

The background of the poster is a dramatic, dark landscape. In the foreground, a dark, rocky path leads towards the horizon. On the left, there are dark, jagged mountains. In the center, a small, isolated tower with a glowing light on top stands on a hill. To the right, a large, dark, and somewhat ruined stone structure, possibly a fortress or a temple, is visible. The sky is filled with dark, swirling clouds, and a bright, fiery light source, likely a volcano, is visible in the distance on the right side, casting a glow over the scene.

Todd Solondz Julian Murphet, 2019-08-16 Films like Welcome to the Dollhouse and Happiness established Todd Solondz as independent cinema's premier satirist Blending a trademark black humor into atmospheres of grueling bleakness Solondz repeatedly takes moviegoers into a bland suburban

junk space peopled by the damaged the neglected and the depraved Julian Murphet appraises the career of the controversial if increasingly ignored indie film auteur Through close readings and a discussion with the director Murphet dissects how Solondz s themes and techniques serve stories laden with hot button topics like pedophilia rape and family and systemic cruelty Solondz s uncompromising return to the same motifs stylistic choices and characters reject any idea of aesthetic progression Instead he embraces an art of diminishing returns that satirizes the laws of valuation sustaining what we call cinema It also reflects both Solondz s declining box office fortunes and the changing economics of independent film in an era of financial contraction

Show Sold Separately Jonathan Gray,2010-01-01 Highlights the trailers merchandising and cultural conversations that shape our experiences of film and television It is virtually impossible to watch a movie or TV show without preconceived notions because of the hype that precedes them while a host of media extensions guarantees them a life long past their air dates An onslaught of information from print media trailers internet discussion merchandising podcasts and guerilla marketing we generally know something about upcoming movies and TV shows well before they are even released or aired The extras or paratexts that surround viewing experiences are far from peripheral shaping our understanding of them and informing our decisions about what to watch or not watch and even how to watch before we even sit down for a show Show Sold Separately gives critical attention to this ubiquitous but often overlooked phenomenon examining paratexts like DVD bonus materials for The Lord of the Rings spoilers for Lost the opening credits of The Simpsons Star Wars actions figures press reviews for Friday Night Lights the framing of Batman Begins the videogame of The Thing and the trailers for The Sweet Hereafter Plucking these extra materials from the wings and giving them the spotlight they deserve Jonathan Gray examines the world of film and television that exists before and after the show
