Rogers,2011-09-21 For everything Yahweh has established the sworn enemy of our souls has a counterpart a counterfeit that looks tastes and smells so much like the real thing that it is difficult if not impossible to tell the difference Satan has counterfeited YHVH's design for healing Removing gallstones today is a fairly simple procedure with few complications however did you know that gallstones are a physical symptom of the spiritual problem of bitterness Wouldn't it make more sense to take care of the bitterness than to keep having gallstones removed We have been sold a bill of goods by a counterfeit system and we need to change that YHVH says I am your Healer Do you really believe it When was the last time you prayed healing over someone and expected it to happen Do you look for the cause of your headache or just pop an aspirin We do not see healing so we struggle to believe We are spiritual beings and healing is spiritual activity We do not battle against flesh and blood but against spiritual forces in heavenly places What would happen if believers stopped believing in lies if we stepped outside our comfort zones and really looked at this from a perspective of truth and facts His Healing Wings is a compilation of years of research

personal experience and spiritual growth in the area of healing From the first moments of trying to find answers to the uncovering of schemes deliberately designed to deceive author Sherri Rogers lays it all out in a way that is engaging and informative You may not agree with everything but it will make you think      **Look Back in Gender (Routledge Revivals)**

Micheline Wandor, 2014-07-11 In this challenging book first published in 1987 Micheline Wandor looks at the best known plays in the thirty years prior to publication from *Look Back in Anger* onwards Wandor investigates the representation of the family and different forms of sexuality in these plays and re reviews them from a perspective that throws into sharp relief the function of gender as an important determinant of plot setting and the portrayal of character Juxtaposing the period before 1968 when statutory censorship was still in force with the years following its abolition Wandor scrutinises the key plays of among others Osborne Pinter Wesker Arden and Delaney Each one is analysed in terms of its social context the influence of World War II the testing of gender roles the development of the Welfare State and changes in family patterns and the impact of feminist Left wing and gay politics Throughout the period two generations of playwrights and theatregoers transformed the theatre into a forum in which they could articulate and explore the interaction of their interpersonal relationships with the wider political sphere These changes are explored in this title which will allow readers to re evaluate their view of post war British drama
