Johnson, Writing, and Memory Greg Clingham, 2002-09-05 This study demonstrates the importance of memory in Samuel Johnson's work Greg Clingham argues that this concept of memory is derived from the process of historical and creative writing it is embodied in works of literature and other cultural forms He examines Johnson's writing including his biographical writing as it intersects with eighteenth century thought on literature history fiction and law and its subsequent compatibility with and resistance to modern theory

Coleridge's Later Poetry Morton D. Paley, 1999 The poems that Coleridge wrote after his golden period are seldom studied or anthologized Yet many of these later poems are of quality and interest addressing such universal themes as the nature of self and the experience of unrequited love Paley examines the later verse in the context of Coleridge's oeuvre He discusses its distinguishing characteristics and looks at why the poet felt he had to develop distinctively different modes of writing for these works

Heaven in Ordinary David Jasper, 2018-11-29 Heaven in Ordinary is like a love affair with poetry that engages with religious questions for good or ill concerned with five poets who are haunted by God Poets in times of great faith and times of doubt have expressed for us their sense of both the presence and the absence of God in language that is sometimes almost sacramental in its weight of beauty love fear anger or despair The poets considered here all relate in some way to the traditions of Anglicanism through the centuries reflecting both a common humanity and a wide breadth of human experience as it struggles with God Heaven in Ordinary is deliberately autobiographical in approach as it is grounded in David Jasper's own lifetime experience of reading poetry since his school years and over four decades as a priest The poets he so beautifully discusses have related both positively and negatively to the Christian faith and the Anglican tradition Some are deeply religious others are haunted by God and the divine mystery

Ecstasy and Understanding Adrian Grafe, 2008-04-03 This collection of research explores the interaction of religious awareness and literary expression in English poetry in the late nineteenth and twentieth centuries Many different types of poetics may be seen to be at work in the period 1875 to 2005 along with various kinds of religious awareness and poetic expression Religious experience has a crucial influence on literary language and the latter is renewed by religious culture The religious dimension has been a decisive factor of modern English poetic expression of the last hundred years or so The religious and mystical dimension of poetry of the period is borne out by the focus on among other things grace and purgation the tension between time and eternity redemption and the demands of eschatology immanence and transcendence and conversion and martyrdom Chapters also explore how church practice and ritual architecture and liturgy play into the poetry of the period This volume offers a comprehensive discussion of this important but often overlooked aspect of modern English poetry

Matthews, 2000-01-27 As both a late Romantic and a modern W B Yeats has proved to be perhaps the most influential poet of the early twentieth century In this original study Steven Matthews traces through close readings of significant poems the flow of Yeatsian influence across time and cultural space By engaging with the formalist criticism of Harold Bloom and Paul de Man in their dialogues with Jacques Derrida he also considers Yeats's significance as the founding presence within the major poetry criticism of the century

Narrative and Voice in Postwar Poetry Neil Roberts, 2014-05-12 Poetry in English since the Second World War has produced a number of highly original narrative works as diverse as Derek Walcott's *Omeros* Ted Hughes' *Gaudete* and Anne Stevenson's *Correspondences* At the same time poetry in general has been permeated by narrative features particularly those linguistic characteristics that Mikhail Bakhtin considered peculiar to the novel and which he termed dialogic This book examines the narrative and dialogic elements in the work of a range of poets from Britain America Ireland Australia and the Caribbean including poetry from the immediate postwar years to the contemporary and novel like narratives to personal lyrics Its unifying theme is the way in which these poets with such contrasting styles and from such varied backgrounds respond to and creatively adapt the language worlds and hence the social worlds in which they live The volume includes a detailed bibliography to assist students in further study and will be a valuable resource to undergraduate and postgraduate students of contemporary poetry

Jane Austen and the Morality of Conversation Bharat Tandon, 2003 This important study investigates how Austen worked with and played upon the cracks and faultlines which time had uncovered in the ideals of polite conversation In a wide ranging argument combining intellectual history and literary stylistics Bharat Tandon explores such activities as flirtation and ventriloquism in order to show how a form of conversational morality is what Austen's novels both describe and set out to achieve

Rhythm and Will in Victorian Poetry Matthew Campbell, 1999-04-22 In Rhythm and Will in Victorian Poetry first published in 1999 Matthew Campbell explores the work of four Victorian poets Tennyson Browning Hopkins and Hardy as they show a consistent and innovative concern with questions of human agency and will The Victorians saw the virtues attendant upon a strong will as central to themselves and to their culture and Victorian poetry strove to find an aesthetic form to represent this sense of the human will Through close study of the metre rhyme and rhythm of a wide range of poems including monologue lyric and elegy Campbell reveals how closely technical questions of poetics are related in the work of these poets to issues of psychology ethics and social change He goes on to discuss more general questions of poetics and the implications of the achievement of the Victorian poets in a wider context from Milton through Romanticism and into contemporary critical debate Poetry, Poets, Readers Peter Robinson, 2002 Poetry Poets Readers is a defence of poetry against the protective moves which claim that poets never lie because they never affirm or that their poems exist in a separate world These much reiterated manoeuvres for safe guarding poetry by banishing it from an active role in life can paradoxically go hand in hand with a poet's yearning for the authority of a legislator Through detailed considerations of poetry by Shakespeare Keats Yeats Auden Elizabeth Bishop and Paul Muldoon along with sustained meditations on question forms in poems the role of fact in fictions the nature of literary value speech acts and performative utterances issued by poets the book sets out a fresh model for relationships between poetry poets and readers one which allows the historical fact of poems having made things happen to be itself happening Peter Robinson himself an award winning poet explores what we do by imagining when we read or

write poems In describing how poetry poets and readers make things happen the poet offers us an invitation and implies a promise Taking up the one we find out how to keep the other **In Black and Gold** ,2022-06-08 In Black and Gold indicates that opposed styles of poetry reveal subterranean correspondences that occasionally meet and run together Austerity or tomfoolery are two of the many valid responses to the human condition that create the contiguous traditions that cannot help touching and reacting to each other The poetry discussed in this book deals with the relation of individuals to strange or to familiar landscapes and what this means to their own sense of displacement or rootedness with the use of history as an escape from or as a challenge to an apparently failing present and with the role of nationalism either as a refuge for angry frustration or as a weapon against the affronting world or as an ambivalent loyalty that needs to be scoured or as all three Here we find poetry as a means of discovering true or false allegiances and valid or invalid public and private identities poetry as a medium for exploring the uses of the demotic in confronting the breakdowns and injustices of modern democracy poetry as play in the midst of private and public woe poetry as a spiritual quest as a spiritual scourging as a wrestling with spiritual absences and poetry as an intermittent and sporadic commemoration of the triumphs and delights of epiphanic encounters with the physical world Why Write Poetry? Jeannine Johnson,2007 Poets have long been defending poetry in prose and essays by Sidney Shelley and others are a familiar and important part of the Anglo American literary tradition This book identifies and examines a related genre the verse defense of poetry which shares the same impulse that has led to the composition of prose essays namely the desire to protect poetry from its detractors and to promote its value as a vital human endeavor In the last century or so this impulse to engage questions of poetry s value in poems has become increasingly widespread and it has dominated the careers of at least five poets H D Wallace Stevens W H Auden Adrienne Rich and Geoffrey Hill Though these poets espouse very different aesthetic principles they like many of their contemporaries have repeatedly turned to apology in their verse At first glance this seems an odd gesture given that the readers and writers of poetry are those who least need convincing of poetry s worthiness But questioning poetry in verse is a form of lyric introspection that is productive and well suited for a modern poet characterized as one of indifference defense helps these authors make a claim for poetry s cultural relevance as well as for its private profit Jeannine Johnson is a Preceptor in Expository Writing at Harvard University *Romanticism: Romanticism, belief, and philosophy* Michael O'Neill,Mark Sandy,2006
