Seeking God In All Things William Reiser, 2004-05-01 The practice of spiritual direction assumes a theology of the Holy Spirit a theology of revelation and of the Church and a theology of prayer *Seeking God in All Things* explores each of these themes as the underpinnings of spiritual direction and examines what makes the Christian religious experience distinctive

Since not every experience of God bears a Christian imprint William Reiser SJ asks whether and in what way a Christian might be able to assist someone who is not Christian in developing his or her interior life This question looks beyond suggesting the concrete steps a person might take in initiating nurturing and solidifying a way of praying It looks rather toward the fundamental issue of helping others as they discover and deepen their relationship to the mystery of God

Chapters are It Is God Who Directs Imagining Divine Action in Human Lives Where Do Holy Desires Come From What Is Distinctive About the Christian Religious Experience Further Elements of Christian Distinctiveness The Incarnation as a Starting Point for Spiritual Direction and Should Christian Spirituality Move Beyond Jesus William Reiser SJ PhD is a professor of theology in the religious studies department at Holy Cross College Worcester Massachusetts Over the past twelve years he has also served as an associate staff member at the Center for Religious Development in Cambridge He is the author of *Jesus in Solidarity with His People* published by Liturgical Press

Maids and Mistresses, Cousins and Queens Susan Frye, Karen Robertson, 1999-01-28 This new collection of sixteen essays considers evidence for the varied forms of women's alliances in early modern England It shows how women prohibited from direct participation in the institutional structures that shaped the lives of men constructed informal connections with other females for purposes of survival advancement and creativity The essays presented here consider a variety of communities formed among groups as diverse as serving women vagrants aristocrats and authors in order to study the historical traces of women's connections Alliance as understood by the essayists in this volume does not preclude competition or antagonism since the bonds among women were frequently determined by an opposition to other women As shown here the theorizing of women's connections and the recovery of the historical evidence for these connections can only add to our understanding of women's activities in early modern English society *Maids and Mistresses Cousins and Queens* is divided into four sections The first two *Alliances in the City* and *Alliances in the Household* examine the circumstances of women's communities in two primary sites for women of this place and time The second two *Materializing Communities* and *Emerging Alliances* fully study the aspirations that guided and transformed the courses of women's lives All of these interdisciplinary essays deftly combining literary and historical methods and materials are informed by feminism queer theory and studies of class and race in the early modern period

Christian Women and Modern China Li Ma, 2021-01-28 *Christian Women and Modern China* presents a social history of women pioneers in Chinese Protestantism from the 1880s to the 2010s The author

that help us read difficult passages today What is the difference between a modern view of feminism and the feminism that Scripture models How does the Bible explain the Bible to us Using a Jesus centered understanding to look at both God s grand storyline and specific biblical passages Alsup shows the noble ways God speaks to and about women in its pages Most of all she gives concrete tools for understanding Scripture to women who are questioning if the Bible is truly good for them

Frater Petrus, Collationes de tempore (Fourteenth Century) Daniel Nodes,2021-09-06 The sermons here published for the first time are attributed to an otherwise unknown friar referred to simply as Frater Petrus The collection provides evidence of actual preaching in a normal setting from fourteenth century Germany between the beginnings of the Franciscan order and the Observant reform movement not by a major light of the order but a regular member who may have held status as an intermediate level teacher to judge by the care with which the manuscripts were prepared Theologically competent and gracefully presented in the conventional sermon style of the period the collection edited and translated by Daniel Nodes offers scholars and students a reliable new resource in an area of sermon studies that is still in short supply *Finding*
