*See Under--love* David Grossman,1990-01 *Translating Israel* Alan L. Mintz,2001-06-01 Reflects the rise of literature in modern day Israel and the problematic reception of literature in America and within the American Jewish community Israeli literature provides a unique lens for viewing th inner dynamics of this small but critically important society In addition its leading writers such as S Y Agnon Yehuda Amichai Amos Oz and A B Yehoshua among others are recognized internationally as major world literary figures Despite this international recognition the rich literary tradition of Israeli literature has failed to reverberate and find significant readership or a following in America even among the American Jewish community Alan L. Mintz traces the reception of Israeli literature in America from the 1970s to the present He analyzes the influences that have shaped modern Israeli literature and reflects on the cultural differences that have impeded American and American Jewish appreciation of Israeli authors Mintz then turns his attention to specific writers examining their reception or lack thereof in America and places them within the emerging unfolding critical dialogue between the Israeli and American literary culture

**Theological Stains** Assaf Shelleg,2020-11-20 Theological Stains offers the first in depth study of the development of art music in Israel from the mid twentieth century to the turn of the twenty first In a bold and deeply researched account author

Assaf Shelleg explores the theological grammar of Zionism and its impact on the art music written by emigrant and native composers. He argues that Israeli art music caught in the tension between a bibliocentric territorial nationalism on the one hand and the histories of deterritorialized Jewish diasporic cultures on the other often features elements of both of these competing narratives. Even as composers critically engaged with the Zionist paradigm they often reproduced its tropes and symbols thereby creating aesthetic hybrids with theological stains. Drawing on newly uncovered archives of composers' autobiographical writings and musical sketches, Shelleg closely examines the aesthetic strategies that different artists used to grapple with established nationalist representations. As he puts the history of Israeli art music in conversation with modern Hebrew literature, he weaves a rich tapestry of Israeli culture and the ways in which it engaged with key social and political developments throughout the second half of the twentieth century. In analyzing Israeli music and literature against the backdrop of conflicts over territory, nation, and ethnicity, *Theological Stains* provides a revelatory look at the complex relationship between art and politics in Israel. *See under love* David Grosman, 1986

### **Contemporary World Fiction**

Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17 This much needed guide to translated literature offers readers the opportunity to hear from, learn about, and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. In a globalized world, knowledge about non North American societies and cultures is a must. *Contemporary World Fiction: A Guide to Literature in Translation* provides an overview of the tremendous range and scope of translated world fiction available in English. In so doing, it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions. Within the guide, approximately 1,000 contemporary non English language fiction titles are fully annotated, and thousands of others are listed. Organization is primarily by language, as language often reflects cultural cohesion better than national borders or geographies, but also by country and culture. In addition to contemporary titles, each chapter features a brief overview of earlier translated fiction from the group. The guide also provides in-depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions. **Dante Gabriel Rossetti** Rodolphe Louis M  groz, 1928 *The Oxford Guide to Contemporary World Literature* John Sturrock, 1997

opinion the Guide offers a discriminating and sometimes controversial view of a broad range of contemporary literatures. **Games and Gaming in Medieval Literature** Serina Patterson, 2015-07-29 The first of its kind, *Games and Gaming in Medieval Literature* explores the depth and breadth of games in medieval literature and culture. Chapters span from the twelfth to the sixteenth centuries and cover England, France, Denmark, Poland, and Spain, re-examining medieval games in diverse social settings such as the church, court, and household. *Awake to the Moment* Laurel C. Schneider, Stephen G. Jr. Ray, 2004-12-01 Most introductory textbooks in theology see their primary task as explaining Christian doctrines that no one quite understands anymore. While this is one of theology's jobs, it is by no means the only nor even the most important one.

Theology has also been called to change the world to help people connect deeply rooted beliefs about the world's source and goal to questions of personal meaning and communal thriving. Theology is here to help us make sense of the complex, flawed world into which we've been thrust and to assist us in our attempt to love our neighbors and live toward the common good. For more than forty years, the Workgroup on Constructive Theology has brought the liberal and liberationist theological traditions into creative encounter with lived human experience. In this introduction to the methods and tasks of theology, they invite a new generation of readers, many of whom will have little or no exposure to Christian doctrine, to see theology as a partner in the struggle for a better world. They demonstrate how theological ideas have legs, playing themselves out not only in religious communities but in the public square as well. Theology, the authors tell us, is constructive when it joins in God's work of building human lives and human societies. Readers will learn to think about all of life in light of their religious commitments and to see theology as an essential tool for a life well lived.

*(Inter)racial Relationships as Accompaniment in Twenty-First Century African American Novels* E. Lâle Demirtürk, 2024-10-15. *Inter racial Relationships as Accompaniment in Twenty First Century African American Novels* explores the acts of accompaniment to disrupt the embodied discursive practices of whiteness and Black vulnerability as a way to change social relations across racial difference in the novels. The novels analyzed in the book explore those Black male characters who work through the norms of whiteness in their relations with Black and white women while at the same time enacting the practices of accompaniment to subvert the embodied practices of whiteness. At a time when there is the rise of interest in activist work such as the ongoing Black Lives Matter movement against the systems of white supremacy in the post-Trump era, these novels shape an understanding of Black characters' struggle against discursive violence as a radical social praxis to transform the everyday life. The book consists of four chapters on Kalisha Buckhanon's *Speaking of Summer* (2019), Kalisha Buckhanon's *Upstate* (2005), Ben Burgess Jr.'s *Defining Moments: Black and White* (2020), and Walter Mosley's *Every Man a King* (A King Oliver Novel, 2023). While these novels depict a critique of racialized everyday life, they interrogate whiteness as a political act of devaluation of Blackness and Black life by establishing relations through accompaniment. The act, as such, stretches the boundary lines between who is the accompanier and the accompanied in shifting configurations of whiteness and blackness in the positioning of the vulnerable.

**The Holocaust Novel** Efraim Sicher, 2013-10-31. The first comprehensive study of Holocaust literature as a major postwar literary genre. *The Holocaust Novel* provides an ideal student guide to the powerful and moving works written in response to this historical tragedy. This student-friendly volume answers a dire need for readers to understand a genre in which boundaries are often blurred between history, fiction, autobiography, and memoir. Other essential features for students here include an annotated bibliography, chronology, and further reading list. Major texts discussed include such widely taught works as *Night* by Elie Wiesel, *Maus* by Art Spiegelman, *The Shoah* by Schindler's List, *Sophie's Choice*, *White Noise*, and *Time's Arrow*.
