*Film Review Index* Julia Johnson, 1986      **Cinema, Censorship and Sexuality 1909-1925 (Routledge Revivals)**  
Annette Kuhn, 2016-04-06 First published in 1988 This book shows how censorship as a set of institutions practices and discourses was involved in the struggle over the nature of cinema in the early twentieth century It also reveals the part played in this struggle by other institutions practices and discourses for example new knowledge about sexuality and organisations devoted to the promotion of public morality Instead of censorship simply being an act of prohibition by a special institution this work reveals the issues at work were far more complex and contradictory opening up critical scrutiny and challenging assumptions This title will be of interest to students of media and film studies      [The Decline of Sentiment](#)  
Lea Jacobs, 2008-04-02 The Decline of Sentiment seeks to characterize the radical shifts in taste that transformed American film in the jazz age Based upon extensive reading of trade papers and the popular press of the day Lea Jacobs documents the films and film genres that were considered old fashioned as well as those dubbed innovative and up to date and looks closely at the works of filmmakers such as Erich von Stroheim Charlie Chaplin Ernst Lubitsch and Monta Bell among many others Her analysis focusing on the influence of literary naturalism on the cinema the emergence of sophisticated comedy and the progressive alteration of the male adventure story and the seduction plot is a comprehensive account of the modernization of classical Hollywood film style and narrative form      *Hollywood Censored* Gregory D. Black, 1994 After a series of sex scandals rocked the film industry in 1922 movie moguls hired Will Hays to clear the image of movies Hays tried a variety of ways to regulate movies before adopting what became known as the production code Written in 1930 by a St Louis priest the code stipulated that movies stress proper behaviour respect for government and Christian values The Catholic Church reinforced these efforts by launching its Legion of Decency in 1934 Intended to force Hays and Hollywood to censor films the Legion of Decency engineered the appointment of Joseph Breen as head of the Production Code Administration For the next three decades Breen Hays and the Catholic Legion of Decency virtually controlled the content of all Hollywood films      [A Companion to Early Cinema](#)  
André Gaudreault, Nicolas Dulac, Santiago Hidalgo, 2012-07-02 A COMPANION TO EARLY CINEMA This collection of essays by early cinema scholars from Europe and North America offers manifold perspectives on early cinema fiction which perfectly reflect the state of international research Martin Loiperdinger Universitaet Trier A fabulous selection of first rate articles Rick Altman University of Iowa One of the most challenging books in recent film studies in it early cinema is both a historical object and a contemporary presence As in a great novel we can retrace the adventures of the past the films styles discourses and receptions that made cinema the breakthrough reality it was in its first decades But we can also come to appreciate how much of this reality is still present in our digital world Francesco Casetti Yale University A Companion to Early Cinema is an authoritative reference on the field of early cinema Its 30 peer reviewed chapters offer cutting edge research and original perspectives on the major concerns in early cinema studies and take an

ambitious look at ideas and themes that will lead discussions about early cinema into the future Including work by both established and up and coming scholars in early cinema film theory and film history this will be the definitive volume on early cinema history for years to come and a must have reference for all those working in the field      **Serials and Series** Buck Rainey,2010-04-06 While many fans remember The Lone Ranger Ace Drummond and others fewer focus on the facts that serials had their roots in silent film and that many foreign studios also produced serials though few made it to the United States The 471 serials and 100 series continuing productions without the cliffhanger endings from the United States and 136 serials and 37 series from other countries are included in this comprehensive reference work Each entry includes title country of origin year studio number of episodes running time or number of reels episode titles cast production credits and a plot synopsis      French Film Theory and Criticism, Volume 1 Richard Abel,2020-12-08 These two volumes examine a significant but previously neglected moment in French cultural history the emergence of French film theory and criticism before the essays of Andr Bazin Richard Abel has devised an organizational scheme of six nearly symmetrical periods that serve to bite into the discursive flow of early French writing on the cinema Each of the periods is discussed in a separate and extensive historical introduction with convincing explications of the various concepts current at the time In each instance Abel goes on to provide a complementary anthology of selected texts in translation Amounting to a portable archive these anthologies make available a rich selection of nearly one hundred and fifty important texts most of them never before published in English      D.W. Griffith's the Birth of a Nation Melvyn Stokes,2008-01-15 In this deeply researched and vividly written volume Melvyn Stokes illuminates the origins production reception and continuing history of this ground breaking aesthetically brilliant and yet highly controversial movie By going back to the original archives particularly the NAACP and D W Griffith Papers Stokes explodes many of the myths surrounding The Birth of a Nation 1915 Yet the story that remains is fascinating the longest American film of its time Griffith s film incorporated many new features including the first full musical score compiled for an American film It was distributed and advertised by pioneering methods that would quickly become standard Through the high prices charged for admission and the fact that it was shown at first only in live theaters with orchestral accompaniment Birth played a major role in reconfiguring the American movie audience by attracting more middle class patrons But if the film was a milestone in the history of cinema it was also undeniably racist Stokes shows that the darker side of this classic movie has its origins in the racist ideas of Thomas Dixon Jr and Griffith s own Kentuckian background and earlier film career The book reveals how as the years went by the campaign against the film became increasingly successful In the 1920s for example the NAACP exploited the fact that the new Ku Klux Klan which used Griffith s film as a recruiting and retention tool was not just anti black but also anti Catholic and anti Jewish as a way to mobilize new allies in opposition to the film This crisply written book sheds light on both the film s racism and the aesthetic brilliance of Griffith s filmmaking It is a must read for anyone interested in the cinema      **Emile Cohl, Caricature, and Film** Donald

Crafton,2014-07-14 This is the definitive biography of Emile Cohl 1857 1938 one of the most important pioneers of the art of the animated cartoon and an innovative contributor to popular graphic humor at a critical moment when it changed from traditional caricature to the modern comic strip This profusely illustrated book provides not only a wealth of information on Cohl s life but also an analysis of his contribution to the development of the animation film in both France and the United States and an interpretation of how the new genre fit into the historical shift from a primitive to a classical cinema Beautiful in look and design with stunning reproductions from films and newspapers Emile Cohl Caricature and Film offers a biography of a figure who virtually created the European art of animation In its theory and history the book is one of the most important contributions to the field of animated film But it is central for film study per se offering a fresh exciting look at the complicated world of early cinema Dana Polan Film Quarterly Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*Subject Catalog*, 1982 Library of Congress,1982 Girls Will Be Boys Laura Horak,2016-02-26 2016 Choice Outstanding Academic Title Finalist for 2016 Richard Wall Memorial Award by the Theatre Library Long listed for the 2017 Kraszna Krausz Best Photography Book Award from the Kraszna Krausz Foundation Marlene Dietrich Greta Garbo and Katharine Hepburn all made lasting impressions with the cinematic cross dressing they performed onscreen What few modern viewers realize however is that these seemingly daring performances of the 1930s actually came at the tail end of a long wave of gender bending films that included more than 400 movies featuring women dressed as men Laura Horak spent a decade scouring film archives worldwide looking at American films made between 1908 and 1934 and what she discovered could revolutionize our understanding of gender roles in the early twentieth century Questioning the assumption that cross dressing women were automatically viewed as transgressive she finds that these figures were popularly regarded as wholesome and regularly appeared onscreen in the 1910s thus lending greater respectability to the fledgling film industry Horak also explores how and why this perception of cross dressed women began to change in the 1920s and early 1930s examining how cinema played a pivotal part in the representation of lesbian identity Girls Will Be Boys excavates a rich history of gender bending film roles enabling readers to appreciate the wide array of masculinities that these actresses performed from sentimental boyhood to rugged virility to gentlemanly refinement Taking us on a guided tour through a treasure trove of vintage images Girls Will Be Boys helps us view the histories of gender sexuality and film through fresh eyes

*Subject Catalog* Library of Congress,1982 Shakespeare Quarterly ,1983 *Will Cuppy, American Satirist* Wes D. Gehring,2013-10-30 Back in the golden age of humor books late 1920s early 1950s when wits of the pantheon like Robert

Benchley James Thurber and S J Perelman were producing their signature works there was another singular satirist who more than held his own with such fast company Will Cuppy 1884 1949 This factual funnyman s metier is dark comedy that flirts with nihilism His agenda is baldly stated in such classic Cuppy book titles as *How to Be a Hermit* 1929 *How to Tell Your Friends from the Apes* 1931 and *The Decline and Fall of Practically Everybody* 1950 This biography doubles as a critical study of a satirist whose shish kebabing of humanity was often done through the veiled anthropomorphic use of animals For a biographer Will Cuppy represents a treasure trove of possibilities He was a great humorist and most of his best work is still in print but until now he has never been the subject of a book length study His mesmerizingly complex and eccentric private life almost trumps the comic accomplishments of his public persona
