Jules Boykoff

Lord Of The Rings Olympic Corruption And How To Buy Gold Medals:

The Olympic Games Kristine Toohey, 2007-11-08 This 2nd edition of a highly successful book published in 2000 provides a comprehensive critical analysis of the Olympic Games using a multi disciplinary social science approach This revised edition contains much new data relating to the Sydney 2000 Games and their aftermath and preparations for Athens 2004 and Beijing 2008 Games The book is broad ranging and independent in its coverage and includes the use of drugs sex testing accusations of power abuse among members of the IOC the Games as a stage for political protest media related controversies economic costs and benefits of the Games and historical conflicts between organizers and host communities **Owning the**

Olympics Monroe Price, Daniel Dayan, 2008-02-22 A major contribution to the study of global events in times of global media Owning the Olympics tests the possibilities and limits of the concept of media events by analyzing the mega event of the information age the Beijing Olympics A good read from cover to cover Guobin Yang Associate Professor Asian Middle Eastern Cultures Sociology Barnard College Columbia University From the moment they were announced the Beijing Games were a major media event and the focus of intense scrutiny and speculation In contrast to earlier such events however the Beijing Games are also unfolding in a newly volatile global media environment that is no longer monopolized by broadcast media The dramatic expansion of media outlets and the growth of mobile communications technology have changed the nature of media events making it significantly more difficult to regulate them or control their meaning This volatility is reflected in the multiple well publicized controversies characterizing the run up to Beijing 2008 According to many Western commentators the People s Republic of China seized the Olympics as an opportunity to reinvent itself as the New China a global leader in economics technology and environmental issues with an improving human rights record But China s maneuverings have also been hotly contested by diverse global voices including prominent human rights advocates all seeking to displace the official story of the Games Bringing together a distinguished group of scholars from Chinese studies human rights media studies law and other fields Owning the Olympics reveals how multiple entities including the Chinese Communist Party itself seek to influence and control the narratives through which the Beijing Games will be understood digitalculturebooks is an imprint of the University of Michigan Press and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society culture and scholarly communication Visit the website at www.digitalculture.org

The New Lords of the Rings Andrew Jennings, 1996 The world of modern Olympic sport is a secretive elite domain where decisions are taken behind closed doors where money is spent on creating a fabulous life style for a tiny circle of officials and funds destined for sport are siphoned away to offshore bank accounts This investigation of the hidden corruption behind the Olympic ideal reveals how Princess Anne s attempt to unseat the unpopular athletics supremo Primo Nibiollo was sabotaged by secret deals from within how bribes were paid to win gold medals for Korean boxers in the Seoul Olympics that Berlin s bid for the 2000 Olympics was so corrupt that the

State parliament set up an enquiry that millions of dollars are spent by bidding cities to woo those who decide where the games will be held when in fact often the decision has already been made and that the Olympic number two Korea's Dr Kim Un Yung is a trained killer and a former spy Securing and Sustaining the Olympic City Pete Fussey, Jon Coaffee, Dick Hobbs, 2016-04-01 Often seen as the host nation's largest ever logistical undertaking accommodating the Olympics and its attendant security infrastructure brings seismic changes to both the physical and social geography of its destination Since 1976 the defence of the spectacle has become the central feature of its planning one that has assumed even greater prominence following the bombing of the 1996 Atlanta Games and most importantly 9 11 Indeed the quintupled cost of securing the first post 9 11 summer Games in Athens demonstrates the considerable scale and complexity currently implicated in these operations Such costs are not only fiscal The Games stimulate a tidal wave of redevelopment ushering in new gentrified urban settings and an associated investment that may or may not soak through to the incumbent community Given the unusual step of developing London's Olympic Park in the heart of an existing urban milieu and the stated commitments to community development and legacy these constitute particularly acute issues for the 2012 Games In addition to sealing the Olympic Park from perceived threats 2012 security operations have also harnessed the administrative criminological staples of community safety and crime reduction to generate an ordered space in the surrounding areas Of central importance here are the issues of citizenship engagement and access in urban spaces redeveloped upon the themes of security and commerce Through analyzing the social and community impact of the 2012 Games and its security operation on East London this book concludes by considering the key debates as to whether utopian visions of legacy can be sustained given the demands of providing a global securitized event of the magnitude of the modern Olympics *Discourses of Olympism* D. Chatziefstathiou, I. Henry, 2012-07-30 This book evaluates the moral project of Olympism analyzing the changing value positions adopted in relation to the ideology of Olympism across the period from the 1890s to the present day The book also analyzes discourses of Olympism concerned with youth governance sport for development and international relations

For God, Country, and Coca-Cola Mark Pendergrast, 2013-05-14 For God Country and Coca Cola is the unauthorized history of the great American soft drink and the company that makes it From its origins as a patent medicine in Reconstruction Atlanta through its rise as the dominant consumer beverage of the American century the story of Coke is as unique tasty and effervescent as the drink itself With vivid portraits of the entrepreneurs who founded the company and of the colorful cast of hustlers swindlers ad men and con men who have made Coca Cola the most recognized trademark in the world this is business history at its best in fact The Real Thing *Olympic Aspirations* J. A. Mangan, Mark Dyreson, 2019-05-03 Olympic Aspirations Realised and Unrealised surveys more than a century of the Olympic Movement's promotion of Olympic ideals internationally The idea for Olympic Aspirations emerged at the world renowned annual Beijing Academic Forum just months after the city hosted the impressive 2008 Beijing Olympic Games One section of the Forum was

devoted to the impact of the Olympic Movement on China and on China's image in the world. The tone at times was too self-congratulatory for some present. The critical discussion that continued into late 2010 inspired this book. *Olympic Aspirations* is a companion volume to the well-received *Olympic Legacies: Intended and Unintended* and draws on expertise from academics in all parts of the world. Both volumes have a similar purpose to record Olympic ideals achieved but more importantly to stimulate reflection on those as yet unachieved. Both are constructive in approach, positive in tone and optimistic in attitude. *Olympic Aspirations* offers original and insightful arguments that address the actions the Olympic Movement has taken to improve the Games. It argues that these actions are as yet incomplete. In concert with *Olympic Legacies* it presents two sides of the same coin minted to advance the purity of the Olympic coinage. This book was originally published as a special issue of the *International Journal of the History of Sport*. [Watching the Olympics](#) John Peter Sugden, Alan Tomlinson, 2012. Explores the Olympic spectacle from the multi-media bidding process and the branding and imaging of the Games to security surveillance and control of the Olympic product across all of its levels. Contributors argue that the process of commercialization directed by the IOC itself has enabled audiences to interpret its traditional objects in non-reverential ways and to develop oppositional interpretations of Olympism. The Olympics have become multi-voiced and many-themed and the spectacle of the contemporary Games raises important questions about institutionalization, the doctrine of individualism, the advance of market capitalism, performance, consumption and the consolidation of global society. With particular focus on the London Games in 2012, the book casts a critical eye over the bidding process, Olympic finance, promises of legacy and development and the consequences of hosting the Games for the civil rights and liberties of those living in their shadow. From publisher description. **Playing as if the World Mattered** Gabriel Kuhn, 2015-06-01. The world of sports is often associated with commercialism, corruption and reckless competition. Liberals have objected to sport being used for political propaganda and leftists have decried its role in distracting the masses from the class struggle. Yet since the beginning of organized sports, athletes, fans and officials have tried to administer and play it in ways that strengthen rather than hinder progressive social change. From the workers' sports movement in the early twentieth century to the civil rights struggle transforming sports in the 1960s to the current global network of grassroots sports clubs, there has been a growing desire to include sports in the struggle for liberation and social justice. It is a struggle that has produced larger-than-life figures like Muhammad Ali and iconic images such as the Black Power salute by Tommie Smith and John Carlos at the 1968 Mexico Olympics. It is also a struggle that has seen sport fans in increasing number reclaiming the games they love from undemocratic associations, greedy owners and corporate interests. With the help of over a hundred full-color illustrations from posters and leaflets to paintings and photographs, *Playing as if the World Mattered* makes this history tangible. Extensive lists of resources including publications, films and websites will allow the reader to explore areas of interest further. Being the first illustrated history of its kind, *Playing as if the World Mattered* introduces an understanding of sports beyond

chauvinistic jingoism corporate media chat rooms and multi billion dollar business deals **Encyclopedia of Sports Management and Marketing** Linda E. Swayne, Mark Dodds, 2011-08-08 This four volume set introduces on the management side principles and procedures of economics budgeting and finance leadership governance communication business law and ethics and human resources practices all in the sports context On the marketing side this reference resource explores two broad streams marketing of sport and of sport related products promoting a particular team or selling team and sport related merchandise for example and using sports as a platform for marketing non sports products such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament Together these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today providing an invaluable print or online resource for student researchers *Power Games* Jules Boykoff, 2016-05-17 A timely no holds barred critical political history of the modern Olympic Games The Olympics have a checkered sometimes scandalous political history Jules Boykoff a former US Olympic team member takes readers from the event s nineteenth century origins through the Games flirtation with Fascism and into the contemporary era of corporate control Along the way he recounts vibrant alt Olympic movements such as the Workers Games and Women s Games of the 1920s and 1930s as well as athlete activists and political movements that stood up to challenge the Olympic machine *Bad Leadership* Barbara Kellerman, 2004 A provocative departure from conventional thinking *Bad Leadership* compels us to see leadership in its entirety Kellerman argues that the dark side of leadership from rigidity and callousness to corruption and cruelty is not an aberration Rather bad leadership is as ubiquitous as it is insidious and so must be more carefully examined and better understood Drawing on high profile contemporary examples from Mary Meeker to David Koresh Bill Clinton to Radovan Karadzic Al Dunlap to Leona Helmsley Kellerman explores seven primary types of bad leadership and dissects why and how leaders cross the line from good to bad The book also illuminates the critical role of followers revealing how they collaborate in and sometimes even cause bad leadership Daring and counterintuitive *Bad Leadership* makes clear that we need to face the dark side in order to become better leaders and followers ourselves **Punching Above their Weight** Sean McGoldrick, 2015-10-05 Ireland s amateur boxing story is one of blood sweat and tears and not just in the ring Ireland is one of the world s leading nations in the sport This is the inside story of a great tradition a story of physical prowess gritty determination devastating defeats sheer bad luck infamous he was robbed judging decisions and the ultimate goal of Olympic glory The boxers lives play out against a backdrop of the economic woes of the 1950s the Northern Ireland Troubles the fall of the Berlin Wall and the break up of the Soviet Union Sean McGoldrick shines a spotlight on Ireland s Medal Factory the sometimes contentious High Performance Unit which has nurtured Irish boxers on the road to winning seven Olympic medals *Punching Above Their Weight* captures the rollercoaster ride of such legendary boxers and coaches as John McNally Fred Tiedt Barry McGuigan Hugh Russell Billy Walsh Michael Carruth Zaur Antia Wayne McCullough Paddy Barnes Kenny Egan

Darren Sutherland John Joe Nevin and Katie Taylor among many others A countback of over seventy years of Ireland s sweet science

Transforming Classes Leo Panitch,Greg Albo,2014-12-22 For more than half a century the Socialist Register has brought together some of the sharpest thinkers from around the globe to address the pressing issues of our time Founded by Ralph Miliband and John Saville in London in 1964 SR continues their commitment to independent and thought provoking analysis free of dogma or sectarian positions Transforming Classes is a compendium of socialist thought today and a clarifying account of class struggle in the early twenty first century from China to the United States

Making Sense of Sports Ellis Cashmore,2010 This book looks at sport not just as recreation but as an integral part of contemporary culture with connections to industry commerce and politics It explores the history and theories of sport and touches on more controversial issues

Female Olympians Linda K. Fuller,2016-12-07 This book examines women s participation in the Olympic Games since they were allowed to be included in that global arena Using a holistic social scientific approach and emphasizing the rhetoric of sport mediatization Female Olympians reviews the literature relative to sexism racism and ageism before providing historical political economic and socio cultural perspectives such as the gendered language of Olympic reportage religious considerations women s bodies relative to their training for the Games drugs and doping and female Paralympians With numerous critical case studies never before assembled data and personal interviews with athletes this volume offers insights that both investigate and celebrate female Olympians successes

Sport Integrity Andy Harvey,Mike McNamee,2020-06-29 Sport Integrity examines sports integrity from a range of disciplinary perspectives that will help to enhance the reader s understanding of this burgeoning problematic in sports management Securing and promoting the integrity of sport has become one of the critical tasks for the governance and management of sport at professional elite and non elite levels Threats to the integrity of sport manifest themselves in an array of guises and include problems such as match fixing corruption and the poor governance and management of sport To reflect these diverse difficulties this volume brings together authors from different nationalities to examine specific problems from a range of disciplinary perspectives Together these contributors enhance the empirical and theoretical foundations of sports integrity and place ethical considerations at the heart of the discussions to improve the management of sport Sport Integrity will be of great interest to scholars and practitioners of sport management sport and ethics and sports governance The chapters were originally published as a special issue of the Journal of Global Sport Management

Sport Public Relations and Communication Maria Hopwood,James Skinner,Paul Kitchin,2012-05-23 An increasingly important element of sport business is the management of the myriad of relationships in which sport entities are involved It is the relationship management aspect of sport which is the unique focus of this book Sport Public Relations and Communication discusses and reformulates the principles of public relations and communications by demonstrating how they can be successfully applied in practice within a sports context Features include discussion customized to apply directly to sports management thoroughly exploring

the nuances of the field case studies used throughout the book to illustrate the practical application of theory discussion questions to help formulate and articulate defensible arguments in relation to public relations and communications strategies forging strong links between theory and practice examples used to draw from the authors extensive experience in North America the United Kingdom Europe and Australia and New Zealand providing a well rounded and global understanding of the field This is the first book to explore public relations and communications in the sports industry in a global context It brings together applicable strategies for the sport management or marketing student and provides a concise guide to how public relations and communications strategies and principles can be applied to sport management and marketing issues

Transforming Sport Thomas F. Carter, Daniel Burdsey, Mark Doidge, 2018-01-12 Sport sociology has a responsibility to engage critically with the accepted wisdom of those who govern and promote sport This challenging collection of international research is a clear call for enacting the transformation of sport The contributing authors argue that it is not enough to merely advocate for change Rather they insist that scholars need to take an active political stance when conducting research with the explicit purpose of attempting to transform the practices structures and the ways in which knowledge is produced about sport By exposing and challenging the power relations which perpetuate discrimination and inequality within sport it becomes possible to catalyse wider societal changes Drawing on a diversity of topics including sport for development and peace transnational feminism disability sport refugees and football activism FIFA the Olympics sports journalism and digital sports media this book makes a case for sport sociology as an agent of positive change in the hierarchies and institutional structures of contemporary sport *Transforming Sport Knowledges Practices Structures* provides valuable insights for all students and scholars interested in the sociology of sport and its transformative potential Sport for Development and Peace Simon Darnell, 2012-03-15 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com The role of sport in development initiatives has grown dramatically over the last five years now finding a place in the UN s millennium development goals In *Sport and Development for Peace* Simon Darnell outlines the most recent sociological research on the role of sport in development initiatives The book analyses the relationship between sport and international development and looks at what this reveals about socio political economy It addresses a gap in the literature by focusing on issues of politics power and culture particularly looking at volunteer experience mega sporting events and sporting celebrity in the context of development Darnell questions the belief that sport can offer a solution to enduring development issues Drawing on the latest empirical research the book is a thorough and timely analysis of the social and political implications of tying sport to development
