Mercury The Astrological Anatomy Of A Planet:

Astrology of the Reformation Jürgen G. H. Hoppmann, 2024-12-21 In twelve chapters corresponding to the themes of the signs of the zodiac the author presents us with twelve different perspectives from which the topic of astrology at the time of the Reformation presents itself. It is the time of insane forecasts of the deluge, the time of huge political and religious upheavals. The Peasant Wars are the beginning of the end of feudal rule. With the Reformation Christianity experienced what is probably the most severe upheaval since its founding. Book printing and the founding of universities stand for the end of the Dark Middle Ages for a time when education and intellect will regain their rights although at the same time the darkest superstition is spreading although an inquisition begins its mass murders. A highly recommended read for all friends of astrology. Review of the German edition of Dr Rüdiger Plantiko
