Lorenzo in search of the sun Eliot Gilbert Fay,1972 *Routledge Revivals: D.H. Lawrence (1983)* Thomas Jackson Rice,2018-02-01 Originally published in 1983 D H Lawrence is an annotated bibliographic collection of works by and about D H Lawrence Consisting of three parts the primary bibliography contains separate bibliographies of Lawrence s major publications of collection editions of his works of his letters and of concordances to his writings The secondary bibliography contains bibliographies of biographical and critical publications concerning Lawrence generally or his individual works Appendixes and Indexes include an extensive checklist of major foreign language publications concerning Lawrence and a useful topical and thematic subject index for the guide **Lake Garda** Nick Ceramella,2013-11-13 Comes over one an absolute necessity to move This opening sentence of *Sea and Sardinia* 1921 is strikingly telling about D H Lawrence s life which can be considered both literally and metaphorically as a journey to the sun In this respect as the title of our symposium Lake Garda Gateway to D H Lawrence s Voyage to the Sun suggests he began his life long quest in Gargnano in 1912 This eponymous book draws together the papers presented at the Gargnano Symposium in 2012 to commemorate the centenary of the writer s stay in that paradise 3 September 1912 11 April 1913 The focus of our event was on Lawrence s sun search and travelling two thought provoking multifaceted topics for a sparkling critical debate expanding outside canonic criticism into music and painting This collection in fact comes with a CD featuring 12 songs poems by Lawrence put to music for soprano and piano by the American composer William Neil It also includes the reproduction of seven paintings from *Via D H Lawrence* out of a sequence of 25 in which the German painter Sabine Frank follows the writer s footsteps in the Garda area The result is a unique and stimulating book combining literature music and painting Thus it provides an invaluable enrichment for all of us meant to inspire intellectual confrontation and circulation of ideas in the domain of Laurentian studies This is the sort of book that any Laurentian reading either for academic purposes or pleasure cannot possibly miss

Notions of Otherness Mark Axelrod-Sokolov,2019-04-30 One can approach the notion of otherness or alterity in various ways politically aesthetically ethically culturally religiously and sexually Writing in Saylor org Lilia Melani defined the other as an individual who is perceived by the group as not belonging as being different in some fundamental way Any stranger becomes the Other The Other in a society may have few or no legal rights may be characterized as less intelligent or as immoral and may even be regarded as sub human The collection of essays *Notions of Otherness* addresses many of these

approaches as ways of interrogating how varied yet how similar they are in relation to the individual literary texts **D. H. Lawrence** Paul Poplawski,1996-06-24 D H Lawrence remains one of the most popular and studied authors of the 20th century This book is a comprehensive but easy to use reference guide to Lawrence s life works and critical reception The volume has been systematically structured to convey a coherent overall sense of Lawrence s achievement and critical reputation but it is also designed to enable the reader who may be interested in only one aspect of Lawrence s career perhaps even in only one of his novels or stories to find relevant information quickly and easily without having to read other parts of the text The book begins with an original biography by John Worthen one of the world s foremost authorities on Lawrence s life and work The chapters that follow provide separate entries for all of Lawrence s works except for individual poems and paintings with critical summaries discussions of characters and details of settings There is also a complete overview of Lawrence and film with the most complete listing available of film adaptations of his works and of criticism relating to them Each section of the book provides comprehensive primary and secondary bibliographical data including citations for the most recent scholarly studies Maps and chronologies further trace Lawrence s travels and his development over time *Burning Man* Frances Wilson,2025-08-22 Shortlisted for the James Tait Black Prize An electrifying revelatory new biography of D H Lawrence with a focus on his difficult middle years Never trust the teller wrote D H Lawrence trust the tale Everyone who knew him told stories about Lawrence and Lawrence told stories about everyone he knew He also told stories about himself again and again a pioneer of autofiction no writer before Lawrence had made so permeable the border between life and literature In *Burning Man* The Trials of D H Lawrence acclaimed biographer Frances Wilson tells a new story about the author focusing on his decade of superhuman writing and travel between 1915 when *The Rainbow* was suppressed following an obscenity trial and 1925 when he was diagnosed with tuberculosis Taking after Lawrence s own literary model Dante and adopting the structure of *The Divine Comedy* *Burning Man* is a distinctly Lawrentian book one that pursues Lawrence around the globe and reflects his life of wild allegory Eschewing the confines of traditional biography it offers a triptych of lesser known episodes drawn from lesser known sources including tales of Lawrence as told by his friends in letters memoirs and diaries Focusing on three turning points in Lawrence s pilgrimage his crises in Cornwall Italy and New Mexico and three central adversaries his wife Frieda the writer Maurice Magnus and his patron Mabel Dodge Luhan Wilson uncovers a lesser known Lawrence both as a writer and as a man Strikingly original superbly researched and always revelatory *Burning Man* is a marvel of iconoclastic biography With flair and focus Wilson unleashes a distinct perspective on one of history s most beloved and infamous writers

A Bibliography of D. H. Lawrence Warren Roberts,Paul Poplawski,2001-04-19 This pre eminent bibliography for D H Lawrence was extensively revised updated and expanded by Paul Poplawski for publication in 2001 *Boarding the Ship of Death* Samuel A. Eisenstein,2018-11-05 No detailed description available for *Boarding the Ship of Death* **Revolution and Ideology** John A. Britton,2021-09-15 Mexico and the United States share a border of more than 2 000 miles and their

histories and interests have often intertwined The Mexican Revolution which began in 1910 and continued in one form or another for the next thirty years was keenly observed by U S citizens especially those directly involved in Mexico through property ownership investment missionary work tourism journalism and education It differed from many other revolutions in this century in that Marxist Leninist theory was only one of many radical and reformist influences Historian John A Britton examines contemporary accounts written by Americans commenting on social upheaval south of the border radical writers John Reed Anita Brenner and Carlton Beals novelists Katherine Anne Porter and D H Lawrence social critics Stuart Chase and Waldo Frank and banker diplomat Dwight Morrow to mention a few Their writings constitute a valuable body of information and opinion concerning a revolution that offers important parallels with liberation movements throughout the world today Britton s sources also shed light on the many contradictions and complexities inherent in the relationship between the United States and Mexico

Lawrence, Greene and Lowry Douglas W. Veitch, 2006-01-01 When writers go on journeys it is as often to explore the terra incognita of their own selves as to establish the identities of strange lands in the case of many English novelists between the great wars it was certainly true as Douglas Veitch remarks in the study I am introducing that their work even as it essayed the exotic cast an eye homeward and inward and that they roamed the world seeking surcease from a prevailing malaise which doubted the values of Western Civilization Mr Veitch has taken this vital element in the three novels *The Plumed Serpent* *The Power and the Glory* and *Under The Volcano* and has used it not merely to examine these works themselves but also to sketch out the ambivalent role which landscape plays in all fiction as omnipresent background but also as a rich source of symbols and images reflecting the human drama which a book develops He has as he more than once makes clear done more than read all the relevant literature he has himself travelled to Mexico in order to see and experience the extraordinary terrain and as I can vouch on the basis of my own knowledge of that infinitely attractive and repellent country he used his senses well while he was there from the Introduction by George Woodcock

Grazia Deledda's Painterly Aesthetic Angela Guiso, Virginia A. Picchiotti, 2025-02-15 Central to Grazia Deledda s narrative worlds are the relationships between her characters and the vast landscapes in which they move and act The writer translates and represents her characters her characters emotions and her natural and urban landscapes with a vocabulary that is often related to the visual arts However although her descriptions contain the gradations of Modernist painting beginning with Impressionism no book length study and with diverse perspectives has thus far investigated Deledda s relationship with the visual arts and the resulting painterly aesthetic of her multicolored narratives In this sense Grazia Deledda s Painterly Aesthetic provides an articulated literary panorama of Deledda s novels and short stories through a discourse that is situated between literature and pictorial art Inspired by these two cardinal points the analyses are undertaken by contributors who have a profound awareness of an epochal change and work in different disciplines One year from the centenary of her receipt of the Nobel Prize the contributors investigate the connections consonances and

differences between Grazia Deledda's oeuvre and other works inside this panorama to verify a possible unity of purpose. At the same time they seek to ascertain whether these connections can corroborate and exalt the choices that the Sardinian writer made to free herself from the constraints of a hostile environment. *Ladies Bountiful* William Garland Rogers, 1968

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07
More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries. **Carr, O'Keeffe, Kahlo** Sharyn Rohlfen Udall, 2000-01-01
Carr, a Canadian; O'Keeffe, an American; and Kahlo, a Mexican, were not close during their lives, but Udall, an independent art historian in Santa Fe, New Mexico, in this carefully reasoned and illuminating study effectively brings many aspects of the artists' works together to demonstrate a kind of zeitgeist they shared as women developing often surprisingly similar non-traditional themes in the 1920s. Links between their works are developed in the areas of nationalism, identity, gender, nature, and self through discussion of their paintings, psychology, and artistic influences.
