India, China and the Strategic Himalayas Sangeeta Thapliyal, 2023-10-20 This book analyses strategic discourse on the Himalayas from the perspective of India's interests. Home to many communities, cultures, natural resources and political boundaries, it is the geopolitical landscape of the Himalayas between India and China that dominates other narratives and discourses. The traditional notion of Himalayas as India's frontiers and buffer is challenged by China. Despite various mechanisms to address border resolution, there are violations and transgressions from China. This book examines India's responses to the new emerging challenges in the Himalayas. How the statist discourse on strategic interests incorporates people's discourse. It provides a nuanced understanding of India's strategic undertakings, diplomatic initiatives and development framework. This book will be a valuable addition to existing knowledge on the Himalayas between India and China. Scholars and practitioners interested in International Relations, Strategic Studies, Himalayan Studies and South Asian Studies will find it useful.

Federation of Himalayan Kingdoms Awadhesh C. Sinha, 2022-11-29 This book traces the history and politics of the Greater Nepal movement. It looks at major events in modern South Asia in and around the Eastern Himalaya region in particular: colonialism, independence and partition, the Chinese aggression in Tibet, formation of Bangladesh and the merger of Sikkim with India among others, which deeply affected the nature of democratic movements in Nepal. The volume also studies the role of the monarchy, the demand for Gorkhaland and the rise of Maoist movements. Further, it sheds light on political participation encompassing Nepalese functionaries, the many political parties, intellectuals and responsible public figures and the differential influence that these variegated groups had on the movement. Finally, it reassesses the idea of Greater Nepal and offers a critical commentary on its future. The volume will be of great interest to scholars and researchers of international relations, modern history, sociology and social anthropology, politics, South Asian studies and area studies, especially Nepal and Himalayan studies as well as policy makers and government think tanks. 2024-25 IAS All States PSC General Studies Indian & World Geography Solved Papers YCT Expert Team, 2024-25 IAS All States PSC General Studies Indian World Geography Solved Papers 400-695 E This book contains 380 sets of solved papers and 4476 objective questions.

Why Did China Intrude along the Disputed

Border with India in May 2020? Raj Verma, 2025-06-27 This edited volume provides a holistic explanation for China's incursions along the Line of Actual Control (LAC) in May 2020. It seeks to inform policy and build a bridge between policy and practice. Why did China intrude along the disputed border with India in May 2020? This question has baffled governments, policy makers, scholars, and analysts across the globe. There is no clarity even in the Indian government regarding China's intrusions at multiple points along the LAC in May 2020. Contributors examine factors such as China's domestic politics, China's foreign and security policies and strategies, China's strategic culture, domestic factors and politics in India, India's infrastructure development along the LAC, China's rising material capabilities, and the shift in the overall balance of power between India and China, India's foreign policy, especially India-US relations, Sino-Indian relations, and Sino-Indian rivalry in the Indo-Pacific. Contributors to this edited volume seek to inform Indian policy makers by providing solutions to enhance India's deterrence against China and prevent further land grab, and also examine the possibility of a conflict or a wider border war between the two Asian giants. Thus, this edited volume seeks to inform policy and build a bridge between policy and practice. This book will be relevant for scholars and researchers specializing in international relations, Asian geopolitics, security studies, and conflict resolution. This book will also appeal to policy makers involved in foreign and security policies. The chapters in this book were originally published as a special issue of *India Review*. 2025-26 TGT/PGT/GIC Geography Solved Papers.
