See Inside a Castle Robert John Unstead,1979-03-01 Discusses the purpose design construction and defense of medieval castles and describes the life of the inhabitants *Castles in Ireland* T.E. McNeill,2005-08-18 The castles of Ireland are an essential part of the story of medieval Europe but were until recently a subject neglected by scholars Dr McNeill weaves the evidence from the castles into the story of lordship and power in medieval Eire **The Medieval Castle** Kathryn L. Reyerson,Faye Powe,1991-02-01 The Medieval Castle was first published in 1991 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions **Castles in Japan** Morton S. Schmorleitz,2011-12-15 Behind the glossy facade of modern Japan there survive remnants some of them surprisingly well preserved of the country's feudal past of warlords and fighting samurai of shoguns and sequestered emperors of princes and peasants This book vividly presents the castles of Japan more than 80 of them altogether ranging geographically from Matsumae on the northern island of Hokkaido to Kagoshima in southern Kyushu The author brings not only an immense knowledge but also a deep feeling for Japan and things Japanese to this sensitive study formed from both the historian's and the sightseer's perspectives Most of the Japanese castles he explains were built in several amazing decades at the end of the 16th century The Tokugawa shogunate was then consolidating its power and local lords were girding themselves for the onslaughts of enemies supplied with that recent acquisition from the West firearms Castle architecture among the most original of Japanese architectural forms manifested a diabolically shrewd defense capability An unwary enemy if unwary he were might charge into a veritable chamber of horrors stone dropping chutes hidden gates sharply curved passageways flooded moats trap doors and floor boards that squeaked to warn of an intruder's arrival In Japanese style many even contained special suicide courts **The English Castle** A. Hamilton Thompson,2013-04-10 Once a seat of government as well as the private residence of its owners the medieval castle was also a military base and stronghold for the surrounding geographical area The development of these sturdy fortifications in England during the Middle Ages is carefully examined in this profusely illustrated book From early chapters dealing with primitive earthworks and Roman stations the text goes on to explore the construction of the English castle following the Norman Conquest the beginnings of the stone castle and the Norman keep bastions of the thirteenth century military

architecture fortified towns in the later Middle Ages and more Students of architecture military history and medieval studies as well as anyone interested in the evolution of castle construction will find this work a fascinating and valuable reference

The Castle in England and Wales D.J. Cathcart King, 2019-06-26 Originally published in 1988 The Castles in England and Wales is a comprehensive treatment of the archaeology of the castles in England and Wales The books looks at how following the Norman Conquest one of the most characteristic structures of the English landscape the castle was used to control and survey the population In its simplest definition a castle is a fortified habitation however this book looks at the many uses of castles from their most primitive kind intended only for periodic use or as magnificent decoration such as Caernarvon and other Welsh castles of Edward I It is essential reading for all archaeologists and historians alike [A Castle](#) R.
