Lost in the Funhouse (short Stories). John Barth,1969 **John Barth and Postmodernism** Berndt Clavier,2007 John Barth s eminence as a postmodernist is indisputable However much of the criticism dealing with his work is prompted by his own theories of exhaustion and subsequent replenishment leaving his writing relatively untouched by theories of postmodernism in general This book changes that by focusing on the relationship between Barth s aesthetic and the ideology critique of the historical avant gardes which were the first to mobilize art against itself and its institutional practices and demands Examining Barth s metafictional parodies in the light of theories of space and subjectivity Clavier engages the

question of ideology critique in postmodernism by offering the montage as a possible model for understanding Barth's fiction. In such a light postmodernism may well be perceived as a mimesis of reality particularly a recognition of the collective nature of self and the world.

Postmodernism in Pieces Matthew Mullins, 2016-07-01 Postmodernism in Pieces performs a postmortem on what is perhaps the most contested paradigm in literary studies. In the wake of a critical consensus proclaiming its death Matthew Mullins breaks postmodernism down into its most fundamental orthodoxies and reassembles it piece by piece in light of recent theoretical developments in Actor Network Theory object oriented philosophy new materialism and posthumanism. In the last two decades postmodernism has collapsed under the weight of the very phenomena it set out to deconstruct language whiteness masculinity class the academy. Recasting these categories as social constructs has done little to alleviate their material effects. Through detailed analyses of everyday objects in novels by Leslie Marmon Silko Toni Morrison Jonathan Lethem John Barth David Foster Wallace Don DeLillo and Julia Alvarez Mullins argues that what makes fiction postmodern is its refusal to accept social explanations for problems facing a given culture and its tendency instead to examine everyday things and people as constituent pieces of larger networks. The result is a new story of postmodernism one that reimagines postmodernism as a starting point for a new mode of literary history rather than a finish line for modernity.
