Marine At War:

Marine at War Russell Davis, Russell G. Davis, Brent K. Ashabrunner, 1988-05-01 Recounts the World War II experiences of an average Marine who fought in two major campaigns in the Pacific The Silence of War Terry McGowan, Terrance Patrick McGowan, 2016 Terry McGowan was a beat cop a Marine captain and an FBI Special Agent before retiring at age fifty But after September 11th 2001 McGowan was in Iraq serving as a member of a team of high ranking retired and active duty military working for the highest level of Marine military intelligence McGowan's success in Iraq led to a position as a Law Enforcement Professional with the Marines in Afghanistan There he found himself the oldest member of a platoon on the front line a platoon that was understrength and under fire While an eighteen year old Marine can't look at a crowd of Afghans and pick out the guilty party McGowan's years of experience in law enforcement had developed his eye for the felony look His training as a Marine Officer combined with his experience as an FBI Agent made McGowan an asset as he struggled to keep up with young Marines while they humped over the mountains Here he recounts the many trials of his life of service providing an intimate glimpse into the horrible realities of modern military conflict The United States Marine Corps Paul Westermeyer, 2019-11-19 A concise overview of USMC history from an award winning author including photos and a timeline Educational and enjoyable Booklist Many think of the United States Marine Corps as a second land army and while it has been employed in that capacity it is foremost a naval expeditionary force able to seize secure and defend advanced naval bases in support of major campaigns The Corps dates back to the Revolutionary War but while they served in the conflicts of the nineteenth century they are famed for their part in the wars of the twentieth century On the Western Front in World War I they were blooded at Belleau Wood Between the wars the Corps developed amphibious tactics that were employed to great effect during the Pacific island campaigns during World War II including the infamous battles of Peleliu Iwo Jima and Okinawa The name of the Corps is forever entwined with the battles of Inchon and Chosin Reservoir in Korea and Hue and Khe Sanh in Vietnam The US Marines have continued their expeditionary role to this day undertaking not only combat operations but also peacekeeping peace enforcement humanitarian relief and short notification limited duration contingency operations This short history charts the evolution of the Corps as it has adapted to changing combat over two centuries

Marines at War Paolo G. Tripodi, Kelly Frushour, 2016 Marines at War provides an understanding of what the experience of going to war was like for the veterans of the Afghanistan and Iraqi wars The essays are written by several Marines and a U S Navy chaplain who deployed with Marines in combat Though combat is probably the most powerful experience of being at war many other aspects are also important when comprehending fully what going to war is like Thus several essays deal with the broader experience of being deployed to a war zone and not necessarily with combat Many published books provide an excellent understanding of combat this book provides insight on the impact war makes on individuals overall The essays in this book convey that going to war is a complex phenomenon that begins before troops even arrive in a war zone and lasts

well beyond the end of deployments Going to war makes an impact on individual servicemembers their immediate family and their larger military family their fellow Marines Provided by publisher *The U.S. Marines And Amphibious War* Jeter A. Isely, Dr. Philip A. Crowl, 2016-08-09 Not only a just appraisal of the campaigns waged by Marines in World War II it is a documentation of the Marine struggle to prove the feasibility of amphibious warfare Relentlessly accurate and impartial N Y Times Originally published in 1951 this book is a widely regarded classic on US Marine amphibious doctrine and operations employed in the Pacific during the Second World War The authors describe in detail the development of the theoretical aspects of amphibious assault in the inter war period but devote the vast majority of the narrative to the various landings and their core strategies using Japanese documents to sketch in the background of military decisions made by the enemy A must for those who wish to understand the American war against Japan *A Special Valor* Richard Wheeler, 2013-11-15 If the U S Marines gave birth to a legend in the halls of Montezuma in the nineteenth century they added glorious luster to it with their heroism and victories against the Japanese in World War II For this vivid foxhole view of the Marines war Richard Wheeler draws extensively on frontline eyewitness accounts of Marines and combat journalists and backs up their stories with official U S action reports and captured Japanese materials First published in 1983 the book has earned praise as a popular one volume history of all the battles fought by the Marine Corps in the Pacific campaign The book describes in fascinating and exciting detail the heroic defense of Wake Island against an overwhelming enemy assault force It traces the long bloody battle for Guadalcanal that brought the Marines their first victory and gave America and its allies control of the strategically important Soloman Islands It follows the painful island by island counterattack toward the Japanese homeland when the Marines created new legends at such places as Bougainville Saipan Tarawa Guam Iwo Jima and Okinawa Here are the remarkable exploits of the Marines holding off Japanese assault waves at Heartbreak Ridge storming across coral reefs and struggling up the slopes of Mount Suribachi to raise the Stars and Stripes Some sixty five photographs enhance the book which is now available in paperback for the first time **One Marine's War** Gerald A Meehl, 2012-05-15 One Marine's War recounts the experiences of Robert Sheeks a Marine combat interpreter and how he underwent a remarkable transformation as a consequence of his encounters with the Imperial Japanese Army Nisei Japanese American language instructors Japanese and Pacific Island native civilians and American Marines It is the first time the entire story of one Marine Corps combat interpreter has been told and it provides a unique insight into an aspect of the Pacific war that is not only fascinating history but also a compelling personal struggle to come to terms with a traumatic childhood and subsequent harrowing combat experiences The son of an American corporate executive Bob was born and raised in Shanghai until the family fled the impending Japanese occupation in the 1930s He was emotionally scarred by grisly atrocities he personally witnessed as the Japanese military terrorized the Chinese population during the Shanghai Incident in 1932 However his intense hatred for the Japanese military was gradually transformed into tolerance and then compassion He was recruited out of Harvard after the

Pearl Harbor attack to be a Japanese language interpreter in the Marine Corps When he encountered kind and considerate Japanese American Nisei instructors during the intensive course at the U S Navy Japanese Language School at the University of Colorado he began to re think his attitudes toward the Japanese Ultimately through an intriguing set of circumstances he developed an empathy for the Japanese enemy he formerly despised This began during the invasion of Tarawa where he was frustrated by the near impossibility of capturing Japanese combatants partly because there was no way to communicate with them in their bunkers where they fought to the death That led him to devise methods to use a combination of surrender leaflets and amplified voice appeals to convince the enemy to surrender As a consequence he personally ended up saving the lives of hundreds of Japanese civilians and military by being able to talk them out of caves during combat on Saipan and Tinian in 1944 He was able to find humanity in the midst of war For his efforts he was awarded the Bronze Star with a unique commendation certainly one of the few medals ever given to a Marine officer for saving the lives of the enemy

The Devil Dogs at Belleau Wood Dick Camp, 2008-04-15 Facing massed German machine guns the Marines made sweep after bloody sweep through Belleau Wood Repeatedly accosted by the retreating French and urged to turn back Captain Lloyd Williams of the 2nd Battalion 5th Marine Regiment uttered the now famous retort Retreat hell We just got here And indeed by the end of that terrible June of 1918 the Marines had broken the back of the Germans powerful spring offensive Their ferocity had earned them the nickname Teufelshunde Devil Dogs from their enemies it also won such admiration from their allies that the French government changed the name of Belleau Wood to Bois de la Brigade de Marine The Devil Dogs at Belleau Wood recreates the drama of the battle for Belleau Wood as it was experienced by those who were there Drawing on numerous firsthand accounts of the month long engagement the book captures the spirit of the Leathernecks in desperate battle It offers a harrowing look at a critical campaign in which as one soldier says men were being mowed down like wheat And amidst the carnage and cruelty it tells the very human story of camaraderie and courage that carried the day Rich with the personal insights and observations that bring history to life the book is illustrated with a great number of photographs many of which are rare and never before published
