Universe Revealed More Eng. Wasfi A. M. Alshdaifat,2020-03-15 This book is providing a non preceded simplified knowledge and answers to the big questions for either a normal reader or a scientist It is trying to draw a united scientific picture for the universe shape and movement in whole and part depending on a unified harmony in between the science and the holy books far away from twisting any of them to be coherent with the other The author s innovative capabilities are employed to create design and draw tens of models to shape parts of a picture for a working dynamic universe like a natural machine with threaded parts The book is revealing the mysterious natural shape and expanded logarithmic spiral movement of the universe heavens boundaries since the big fission up to the big rip which affects physically and mechanically on its inner constituents matter and forces formation and movement such as dark matter galaxies stars planets moons electrons gravity electromagnetic waves dark energy etc to be shaped and moved in such a manner which we are discovering and going to discover as a natural fingerprint of the universe moving boundaries or in another way as natural products by the giant universal machine The seven heavens effects on our inner lower universe are discussed thoroughly via the subjects of parallel worlds multiple universes overlapping wavy orbits and higher dimensions

Fractal Time Braden Gregg,2010-03-01 In this compelling exploration of life Gregg Braden merges the modern discoveries of nature s patterns fractals with the ancient view of a cyclic universe The result is a powerful model of time fractal time and a realistic window into what we can expect for the mysterious year 2012 and beyond Applying fractal time to the history of the world and life he proposes that everything from the war and peace between nations to the patterns of human relationships mirror the returning cycles of our past As each cycle repeats it carries a more powerful amplified version of itself The key If you know where to look in the past you know what to expect when the same conditions return in the present and future For the first time in print the Time Code Calculator gives you the tool to do just that Through easy to understand science and step by step instructions discover for yourself How the conditions for 2012 have occurred in the past and what we can expect when they repeat The hot dates that hold the greatest threats of war and greatest opportunities for peace as well as economic cycles such as the stockmarket collapse of 2008 How Earth s location in space triggers cycles of spiritual growth for humans Your personal Time Codes for the key events of business relationships and change in your life How each cycle carries a window of opportunity a choice point that allows us to select a new outcome for the returning pattern What the 1999 ice cores from Antarctica reveal about past cycles of climate global warming Earth s protective magnetic fields and what these things mean for us today
