Selected Critical Writings:

Selected Critical Writings David Herbert Lawrence, 1998 A critic must be able to feel the impact of a work of art in all its complexity and force To do so he must be a man of force and complexity himself A critic must be emotionally alive in every fibre intellectually capable and skilful in essential logic and then morally very honest These comments by D H Lawrence are as close a description as any of himself as a critic They come from his essay on fellow novelist John Galsworthy and there are many other pieces on novels and novelists in this selection But Lawrence's range of genres extends to poetry and plays and paintings and his critical writing encompasses an enormous variety of subjects from Aeschylus and the Apocalypse to symbolism and syphilis for his interests are philosophical psychological religious moral sociological historical and cultural as well as literary and artistic This selection is a treasure trove of thought adventures by one of literature's liveliest critical spirits

Selected Critical Writings of George Santayana George Santayana, 1968 Richard Aldington: Selected Critical Writings, 1928-1960 Richard Aldington, 1970 Alister Kershaw Aldington's closest friend from 1947 until his death in 1962 here presents ten trenchant and refreshing essays not previously published in book form by perhaps the last of the great literary critics to come to grips with the jubilant illiteracy of these times In his highly personal and reflective Introduction Kershaw discusses Aldington's deep involvement in life the catholicity of his interests and his considerable erudition which gave his writing an unusual quality of spontaneity and eloquence

Selected critical writings, 1928-1960, ed Richard Aldington, **Selected Critical Writings**, 1998 **Selected Critical Writings** George Santayana, 1968 Liu Zaifu: Selected Critical Essays Zaifu Liu, 2021-06-17 Liu Zaifu is a name that has already been ingrained within contemporary Chinese literary history This landmark volume presents Anglophone readers with Liu's profound reflections on Chinese literature and culture at different times The essays collected here demonstrate Liu's historical experience and trajectory as an exiled Chinese intellectual who persistently safeguards the individuality and the autonomy of literature refusing to succumb to political manipulation Liu's theory of literary subjectivity has opened ways for Chinese writers to thrive and innovate His panoramic view not only unravels the intricate interplay between literature and politics but also firmly regards the transcendental value of literature as a significant ground to subvert revolutionary dogmatism and criticize Chinese modernity Rather than drawing upon the existing paradigm he reinvents his own unique theoretical conceptions in order to exile the borrowed gods

Gender, Genre, and Victorian Historical Writing Rohan Amanda Maitzen,2013-10-28 First published in 1999 and Middlemarch and of a range of nineteenth century historical works including works by and about women that are discussed extensively here for the first time The blurring of boundaries between historical and fictional narratives stimulated by the enormous success of Walter Scott s novels and the development of social history are shown to have been key factors in an uneven controversial but persistent feminization of history the first because of the longstanding association of novels with women the second because social history focuses on the private sphere traditionally women s domain Along with the appearance of numerous historical texts written by women and taking women as their subjects these developments challenged conventional beliefs about historical authority and relevance that had long relegated women to the margins both literally and metaphorically In its exploration of these changes and their implications Gender and Victorian Historical Writing revises standard assumptions about Victorian ideas of history finding an awareness of and experimentation with gender and genre that prefigure theoretical and scholarly concerns in contemporary women s history

Making of the Victorian Novelist Bradley Deane,2013-10-15 This book examines a sequence of crises in nineteenth century print culture and offers an original narrative of what it meant to be a Victorian

novelist Easily dismissed at the beginning of the century as hacks who pandered to the ignorant or indolent novelists by the end of Victoria's reign could be esteemed among the greatest of artists Between these extremes stretches a century of ideological contention between alternative representations of authorship Deane brings new attention in his account to the trends in publishing and the expanding market surrounding Victorian literature such as the new modes of production arguments over copyright legislation and revisions of the criteria of periodical criticism Combining literary sociology and close readings *The Making of the Victorian Novelist* offers an innovative history of the material pressures and rhetorical struggles that produced and ultimately shattered the Victorians' understanding of their great novelists **Critical**

examines the range of the colonial imaginary in Eliot's works from the domestic and regional to ancient and speculative colonialisms It challenges monolithic hegemonic views of George Eliot whose novelistic career paralleled the creation of British India and also dismissals of the postcolonial as ahistorical It uncovers often overlooked colonized figures in the novels It also investigates Victorian Islamophobia in light of Eliot's impatience with ignorance intolerance and xenophobia as well as her interrogation of the make-believe of endings Drawing on a range of sources from Eugène Bodichon's Algerian anthropological texts the Persian journals of John Martyn and postmodern re-engagements *Postcolonial George Eliot* has implications for an understanding of the globalization of English the decolonization of disciplinarity and periodization and the roots of present-day conflict in the wider Mediterranean world **Byronic Heroes in Nineteenth-Century Women's Writing and Screen Adaptation**

Sarah Wootton, 2017-01-26 *Byronic Heroes in Nineteenth-Century Women's Writing and Screen Adaptation* charts a new chapter in the changing fortunes of a unique cultural phenomenon This book examines the afterlives

of the Byronic hero through the work of nineteenth century women writers and screen adaptations of their fiction. It is a timely reassessment of Byron's enduring legacy during the nineteenth century and beyond, focusing on the charged and unstable literary dialogues between Jane Austen, Elizabeth Gaskell, George Eliot, and a Romantic icon whose presence takes centre stage in recent screen adaptations of their most celebrated novels. The broad interdisciplinary lens employed in this book concentrates on the conflicted rewritings of Byron's poetry, his heroic protagonists, and the cult of Byronism in nineteenth century novels from *Pride and Prejudice* to *Middlemarch*, and extends outwards to the reappearance of Byronic heroes on film and in television series over the last two decades.
