Postdigital Aesthetics D. Berry, M. Dieter, 2015-05-26 Postdigital Aesthetics is a contribution to questions raised by our newly computational everyday lives and the aesthetics which reflect both the postdigital nature of this age but also critical perspectives of a post internet world

Visual Culture John A. Walker, Sarah Chaplin, 1997-12-15 This book is about the expanding realm of visual culture in architecture art design advertising photography film television video theatre performance computer imagery and virtual reality It is also about Visual Culture Studies a relatively new academic discipline or rather range of disciplines that scholars employ to analyse visual artefacts Unlike many other texts on the same subject it foregrounds the visual and is systematic and accessible Visual culture provides an overview of the subject that pays heed to the achievements of both traditional and new theory whilst directing the reader to a large body of literature via references and an extensive bibliography Walker and Chaplin discuss the concepts of the visual and of culture as well as the field and origins of Visual Culture Studies coping with theory models of production and consumption institutions pleasure the canon and concepts of value visual literacy and poetics modes of analysis culture and commerce and new technologies This book is designed for those studying the history and theory of fine arts design and the mass media

The Media, Animal Conservation and Environmental Education John Blewitt, 2013-10-31 Natural History filmmaking has a long history but the generic boundaries between it and environmental and conservation filmmaking are blurred Nature environment and animal imagery has been a mainstay of television campaigning organisations and conservation bodies from Greenpeace to the Sierra Club with vibrant images being used effectively on posters leaflets and postcards and in coffee table books media releases short films and viral emails to educate and inform the general public However critics suggest that wildlife film and photography frequently convey a false image of the state of the world's flora and fauna The environmental educator David Orr once remarked that all education is environmental education and it is possible to see all image based communication in the same way The Media Animal Conservation and Environmental Education has contributions from filmmakers photographers researchers and academics from across the globe It explores the various ways in which film television and video are and can be used by conservationists and educators to encourage both a greater awareness of environmental and conservation issues and practical action designed to help endangered species This book is based on a special issue of the journal Environmental Education Research

Contemporary Art, Photography, and the Politics of Citizenship Vered Maimon, 2020-07-26 This book analyzes recent artistic and activist projects in order to conceptualize the new roles and goals of a critical theory and practice of art and photography Vered Maimon argues that current artistic and activist practices are no longer concerned with the politics of representation and the critique of the spectacle but with a politics of rights and the performative formation of shared yet highly contested public domains The book thus offers a critical framework in which to rethink the artistic the activist and the political under globalization The primary focus is on the ways contemporary artists

and activists examine political citizenship as a paradox where subjects are struggling to acquire rights whose formulation rests on attributes they allegedly don't have while the universal political validity of these rights presupposes precisely the abstraction of every form of difference rights for all. The book will be of interest to scholars working in art history, contemporary art, photography theory, visual culture, cultural studies, critical theory, political theory, human rights, and activism.

Jewish Dimensions in Modern Visual Culture Rose-Carol Washton Long, Matthew Baigell, Milly Heyd, 2010. A fascinating look at key aspects of visual culture in modern Jewish history.

Design and Visual Culture from the Bauhaus to Contemporary Art Edit Tóth, 2018-05-16. This book complements the more textually based Bauhaus scholarship with a practice-oriented and creative interpretive method which makes it possible to consider Bauhaus-related works in an unconventional light. Edit Tóth argues that focusing on the functionalist approach of the Bauhaus has hindered scholars from properly understanding its design work. With a global scope and under-studied topics, the book advances current scholarly discussions concerning the relationship between image technologies and the body by calling attention to the materiality of image production and strategies of re-channeling image culture into material processes and physical body space: the space of dimensionality and everyday activity.

Visual Culture in Contemporary China Xiaobing Tang, 2015-01-08. Explores China's rich visual culture from the founding of the People's Republic of China in 1949 to the present day.

The Foxite Whigs and Visual Culture, 1780-1810 Callum D. Smith, 2025-08-22. This book offers a comprehensive exploration of the intricate relationship between radicalism and sociability in late Georgian parliamentary and extra-parliamentary politics, focusing on the Foxite Whig faction. Re-evaluating the significance and tactical use of sociability and radicalism in late eighteenth and early nineteenth-century British politics, the book charts not only the rise and fall of a leading and neglected British political faction but, through its interdisciplinary and thematic focus, it seeks to intervene in the field and situate sociability as a key driver and facilitator of late Georgian politics. By utilising original research into contemporary newspapers, letters, diaries, legal records, parliamentary accounts, and especially political caricature, the author offers a new methodological approach in the study of sociability and radicalism and presents original categorisations of contemporary sociability. The book examines how sociability was strategically employed by the Foxite Whigs and argues for the existence of two primary forms of sociability: insular and porous. Insular sociability manifested itself through dining, drinking to excess, or gambling in a private setting with members of the same aristocratic or political order. Porous sociability, however, was the extra-parliamentary mechanism by which Fox and his faction tactically opened their insular Whig World to forge connections with the lower orders, French revolutionary leaders, popular radicals, and Irish rebels. The author provides a detailed analysis of Foxite sociability within the context of distinct radical themes, including plebeian radicalism, French Revolutionary radicalism, and Irish radicalism. Beyond its innovative methodological approach to sociability studies, the book foregrounds visual culture as a lens through which to study and enter the wordless experience of the eighteenth century and to view the themes of

sociability and radicalism from within In doing so the it reveals the inconsequential or informal dynamics of the Foxites political and extra parliamentary career from their origin in c 1780 to their decline in the early nineteenth century

Collecting and Displaying China's "Summer Palace" in the West Louise Tythacott,2017-10-25 In October 1860 at the culmination of the Second Opium War British and French troops looted and destroyed one of the most important palace complexes in imperial China the Yuanmingyuan Known in the West as the Summer Palace this site consisted of thousands of buildings housing a vast art collection It is estimated that over a million objects may have been taken from the palaces in the Yuanmingyuan and many of these are now scattered around the world in private collections and public museums With contributions from leading specialists this is the first book to focus on the collecting and display of Summer Palace material over the past 150 years in museums in Britain and France It examines the way museums placed their own cultural political and aesthetic concerns upon Yuanmingyuan material and how displays especially those at the Royal Engineers Museum in Kent the National Museum of Scotland and the Mus e Chinois at the Ch teau de Fontainebleau tell us more about European representations and images of China than they do about the Yuanmingyuan itself A Million Pictures Sarah

A Cultural History of Dress and Fashion in the Age of Enlightenment Peter McNeil, 2018-11-01 Eighteenth century fashion was cosmopolitan and varied Whilst the wildly extravagant and colorful elite fashions parodied in contemporary satire had

significant influence on wider dress habits more austere garments produced in darker fabrics also reflected the ascendancy of a puritan middle class as well as a more practical approach to dress With the rise of print culture and reading publics fashions were more quickly disseminated and debated than ever and the appetite for fashion periodicals went hand in hand with a preoccupation with the emerging concept of taste Richly illustrated with 100 images and drawing on pictorial textual and object sources *A Cultural History of Dress and Fashion in the Age of Enlightenment* presents essays on textiles production and distribution the body belief gender and sexuality status ethnicity and visual and literary representations to illustrate the diversity and cultural significance of dress and fashion in the period **Images** Sunil Manghani, 2013 *Images Critical and Primary Sources* is a major multi volume work of reference that brings together seminal writings on the image Taking an interdisciplinary approach the essays range across the domains of philosophy history art aesthetics literature science anthropology critical theory and cultural studies The essays reveal a wide set of perspectives problematics and approaches helping to frame a rich encompassing view of what we can broadly term image studies The four volumes are arranged thematically each separately introduced and with the essays structured into specific sections for easy reference Volume 1 *Understanding Images* establishes conceptual historical ideological and philosophical framings for understanding and defining the image followed in Volume 2 *The Pictorial Turn* with a focus on the most enduring and constitutive question of the image its relationship to with and against text and textuality Volume 3 *Image Theory* offers representative materials covering key theoretical approaches for analyzing interpreting and critiquing the image Finally Volume 4 *Image Cultures* examines a wide range of social and cultural contexts of the image which covers aspects of visual evidence image and memory visual methodologies scientific imaging and the practical engagement of image makers *Images Critical and Primary Sources* offers a major scholarly resource for any researchers involved in the study of the image and visual culture

Photography and Political Aesthetics Jane Tormey, 2023-11-30 This accessible book explores the creative uses of photography with political purpose both in terms of subject matter and of the political perspectives that have driven attitudes to viewing photographs The shorter Part I reviews twentieth century thinking that has influenced attitudes to photography and the political Part II identifies the political ideas that drive practical strategies in the twenty first century It considers the politics of photography by looking at what affects people's lives and agency attitudes to difference and identity power relations between institutions individuals and communities the impact of trauma and global change With a focus on the exchange of ideas between visual practice and theories a selection of projects are examined from a range of perspectives such as post colonial and feminist thinking post humanism and cultural and social theory with references ranging from Michel Foucault and Judith Butler to Achille Mbembe Bruno Latour and Chantal Mouffe The pursuit of political aesthetics borrows from Jacques Rancière's ideas about cultural production *Photography and Political Aesthetics* identifies photography as politically productive when positioned within political movements and champions practices that perform investigate or

give attention to presentation and public dissemination This book is ideally suited to students studying photography art and aesthetics visual politics and cultural studies and researchers across the fields of photography media art and politics **Art and Judaism in the Greco-Roman World** Steven Fine,2005-06-08 Publisher Description **On Arrows** Laurent Stalder,2025-01-21 A series of original essays on the history of British postwar architecture through the concept of performance and the ubiquitous but elusive image of the arrow In the 1950s the figure of the arrow had a strange kind of ubiquity in architectural drawings publications and advertisements symbolizing everything from the circulation of cold and warm air in a kitchen fridge to the flow of traffic in assorted New Towns Twenty five years earlier there were barely any arrows within architectural publications and 15 years later they had all but disappeared In On Arrows Laurent Stalder looks back at the near past to trace the idea of performance in architecture by following this pervasive yet relatively unnoticed figure within the history of British architecture During its short intense period of use the arrow pointed beyond any one singular author typology or scale to the operative dimension of architecture and its environments working both as an appropriate representational technique and a concrete tool for design Stalder uses the arrow to move through the different dimensions of performance mapping out the changing set of constellations that made up postwar British architecture and its environments the constructive aspects structural properties infrastructural innovations spatial challenges as well as their aesthetic and practical consequences It is the arrow he writes that brings together debates from within different disciplines from building physics to sociology structural design and historiography inscribed as they are in the materials spaces and buildings that are all too often considered in isolation from one another **"Addiction and British Visual Culture, 1751-1919"** Julia Skelly,2017-07-05 Highly innovative and long overdue this study analyzes the visual culture of addiction produced in Britain during the long nineteenth century The book examines well known images such as William Hogarth's Gin Lane 1751 as well as lesser known artworks including Alfred Priest's painting Cocaine 1919 in order to demonstrate how visual culture was both informed by and contributed to discourses of addiction in the period between 1751 and 1919 Through her analysis of more than 30 images Julia Skelly deconstructs beliefs and stereotypes related to addicted individuals that remain entrenched in the popular imagination today Drawing upon both feminist and queer methodologies as well as upon extensive archival research Addiction and British Visual Culture 1751-1919 investigates and problematizes the long held belief that addiction is legible from the body thus positioning visual images as unreliable sources in attempts to identify alcoholics and drug addicts Examining paintings graphic satire photographs advertisements and architectural sites Skelly explores such issues as ongoing anxieties about maternal drinking the punishment and confinement of addicted individuals the mobility of female alcoholics through the streets and spaces of nineteenth century London and soldiers use of addictive substances such as cocaine and tobacco to cope with traumatic memories following the First World War Abstract Crossings María Amalia García,2019-07-16 Toward the middle of the 1950s abstract art became a dominant trend in the

Latin American cultural scene Many artists incorporated elements of abstraction into their rigorous artistic vocabularies while at the same time the representation of geometric lines and structures filtered into everyday life appearing in textiles posters murals and landscapes The translation of a field changing Spanish language book *Abstract Crossings* analyzes the relationship between on the one hand the emergence of abstract proposals in avant garde groups and on the other the institutionalization and newfound hegemony of abstract poetics as part of Latin America's imaginary of modernization A profusion of mid century artistic institutional exchanges between Argentina and Brazil makes a study of the trajectories of abstraction in these two countries particularly valuable Examining the work of artists such as Max Bill Lygia Clark Waldemar Cordeiro and Tom's Maldonado author Mar a Amalia Garc a rewrites the artistic history of the period and proposes a novel reading of the cultural dialogue between Argentina and Brazil This is the first book in the new *Studies on Latin American Art* series supported by a gift from the Institute for Studies on Latin American Art
