Inventing the Israelite Maurice Samuels, 2009-12-07 In this book Maurice Samuels brings to light little known works of literature produced from 1830 to 1870 by the first generation of Jews born as French citizens These writers Samuels asserts used fiction as a laboratory to experiment with new forms of Jewish identity relevant to the modern world In their stories and novels they responded to the stereotypical depictions of Jews in French culture while creatively adapting the forms and genres of the French literary tradition They also offered innovative solutions to the central dilemmas of Jewish modernity in the French context including how to reconcile their identities as Jews with the universalizing demands of the French revolutionary tradition While their solutions ranged from complete assimilation to a modern brand of orthodoxy these writers collectively illustrate the creativity of a community in the face of unprecedented upheaval

Amour, Perversion Ou Juste Nature? Jacques Prince, 2012-05 Des centaines des milliers et possiblement des millions de personnes ont une peur terrible de la fin du monde et pourtant cette dernière a pour but de délivrer les enfants de Dieu des mains meurtries de la bête Si ces millions de personnes ont tellement peur c'est juste parce qu'ils ne connaissent pas la parole de Dieu la vérité Ou alors s'ils la connaissent et qu'ils ont peur c'est qu'ils ne sont pas les enfants de Dieu En lisant ce livre vous trouverez plusieurs réponses vos questions en plus de comprendre le pourquoi le quand et le comment la fin viendra Plusieurs personnes comme Jésus et Louis Riel sont mortes en essayant d'instruire le monde de toutes ces choses dont presque toutes les religions ont caché Je suis très conscient que c'est le risque que je prends moi aussi mais je préfère et de loin mourir sur le

 MacMaster,2006-09-28 The massacre of Algerian demonstrators by the Paris police on the night of 17 October 1961 is one of
 the most contested events in contemporary French history This book provides a multi layered investigation of the repression
 through a critical examination of newly opened archives oral sources the press and contemporary political movements and
 debates The roots of violence are traced back to counter insurgency techniques developed by the French military in North
 Africa and introduced into Paris to crush the independence movement among Algerian migrant workers The study shows how
 and why this event was rapidly expunged from public visibility in France but was kept alive by immigrant and militant
 minorities to resurface in a dramatic form after the 1980s Through this case study the authors explore both the dynamics of
 state terror as well as the complex memorial processes by which these events continue to inform and shape post colonial

Exiles, Travellers and Vagabonds ,2016-10-20 Travel writing migrant writing exile writing expatriate writing and even the fictional travelling protagonists that emerge in literary works from around the globe have historically tended to depict mobility as a masculine phenomenon The presence of such genres in women s writing however poses a rich and unique body of work This volume examines the texts of Francophone women who have experienced or reflected upon the experience of transnational movement Due to the particularity of their relationship to home and the consequent impact of this on their experience of displacement the study of women s mobility opens up new questions in our understanding of the movement from place to place and in our broader understanding of colonial and postcolonial worlds Addressing the proximities and overlaps that exist between the experiences of women exiles migrants expatriates and travellers the collected essays in this book seek to challenge the usefulness relevance or validity of such terms for conceptualising today s complex patterns of transnational mobility and the gendered identities produced therein

After Bataille Patrick Ffrench,2017-07-05 Author of the obscene narrative Story of the Eye and of works of heretical philosophy such as Inner Experience Georges Bataille 1897 1962 is one of the most powerful and secretly influential French thinkers of the last century His work is driven by a compulsion to communicate an

experience which exceeds the limits of communicative exchange and also constitutes a sustained focus on the nature of this compulsion After Bataille takes this sense of compulsion as its motive and traces it across different figures in Batailles thought from an obsession with the thematics and the event of sacrifice through the exposure of being and of the subject to the necessary relation to others in friendship and in community In each of these instances After Bataille is distinctive in staging a series of encounters between Bataille his contemporaries and critics and theorists who extend or engage with his legacy It thus offers a vital account of the place of Bataille in contemporary thought *Two Sketches of France, Belgium, and Spa, in Two Tours, During the Summers of 1771 and 1816; with a Portrait of Napoleon's Guide at Waterloo. By the Author Os «Letters from Paris, 1802-3»* Stephen Weston,1817 **Prester John: The Legend and its Sources** Keagan Brewer,2019-08-08 The legend of Prester John has received much scholarly attention over the last hundred years but never before have the sources been collected and coherently presented to readers This book now brings together a fully representative set of texts setting out the many and various sources from which we get our knowledge of the legend These texts spanning a time period from the Crusades to the Enlightenment are presented in their original languages and in English translation for many it is the first time they have been available in English The story of the mysterious oriental leader Prester John ruler of a land teeming with marvels who may come to the aid of Christians in the Levant held an intense grip on the medieval mind from the first references in twelfth century Crusader literature and into the early modern period But Prester John was a man of shifting identity being at different times and for different reasons associated with Chingis Khan and the Mongols with the Christian kingdom of Ethiopia with China Tibet South Africa and West Africa In order to orient the reader each of these iterations is explained in the comprehensive introduction and in the introductions to texts and sections The introduction also raises a thorny question not often considered whether or not medieval audiences believed in the reality of Prester John and the Prester John Letter The book is completed with three valuable appendices a list of all known references to Prester John in medieval and early modern sources a thorough description of the manuscript traditions of the all important Prester John Letter and a brief description of Prester John in the history of cartography *La bataille fantastique des roys Rodilardus et Croacus* François Rabelais,1867
