Jr. Chisholm,2009-07-01 Provides a thorough introduction to the Old Testament prophetic books considering their historical and social setting while surveying the important theological themes **Major Messages from Minor Prophets** Jeffrey A. Ingraham,2021-06-21 During the early part of 2019 our Sunday school lessons centered on the Old Testament prophets particularly the minor prophets It was a great challenge to understand their messages and the messages relevancy for our times It seemed as if there really were no significant differences in these books of prophecy as the minor prophets all seemed to be saying the same thing Of course there are differences in the messages and ministries of the minor prophets hence my attempt to show so My goal was to summarize the writings and ministries of the minor prophets and show their relevancy for today This I did through a series of sermons that were initially delivered in the Calvary Baptist Church during the winter of 2019 My goal was to make the teachings of the minor prophets understandable to every segment of our membership The approach was more inspirational than overly scholarly Each chapter of the book is provocatively titled and begins with a story or illustration that centers on that particular subject The intent was to reference something that the reader could relate to and see how the prophet addresses that matter Of course not every single detail of the prophet s message is included due to the constraints of time etc My hope is that the readers of this book will come to know God better and to have a relationship with him They will see that in spite of people s imperfections our God is perfect and faithful toward us The minor prophets challenge us to live faithfully for God To the extent I have been able to evoke this kind of response from my readers I give all glory and honor to God

The Social Message of the Prophets ... David Harold Hickey,1930 *The Message* Eugene H. Peterson,2000 Using everyday letter writing language Peterson brings new life to the seemingly distant prophets of the Old Testament Includes the Old Testament books between Isaiah and Malachi 592 pp *Message of the Prophets* Fredrick Reider,2017-11-20 What Is Man s Ultimate Goal on Earth At some point every person has the same questions about life on Earth Why are we here What can give more meaning to our lives What happens after death Message of the Prophets is an exploration of these questions from a spiritual perspective Beautifully written in language both poetic and focused this book presents conclusions drawn from science philosophy literature and many different faiths and disciplines but the reader will see that despite their diversity the great thinkers agree Concise compassionate and inspiring Message of the Prophets is the perfect guide for your spiritual journey **The Prophets of Israel and Their Message for To-day** George W. Thorn,1919 *Understanding the Prophets and Their Books* Vincent P. Branick,2012 In this book distinguished biblical scholar Vincent Branick introduces readers to the extraordinary message of the prophets always considered in the context of the historical events and culture of each book In an overview section the study begins with a glance at the phenomenon of prophecy both within and outside of

Israel and then outlines the steps needed for the reader to move from an understanding of the historical meaning intended by the authors and editors to hearing the message of the prophets addressed to us In chronological order this study introduces each prophetic book and then examines significant passages concluding with an identification of the major themes and the message of these themes for the modern reader Special attention is focused on the use of these prophetic texts by the New Testament The study recovers the vast complexity and inner conflicts found in these biblical books while gradually unfolding the view of God s love and vulnerability Detailed maps and illustrations assist the reader to follow geographical and historical references Appendices include Assyrian Babylonian and Persian texts detailed outlines of the biblical books and historical graphs
