The Mysteries of London George W. M. Reynolds, 2020-12-17 *The Mysteries of London* is a penny blood classic. There are many plots in the story, but the overarching purpose is to reveal different facets of life in London, from its seedy underbelly to its over-indulgent and corrupt aristocrats. *The Mysteries of London* are considered to be among the seminal works of the Victorian urban mysteries genre, a style of sensational fiction which adapted elements of Gothic novels with their haunted castles, innocent noble damsels in distress, and nefarious villains to produce stories which instead emphasized the poverty, crime, and violence of a great metropolis complete with detailed and often sympathetic descriptions of the lives of lower-class lawbreakers and extensive glossaries of thieves' cant, all interwoven with a frank sexuality not usually found in popular fiction of the time.
