

The background of the slide is a photograph of a desk. On the left, there is a stack of three old, thick books with worn, light-colored covers. To the right of the books, there is a black and white photograph with a white border, showing a dark, textured surface. The overall lighting is soft and warm.

Suicide and Society in India Peter Mayer,2010-10-18 In India about 123 000 people take their own lives each year the second highest total in the world There is a suicide death in India almost every 4 minutes and it is the leading cause of death for rural Indians especially women in early adulthood This book presents a comprehensive analysis of suicide in India based on original research as well as existing studies and looks at the issue in an international sociological and historical context The author looks at the reliability of suicide data in India and goes on to discuss various factors relating to suicide including age gender education and marriage Among its findings the book exposes a hidden youth suicide crisis in India which is argued to be far more serious than the better known crisis of farmer suicides The book dispels many myths that are commonly associated with suicide and highlights a neglected public health problem Suicide in the region of Pondicherry is looked at in detail as well as in the Indian Diaspora This book is a useful contribution to South Asian Studies as well as studies in Mental Health and Sociology *Maria's Keepers* Sam Human,2024-02-01 Maria is a young woman raised as a

Jehovah s Witness in South Africa and this book documents her experiences of gender victimisation sexual abuse and cover ups within the church as well as her eventual escape from its doctrines and control Maria s freedom came at a price however she can never see her mother and sister again Entering the church is easy but leaving it can be a matter of life or death as Maria and countless others discovered **Priest Under Fire** Peter M. Sánchez,2015-12-09 Through interviews with David

Rodriguez and a good helping of critical historical context Sanchez illustrates the extent to which some religious leaders played pivotal roles in the popular movement of El Salvador s political crisis of the 1970s and 1980s **The Killing Fields: Harvest of Women** Diana Washington Valdez,2021-06-02 Explosive findings by a journalist s daring investigation into the

systematic murders of girls and women in Juarez Mexico *Solitary Pleasures* Paula Bennett,Vernon Rosario,2020-04-23 Solitary Pleasures is the first anthology to address masturbation exploring both the history and artistic representation of autoeroticism Masturbation today enjoys a highly equivocal and contradictory status among cultural discourses relating to sexuality On the one hand it is the subject of much popular treatment especially in sexual self help books advice columns and

in pop culture for example Madonna's Like a Virgin performance a recent Roseanne episode and David Russell's movie Spanking the Monkey On the other hand masturbation is still a taboo subject for most people in everyday conversation Perhaps more surprising it has been largely dismissed by academics as a trivial humorous topic and the history of a delusion It was not until the eighteenth century that onanism was portrayed as a morbid act of epidemic proportions that produced pox hair loss blindness insanity impotence and a horrible Its prevention and treatment warranted diverse and often cruel measures surveillance diets drugs corsets electrical alarms urethral cauterization clitoridectomy and labial sewing This literature's apocalyptic warnings about the personal and social morbidity of pollution by the hand are largely unknown to most people today but the ghostly echoes of these admonitions still inform and preserve the present taboo of the subject Why did this apparently innocuous activity become so overpoweringly stigmatized Why was the eradication of masturbation one of the most important goals of 19th century public hygiene Why even after the sexual revolution is masturbation still shrouded in shame
