Philippine Law Journal ,1982 **The Severed Word** Marina Scordilis Brownlee,2014-07-14 In this wide ranging study Marina Scordilis Brownlee investigates the importance of the letter often a complex interplay of objectivity and subjectivity in the establishment of novelistic discourse She shows how Ovid's *Heroides* explore the discourse of epistolarity in a way that exerted a lasting effect on Italian French and Spanish works of the Middle Ages and Renaissance especially on the fifteenth century Spanish *novela sentimental* or sentimental romance Presenting this proto novelistic form as a highly original rewriting of Ovid Brownlee demonstrates that its language model interrogates rather than affirms the linguistic referentiality implied by romance Whereas the ambiguity of the sign had been articulated in fourteenth century Spain most notably by the *Libro de buen amor* it is the fifteenth century *novela sentimental* that fully grasps the existentially novelistically dire consequences of this ambiguity And in the process of deconstructing the referentiality that underlies romance the *novela sentimental* reveals itself to be a discursively essential step in the evolution of the modern novel Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Calendar of Letters, Despatches, and State Papers, Relating to the Negotiations Between England and Spain** ,1886 The New Universal English and Italian Dictionary, Etc ,1849 **Calendar of Letters, Despatches, and State Papers, Relating to the Negotiations Between England and Spain, Preserved in the Archives at Simancas and Elsewhere** G.A. Bergenroth,1862 **History of the Reign of Philip the Second, King of Spain** Prescott,1856 Female Citizens, Patriarchs, and the Law in Venezuela, 1786-1904 Arlene J. Diaz,2004-01-01 *Female Citizens Patriarchs and the Law in Venezuela* examines the effects that liberalism had on gender relations in the process of state formation in Caracas from the late eighteenth to the nineteenth

century The 1811 Venezuelan constitution granted everyone in the abstract including women the right to be citizens and equals but at the same time permitted the continued use of older Spanish civil laws that accorded women inferior status and granted greater authority to male heads of households Invoking citizenship for their own protection and that of their loved ones some women went to court to claim the same civil liberties and protections granted to male citizens In the late eighteenth century colonial courts dispensed some protection to women in their conflicts with men a century later however patriarchal prerogatives were reaffirmed in court sentences Discouraging as this setback was the actions of the women who had fought these legal battles raised an awareness of the discrepancies between the law and women s daily lives laying the groundwork for Venezuelan women s organizations in the twentieth century Drawing on a wealth of primary sources historian Arlene D az shows how the struggle for political power in the modern state reinforced and reproduced patriarchal authority She also reveals how Venezuelan women from different classes in public and private coped strategically with their paradoxical status as equal citizens who nonetheless lacked power because of their gender Shedding light on a fundamental but little examined dimension of modern nation building *Female Citizens Patriarchs and the Law in Venezuela* gives voice to historic Venezuelan women while offering a detailed look at a society making the awkward transition from the colonial world to a modern one

War, Women and Children in Ancient Rome (Routledge Revivals) John Evans, 2014-02-04 J K Evans pioneering work explores the profound changes in the social economic and legal condition of Roman women which it is argued were necessary consequences of two centuries of near continuous warfare as Rome expanded from city state to empire Bridging the gap that has isolated the specialised studies of Roman women and children from the more traditional political and social concerns of historians J K Evans investigation ranges from Cicero s wife Terentia to the anonymous spouse of the peasant soldier Ligustinus charting the severe erosion of the very institutions that kept women and children in thrall *War Women and Children in Ancient Rome* will be of interest not only to classicists and historians of antiquity but also to sociologists and anthropologists while it will similarly prove an indispensable reference work for historians of women and the family
