Oates candidly talks about her work her concepts of literature her methods of writing and many other topics Throughout this anthology Oates discusses how her writing paints a modern panorama of American life Oates described her vast canvas to an interviewer I could not take the time to write about a group of people who did not represent in their various struggles fantasies unusual experiences hopes etc our society in miniature She also comments upon her responsibility as an artist to bear witness to certain aspects of society In this light she responds to criticisms that violence seems to dominate her work by noting that one simply cannot know strengths unless suffering misfortune and violence are explored quite frankly by the writer In addition to discussing her works from her first book *By the North Gate* 1963 to her most popular novel *You Must Remember This* 1987 this prolific writer also answers questions about her writing habits These interviews spanning nineteen years reveal a vivid portrait of Joyce Carol Oates writing as the conscience of society as the creator of memorable prose and poetry and as the artist deeply committed to a unique vision **American Women**
