Murphy, 2003-01-14 In 1930 a group of southern intellectuals led by John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren published I'll Take My Stand The South and the Agrarian Tradition A stark attack on industrial capitalism and a defiant celebration of southern culture the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever since As Paul Murphy shows its effects on the evolution of American conservatism have been enduring as well Tracing the Agrarian tradition from its origins in the 1920s through the present day Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral traditionalism that has had

a significant impact on the emerging conservative movement since World War II

**Desegregating Texas Schools** Robyn Duff Ladino, 2010-01-01 This study of school integration struggles in 1950s Texas demonstrates how power politics denied black students their constitutional rights In the famous Brown v the Board of Education decisions of 1954 and 1955 the United States Supreme Court ruled that separate but equal schools for black and white students were unconstitutional Yet it took more than a decade of struggle before black students gained full access to previously white schools Mansfield Texas a small community southeast of Fort Worth was the scene of an early school integration attempt In this book Robyn Duff Ladino draws on interviews with surviving participants media reports and archival research to provide the first full account of the Mansfield school integration crisis of 1956 Ladino explores how politics at the local state and federal levels ultimately prevented the integration of Mansfield High School in 1956 Her research sheds new light on the actions of Governor Allan Shivers who in the eyes of the segregationists validated their cause through his actions and it underscores President Eisenhower s public passivity toward civil rights during his first term of office Despite the short term failure however the Mansfield school integration crisis helped pave the way for the successful integration of Central High School in Little Rock Arkansas in 1957 Thus it deserves a permanent place in the history of the civil rights movement *Is It Nation Time?* Eddie S. **Blessed Are the Peacemakers** S. Jonathan Bass, 2021-03-03 Martin Luther King Jr s Letter from Birmingham Jail is arguably the most important written document of the civil rights protest era and a widely read modern literary classic Personally addressed to eight white Birmingham clergy who sought to avoid violence by publicly discouraging King s civil rights demonstrations in Birmingham the nationally published Letter captured the essence of the struggle for racial equality and provided a blistering critique of the gradualist approach to racial justice It soon became part of American folklore and the image of King penning his epistle from a prison cell remains among the most moving of the era Yet as S Jonathan Bass explains in the first comprehensive history of King s Letter this image and the piece s literary appeal conceal a much more complex tale This updated edition of Blessed Are the Peacemakers includes a new foreword by Paul Harvey a new afterword by James C Cobb

**Civil Rights in the White Literary Imagination** Jonathan W. Gray,2013-01-14 The statement The Civil Rights Movement changed America though true has become something of a cliché *Civil Rights in the White Literary Imagination*

seeks to determine how exactly the Civil Rights Movement changed the literary possibilities of four iconic American writers Robert Penn Warren Norman Mailer Eudora Welty and William Styron Each of these writers published significant works prior to the Brown v Board of Education case in 1954 and the Montgomery Bus Boycott that began in December of the following year making it possible to trace their evolution in reaction to these events The work these writers crafted in response to the upheaval of the day from Warren s Who Speaks for the Negro to Mailer s The White Negro to Welty s Where Is the Voice Coming From to Styron s Confessions of Nat Turner reveal much about their own feeling in the moment even as they contribute to the national conversation that centered on race and democracy By examining these works closely Gray posits the argument that these writers significantly shaped discourse on civil rights as the movement was occurring but did so in ways that intentionally or not often relied upon a notion of the relative innocence of the South with regard to racial affairs and on a construct of African Americans as politically and or culturally naive As these writers grappled with race and the myth of southern nobility their work developed in ways that were simultaneously sympathetic of and condescending to black intellectual thought occurring at the same time The Cultural Politics of the New Criticism Mark Jancovich,1993-11-26 Mark Jancovich examines the development of the New Criticism during the late 1920s and early 1930s and its establishment within the academy
