Klingaman,2019-02-19 The acclaimed narrative history of the American home front during

WWII from the attack on Pearl Harbor through 1942 For Americans on the home front the twelve months following the Japanese attack on Pearl Harbor comprised the darkest year of World War Two Despite government attempts to disguise the magnitude of American losses it was clear that the nation had suffered a nearly unbroken string of military setbacks in the Pacific by the autumn of 1942 government officials were openly acknowledging the possibility that the United States might lose the war Appeals for unity and declarations of support for the war effort made it appear as though the class hostilities and partisan animosities that had beset the United States for decades had suddenly disappeared Yet a deeply divided American society was splintering even further as conflicting interest groups sought to turn the wartime emergency to their own advantage Meanwhile blunders and repeated displays of incompetence by the Roosevelt administration added to the sense of anxiety and uncertainty that hung over the nation The Darkest Year focuses on Americans state of mind not only through what they said but in the day to day details of their behavior William K Klingaman delves into the social and cultural changes wrought by war including shifts in family roles race relations economic pursuits popular entertainment education and the arts

Cinematic Fictions David Seed,2012-01-01 The phrase cinematic fiction has now been generally accepted into critical discourse but is usually applied to post war novels This book asks a simple question given their fascination with the new medium of film did American novelists attempt to apply cinematic methods in their own writings From its very beginnings the cinema has played a special role in defining American culture Covering the period from the 1910s up to the Second World War Cinematic Fictions offers new insights into classics like The Great Gatsby and The Grapes of Wrath discussing major writers critical writings on film and active participation in film making Cinematic Fictions is also careful not to portray cinema as a single or stable entity Some novelists drew on silent film others looked to the Russian theorists for inspiration and yet others turned to continental film makers rather than to Hollywood Film itself was constantly evolving during the first decades of the twentieth century and the writers discussed here engaged in a kind of dialogue with the new medium selectively pursuing strategies of montage limited point of view and scenic composition towards their different ends Contrasting a diverse range of cinematic and literary movements this will be compulsory reading for scholars of American literature and film

Will Cuppy, American Satirist Wes D. Gehring,2013-10-30 Back in the golden age of humor books late 1920s early 1950s when wits of the pantheon like Robert Benchley James Thurber and S J Perelman were producing their signature works there was another singular satirist who more than held his own with such fast company Will Cuppy 1884 1949 This factual funnyman s metier is dark comedy that flirts with nihilism His agenda is baldly stated in such classic Cuppy book titles as *How to Be a Hermit* 1929 *How to Tell Your Friends from the Apes* 1931 and *The Decline and Fall of Practically Everybody* 1950 This biography doubles as a critical study of a satirist whose shish kebabing of humanity was often done through the veiled anthropomorphic use of animals For a biographer Will Cuppy represents a treasure trove of possibilities He was a great humorist and most of his best work is still in print but until now he has never been the subject of a book length study His mesmerizingly complex and eccentric private life almost trumps the comic accomplishments of his public persona

Life at the Marmont Raymond Sarlot,Fred E. Basten,2013-04-30 Raymond Sarlot bought the Chateau Marmont in 1975 but what was originally a

business purchase became a love affair as he delved into the hotel's incredible history. From its perch overlooking the Sunset Strip, the glamorous Marmont reigned for decades as the spot for artists, writers, musicians, and actors of every stripe and remains a home away from home for A-listers like Scarlett Johansson and Johnny Depp. Here Sarlot and co-author Fred E. Basten share a wealth of scandalous and intriguing tales about them all, from the stars of Hollywood's Golden Era like Jean Harlow and Grace Kelly to idols of the sixties and seventies like Jim Morrison and John Belushi, who tragically died there in 1982. Whether your obsession is Hollywood history or celebrity gossip, *Life at the Marmont* has plenty of gripping, juicy stories to fascinate.

All-Stars and Movie Stars Ron Briley, Michael K. Schoenecke, Deborah A. Carmichael, 2021-05-11 Sports films are popular forms of entertainment around the world, but beyond simply amusing audiences, they also reveal much about class, race, gender, sexuality, and national identity. In *All Stars and Movie Stars*, Ron Briley, Michael K. Schoenecke, and Deborah A. Carmichael explore the interplay between sports films and critical aspects of our culture, examining them as both historical artifacts and building blocks of ideologies, values, and stereotypes. The book covers not only Hollywood hits such as *Field of Dreams* and *Miracle*, but also documentaries such as *The Journey of the African American Athlete* and international cinema such as the German film *The Miracle of Bern*. The book also explores television coverage of sports, commenting on the relationship of media to golf and offering a new perspective on the culture and politics behind the depictions of the world's most popular pastimes. The first part of the book addresses how sports films represent the cultural events, patterns, and movements of the times in which they were set, as well as the effect of the media and athletic industry on the athletes themselves. Latham Hunter examines how the baseball classic *The Natural* reflects traditional ideas about gender, heroism, and nation, and Harper Cossar addresses how the production methods used in televised golf affect viewers. The second section deals with issues such as the growth of women's involvement in athletics, sexual preference in the sports world, and the ever-present question of race, by looking at sports classics such as *Rocky*, *Hoosiers*, and *A League of Their Own*. Finally, the authors address the historical and present-day role sports play in the international and political arena by examining such films as *Visions of Eight* and *The Loneliness of the Long Distance Runner*. This important and unique collection illuminates the prominent role that sports play in society and how that role is reflected in film. Analysis of the depiction of sports in film and television provides a deeper understanding of the appeal that sports hold for people worldwide and of the forces behind the historic and cultural traditions linked to sports.

A Man of Letters V.S. Pritchett, 2011-10-28 V. S. Pritchett is widely and justly regarded not only as one of the finest short story writers of this century but as a critic and essayist of astonishing range, perception, and originality. Combining an unpretentious common sense with a rare genius for the illuminating insight into the familiar and the neglected alike, his criticism is all the more valuable in an age in which the study of literature has become increasingly arid and arcane, and unlike so many of his academic counterparts, V. S. Pritchett has always had a remarkable ability to epitomise a writer's work and convey his own enthusiasm for it within the compass of a short and eminently

accessible essay First published in 1985 *A Man of Letters* brings together a selection of his finest and most representative work from the past forty years ranging from Smollett and Peacock to Evelyn Waugh and Cyril Connolly from Henry James and Nathanael West to Stendhal and Proust from Nabokov and Machado de Assis to Manzoni and Dostoevsky This wise and sparkling collection is in itself a lasting tribute to one of the greatest Men of Letters of our time [The Quote Verifier](#) Ralph Keyes,2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last and Play it again Sam but more surprising ones such as Ain't I a woman and Golf is a good walk spoiled as well as the origins of popular sayings such as The opera ain't over till the fat lady sings No one washes a rented car and Make my day Keyes's in depth research routinely confounds widespread assumptions about who said what where and when Organized in easy to access dictionary form *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres such as Yogi Berra and Oscar Wilde famous last words and misremembered movie lines An invaluable resource for not just those with a professional need to quote accurately but anyone at all who is interested in the roots of words and phrases *The Quote Verifier* is not only a fascinating piece of literary sleuthing but also a great read
