Losing Heart The Moral And Spiritual Mis Education Of Americas Children:

Losing Heart H. Svi Shapiro, 2006-08-15 In this book Svi Shapiro explores the ideological and attitudinal functions of schools looking especially at what is called the hidden curriculum He offers both an analysis of the role of education in producing and maintaining attitudes and values that contribute to our competitive socially unequal instrumental consumerist and self oriented culture and a radically different vision for what our schools should be about a vision that focuses on education s role in supporting a more critically reflective socially responsible and compassionate culture Federal and state legislation have propelled schools today in the direction of an increasingly test driven instrumental and individually competitive regime Under these legislative mandates schools are increasingly alienating and stressful places for both students and teachers Most disturbing is that this form of education is not conducive to providing young people with the capacity to cope with the moral cultural spiritual and political challenges of the world they inhabit More than only offering a critique of schools Shapiro proposes a counter vision that can lead to a different kind of culture and society and he discusses strategies for advocating and implementing it Written in a style that is very accessible to a wide range of readers *Losing Heart The Moral and Spiritual Miseducation of America s Children* is also carefully researched and draws on relevant theory to make a strong case This book speaks to a wide range of readers including academics and students in education sociology anthropology political science and cultural studies public school professionals and the general public interested in education It will appeal to faculty in schools of education who are looking for a text that offers both a critical language and one that speaks to possibility and change

understanding of the education reforms and research nexus offering possible strategies for the effective and pragmatic policy planning and implementation at the local regional and national levels It will serve as a vital sourcebook of ideas for researchers practitioners and policy makers in education Second International Handbook on Globalisation, Education and Policy Research Joseph Zajda,2015-01-06 This handbook presents a global overview of developments in education and policy change during the last decade It provides an accessible practical and comparative source of current research that examines the intersecting and diverse discourses of this important issue Divided into two parts the handbook first examines globalisation and education policy reforms including coverage of main trends as well as specific policy issues such as gender equity minorities and human rights Next the handbook offers a comparative perspective that evaluates the ambivalent and problematic relationship between globalisation the state and education reforms globally It features coverage on curricula issues and education reforms in schools around the world as well as the curriculum in the global culture Now more than ever there is a need to understand and analyse both the intended and the unintended effects of globalisation on economic competitiveness educational systems the state and relevant policy changes all as they affect individuals the higher education sector schools policy makers and powerful corporate organisations across the globe By examining some of the major education policy issues particularly in the light of recent shifts in education and policy research this handbook offers readers a comprehensive picture of the impact of globalisation on education policy and reforms It will serve as a vital sourcebook of ideas for researchers practitioners and policy makers in education **Lopsided Schools** Gerard Giordano,2011-01-16 Lopsided Schools introduces readers to the case method and helps the reader to use the case method to examine the scholastic challenges that critics posed from World War I to the present Some critics have stirred up educators with threats to reduce their budgets or fire them Others upset them with disconcerting questions Should parents demand that their children learn speed reading Should teachers emphasize vocational activities Should principals train their own successors Should superintendents award bonuses to teachers Should employers hire the graduates with the highest scores on standardized tests Should politicians assume greater responsibility for schooling Should journalists publicize information about lopsided schools This book examines these and the numerous other questions that critics posed *A Coherent Curriculum for Every Student* Edmund C. Short,2019-10-11 This book exhibits a collection of proposals for how school curriculum may be conceived designed and realized These proposals are drawn from writers both past and present who have presented some particular vision of what curriculum could be like for Pre K 12 schools and have sought to convince others to adopt their proposal for use in some actual school situation The proposals differ from one another in a variety of ways including in their purposes their contents and their perspectives and thus pose a wealth of options for consideration by those who are planning to change their school curriculum to something new and more suitable for their particular clientele Readers will need to weigh the appeal of various proposals presented here against criteria they have for locating an optimum

model for their particular situation The proposals selected for inclusion in this book address the whole of the curriculum all levels all subjects all age groups they deal with entire program change rather than with incidental changes in content program arrangements teaching approaches or other limited alterations This book is intended to be a useful resource for those responsible for making decisions in a particular school or school district or at a broader policy making level about what the entire curriculum should be and should include It draws attention to the work of many thoughtful persons who have dealt with the issue of what a coherent curriculum might be like and who in some instances have set up actual programs based on their ideas

The School Leader's Guide to Learner-Centered Education Barbara L. McCombs, Lynda Miller, 2009 The time is right and the need is profound for learner centered practices in schools McCombs and Miller describe the tools available and how a school can use them to make substantial changes that increase student performance Jean W Pierce Professor of Educational Psychology Northern Illinois University A new leadership paradigm for increasing collaboration and boosting achievement In today's educational environment school leaders must find new ways to create a positive school climate for staff and students while helping them meet rigorous testing and accountability requirements The School Leader's Guide to Learner Centered Education introduces a transformative leadership model for creating and sustaining a learner centered school environment Using core principles of educational psychology the authors examine how educators can support student growth development and achievement by focusing on key factors such as cognition metacognition motivation affect and individual differences Numerous reflective exercises assessment tools and real life success stories help readers Provide moral leadership for creating school change Incorporate learning standards without sacrificing student engagement Form learner centered support groups that utilize networking and technology Prepare students for the challenges of global citizenship Promote success for diverse populations and marginalized groups Designed to meet the needs of a rapidly evolving world this new leadership paradigm provides school principals superintendents and district leaders with the means to engage all members of the educational community in a lifelong process of growth improvement and empowerment

Examining Social Theory Daniel Ethan Chapman, 2010 This collection of essays introduces multiple social theories through discussions of ideas across national borders In each of the nine sections the first chapter introduces a theory in a context outside of the United States The second chapter then responds to the first by refocusing the discussion inside the United States It has long been understood that it is difficult to perceive one's own context as contingent on culture and history thus exploring social phenomena in a different context assists in perceiving the dynamics at play Ultimately though social theory should be used to analyze one's own environment and understand how class race gender sexuality religion etc inform one's own culture Examining Social Theory Crossing Borders Reflecting Back brings together diverse perspectives on similarities and differences across borders and cultures and provides a structure in which they juxtapose align contrast and reverberate the better for us to study discuss and understand
